

SUPPLEMENT TO OFFICIAL STATEMENT DATED MAY 9, 2013

**\$300,000,000
STATE OF ILLINOIS**

**BUILD ILLINOIS BONDS
(Sales Tax Revenue Bonds),
Taxable Series of May 2013**

The Official Statement referenced above is hereby supplemented and amended by this Supplement to Official Statement dated May 23, 2013 (the "Supplement"), as described below.

On page 18, the third paragraph under the caption "DEBT SERVICE COVERAGE" is hereby deleted in its entirety and replaced with the following:

After the planned issuance of the Series of May 2013 Bonds, the State Share of Sales Tax Revenues for Fiscal Year 2012 would provide approximately 26.4 times the maximum Net Debt Service Requirement for all Outstanding Senior Bonds and approximately 21.7 times the maximum Net Debt Service Requirement for all Outstanding Senior and Junior Obligation Bonds.

Please affix this Supplement to the Official Statements that you have in your possession and forward this Supplement to any party to whom you delivered a copy of the Official Statement.

The date of this Supplement is May 23, 2013.

In the opinion of Mayer Brown LLP and The Hardwick Law Firm, LLC, Co-Bond Counsel, under existing law, interest on the Series of May 2013 Bonds is not excludable from gross income of the owners thereof for federal income tax purposes and interest on the Series of May 2013 Bonds is not exempt from present Illinois income taxes. See the heading “TAX MATTERS” herein for a more detailed discussion of some of the federal tax consequences of owning the Series of May 2013 Bonds.

\$300,000,000
STATE OF ILLINOIS
BUILD ILLINOIS BONDS
(Sales Tax Revenue Bonds),
Taxable Series of May 2013

Dated: Date of Issue

Due: As shown on the inside cover

The State of Illinois, Build Illinois Bonds (Sales Tax Revenue Bonds), Taxable Series of May 2013 (“Series of May 2013 Bonds”) are issuable only as fully registered, book-entry bonds in denominations of \$5,000 or any integral multiple thereof and, when issued, will be registered under a global book-entry system in the name of Cede & Co., as nominee of The Depository Trust Company (“DTC”). The Series of May 2013 Bonds will bear interest at the rates shown on the inside cover of this Official Statement. Interest on the Series of May 2013 Bonds will be payable December 15 and June 15 of each year, commencing December 15, 2013. Details of payment of the Series of May 2013 Bonds are described herein.

The Series of May 2013 Bonds are subject to redemption prior to maturity as set forth herein.

The Series of May 2013 Bonds are direct, limited obligations of the State payable solely from the tax revenues and other moneys pledged therefore, subject to certain prior payments required for the benefit of the Build Illinois Bonds (Sales Tax Revenue Bonds) of the State, as described herein. The Series of May 2013 Bonds are not general obligations of the State and are not secured by a pledge of the full faith and credit of the State. The holders of the Series of May 2013 Bonds may not require the levy or imposition of any taxes or the application of other State revenues or funds to the payment of the Series of May 2013 Bonds except for the tax revenues and other moneys pledged to such Bonds.

The Series of May 2013 Bonds are offered when, as and if issued and received by the purchaser, subject to the approval of legality by Mayer Brown LLP, Chicago, Illinois, and The Hardwick Law Firm, LLC, Chicago, Illinois, Co-Bond Counsel, and certain other conditions. It is expected that the Series of May 2013 Bonds will be available for delivery through the facilities of DTC in New York, New York on or about May 21, 2013.

SUMMARY OF OFFICIAL STATEMENT

THIS SUMMARY IS SUBJECT IN ALL RESPECTS TO MORE COMPLETE INFORMATION CONTAINED IN THIS OFFICIAL STATEMENT. THE OFFERING OF THE SERIES OF MAY 2013 BONDS TO ANY PERSON IS MADE ONLY BY MEANS OF THE ENTIRE OFFICIAL STATEMENT. CAPITALIZED TERMS NOT DEFINED HEREIN ARE DEFINED IN APPENDIX C.

THE OFFERING

The Issue	Offering of the State of Illinois through its Build Illinois program by competitive sale
The Issuer	The State of Illinois.
Build Illinois	The Build Illinois program, initiated in 1985, expands the State's overall efforts in economic development through the funding of projects for infrastructure, educational and vocational facilities, protection of the State's environment and natural resources, and the provision of incentives for business location and expansion in Illinois.
Securities	\$300,000,000 State of Illinois, Build Illinois Bonds (Sales Tax Revenue Bonds), Taxable Series of May 2013 (the "Series of May 2013 Bonds"). Dated the date of their original issue with delivery anticipated on May 21, 2013. The Offering is comprised of bonds maturing June 15 in each of the years 2014 through 2029, inclusive, 2032 and 2037.
Interest	Payable semi-annually on December 15 and June 15, commencing December 15, 2013.
Form of Bonds	The Series of May 2013 Bonds will be issued as fully registered, book-entry bonds in the denomination of \$5,000 or any integral multiple thereof. The Series of May 2013 Bonds will be registered in the name of Cede & Co., as nominee of The Depository Trust Company, New York, New York.
Use of Proceeds	The Series of May 2013 Bonds are being issued to finance certain of the State's capital projects, make a deposit to the Debt Service Reserve Fund and pay certain costs of issuance, as described herein. See "APPLICATION OF BOND PROCEEDS."
Optional Redemption	The Series of May 2013 Bonds are subject to redemption prior to maturity at the option of the State on any Business Day, in whole or in part, in integral multiples of \$5,000, at a redemption price equal to the Make-Whole Redemption Price. See "THE OFFERING—Optional Redemption."
Mandatory Redemption	The Series of May 2013 Bonds maturing on June 15, 2032 and June 15, 2037 are subject to mandatory sinking fund redemption prior to maturity as provided herein. See "THE OFFERING—Mandatory Sinking Fund Redemption."

Security for the Series of May 2013 Bonds

The Bonds (as herein defined and which include the Series of May 2013 Bonds), are direct limited obligations of the State, payable solely from and secured by an irrevocable, first priority lien on moneys on deposit in the Build Illinois Bond Retirement and Interest Fund, a separate fund in the State Treasury (“**Retirement and Interest Fund**”), and certain other moneys and securities held by the Trustee under the provisions of the Indenture. The State has pledged to the payment of the Bonds, the Revenues and all moneys and securities held or set aside or to be held or set aside by any Fiduciary under the Indenture. The State Share of Sales Tax Revenues constitutes the primary source of the moneys which are ultimately transferred from the Build Illinois Bond Account to the Retirement and Interest Fund for payment of debt service on the Bonds. The Bonds have a first and prior claim on these revenue sources until each monthly transfer is made to the Retirement and Interest Fund as required by the Act. The Bonds are not general obligations of the State and are not secured by the full faith and credit of the State. See “SECURITY FOR SERIES OF MAY 2013 BONDS.”

Other Revenues: Illinois Jobs Now! Bonds

Public Act 96-36 increased the authorization for the issuance of Bonds by \$810 million and provided that with respect to all Bonds issued pursuant to such increased authorization, required transfers to the Build Illinois Bond Retirement and Interest Fund are to be made, to the extent available, from amounts in the Capital Projects Fund, and if such amounts are insufficient, from the Build Illinois Bond Account. Subsequently, Public Act 96-1554 increased the authorization for the issuance of Bonds by \$1,088 million to its current level of \$5,703,509,000. See “