The Proposed Fiscal Year 2023 Budget Builds on 3 Years of Progress:

- ✓ Recommends a Balanced Budget with a Healthy Surplus
- ✓ Pays Debts
- ✓ Saves for a Rainy Day
- ✓ Provides Tax Relief for Illinois Families
- ✓ Funds Programs to Help All Illinoisans

A Promise of Fiscal Responsibility

Embargoed until 12 Noon, Wednesday, February 2, 2022

Inherited Challenges

In 2019, Illinois was still recovering from the budget impasse:

- ✓ Eight Bond Rating Downgrades between 2015 - 2017
- ✓ Outstanding Accounts Payable and Interfund Borrowing totaling \$9.2 billion
- ✓ Empty “Rainy Day” Fund
- ✓ Hundreds of Millions in Unnecessary Interest Costs

2019 – 2021

- ✓ After a successful 2019, including balanced budget, passage of Rebuild Illinois, and initial progress made on reducing unpaid bills, COVID-19 in 2020 impacted everything.
- ✓ To preserve liquidity in 2020 and keep payments to providers timely, Illinois utilized:
 - ✓ Federal Reserve MLF borrowing (\$3.2 billion)
 - ✓ Interfund borrowing (\$300 million)
 - ✓ Treasurer Investment Borrowing (\$400 million)
- ✓ Illinois imposed reserves and limited operational spending
- ✓ State deployed state and federal financial assistance:
 - ✓ Small business grants
 - ✓ Healthcare Provider Assistance
 - ✓ Rental and Mortgage Assistance
 - ✓ Utility Shutoff Assistance
 - ✓ Child Care support
 - ✓ School districts

- ✓ In 2021, the economy began to rebound and State revenues began to recover.
- ✓ Directed surplus FY21 revenues towards debt repayment:
 - ✓ Paid off \$2.2B of the \$3.2B borrowed from MLF
 - ✓ Reduced unpaid bills by \$2.2B
- ✓ Passed a balanced, fiscally responsible FY22 budget plan
- ✓ The progress Illinois made was recognized by the credit rating agencies.
 - ✓ Moody's and Standard & Poor's upgraded the State's bond rating – the first Illinois upgrade in over 20 years!

FY22 Revised Budget Outlook

Economy Continues to Outperform Expectations

Base Revenue Forecasts - General Funds
(\$ in millions)

- CY21 economic performance was strong
 - >600K jobs recovered since the low point in April 2020
 - National GDP growth of 5.7% in 2021 at highest rate since 1984
 - Stock markets and corporate profits at high levels
 - Increased disposable personal income above pre-pandemic levels
- Higher than forecasted corporate tax payments due to timing of PA 102-0016 changes
 - Some dollars shifted from FY21 to FY22 and some dollars shifted from future into FY22
- With updated revenue forecast, FY22 on track to have a \$1.7 billion surplus
 - First time in over 25 years with back-to-back surpluses of this magnitude
 - Opportunity to use some one-time revenues towards restoring Illinois' fiscal house AND providing some relief to Illinoisans

Paying Debts Early and Reducing the Backlog

- ✓ **When revenues began to rebound in FY21, early repayment of the COVID borrowings was a priority**
 - ✓ As of January 26, 2022, all \$3.2 billion borrowed from MLF has been repaid and interfund borrowings on track to be repaid
 - ✓ Two-year early repayment of MLF borrowing saved taxpayers \$82 million
- ✓ **Identify funds to continue reducing unpaid bills**
 - ✓ As of January 31, 2022, Comptroller estimated Accounts Payable/borrowing totaled \$3.583 billion
 - ✓ Governor proposes a supplemental appropriation of \$898 million to eliminate the remaining delays in the state employee/retiree health insurance program
- ✓ **End of FY23 accounts payable estimate totals \$2.698 billion, a reduction of \$6.55 billion, a 70% reduction**
 - ✓ Remaining Accounts Payable includes primarily bills under 30 days and transfers to other state accounts
 - ✓ On average, less than what the State spends in a month

Accounts Payable and Outstanding Borrowing
(\$ in millions)

Restoring the Budget Stabilization Fund

Saving unanticipated revenues for a 'rainy day'

- ✓ The Budget Stabilization Fund, Illinois' 'rainy day' fund, was created in 2001 but little has been invested in the fund since its creation with the last new funds dedicated in 2004 – 18 years ago.
 - ✓ The balance of the fund was spent down during the impasse and held \$5.7 million at the end of FY21.
- ✓ Rainy Day Funds helped states weather the 2020 recession, but they are getting replenished
 - ✓ According to a Pew Trust 2021 report¹, states had a record \$82.3 billion available in rainy day funds, with Illinois' fund the smallest fund among the states.
- ✓ The Governor proposes allocating \$600 million in FY22 to the Budget Stabilization Fund and another \$200 million in FY23.
- ✓ The FY23 budget recommends retaining an ongoing portion of cannabis revenues (\$79 million) for the Budget Stabilization Fund.

Funding Our Obligations

Pension Liability Reductions

Pension Buyouts: \$1.4 billion

Additional \$500M contribution: \$1.8 billion

Total Savings: \$3.2 billion

- ✓ The FY23 budget proposal fully funds the certified contribution of \$9.6 billion from the General Funds.
- ✓ The FY23 budget proposal pledges an additional **\$500 million** on top of the certified contribution – which reduces liability by an estimated \$1.8 billion.
- ✓ First time since the 1994 plan was enacted that ongoing state revenues will provide additional contributions.
- ✓ Illinois is benefitting from reductions in its pension liabilities from the pension buyout program – so far reduced liability by an estimated \$1.4 billion.

College Illinois! Prepaid Tuition Plan Unfunded Liabilities

- ✓ According to 2021 actuarial reports, the program will be \$230 million short to pay for current contracts.
- ✓ Revised FY22 budget calls for contributing \$230 million to address the remaining unfunded liabilities.
- ✓ This one-time payment will save \$75 million over the remaining life of the program.

Fiscal Responsibility Results

By the end of Fiscal Year 2023 –

\$4 billion in Debt Paydown

- ✓ All COVID-related borrowing repaid
- ✓ All interfund borrowing repaid
- ✓ Pay off remaining \$900 million in delayed health insurance bills
- ✓ Additional \$392 million dedicated to other accounts payable
- ✓ Late payment interest greatly reduced
- ✓ \$500 million Pension Stabilization Fund contribution
- ✓ \$230 million dedicated to eliminating unfunded College Illinois! liabilities
- ✓ **PLUS \$879 million dedicated to replenishing Budget Stabilization Fund**

 A groundbreaking is planned for Spring 2022 for construction of Western Illinois University's new Performing Arts Center. The \$89 million project will include a 300-seat theater, 150-seat studio center, and performance support spaces. Rebuild Illinois has revived this project after it was stalled for decades.

The Houbolt Road bridge will link I-80 and the intermodal facilities in Will County that make up the country's largest inland port, home to thousands of jobs and \$75 billion in freight activity annually.

This project is a critical piece of the \$1.2 billion commitment to improve and modernize I-80 through Rebuild Illinois.

Key Investments Made Possible by Rebuild Illinois

The Open Space Lands Acquisition and Development (OSLAD) program at DNR provides financial assistance to local governments for acquisition and development of land for public parks and open spaces. Recently funded projects include Laramie Park, a \$400,000 project to renovate and improve the 2.46-acre park.

The fiscal year 2023 budget allocates \$56 million in new funding for the OSLAD program, twice the amount appropriated in fiscal year 2022. This funding level supports the largest investment in parks in the State's history.

\$1.2 billion in Capital Development Board-managed projects at State facilities have been released since the beginning of Rebuild Illinois. These projects range from smaller maintenance projects to multi-million-dollar, large-scale projects to provide new facilities.
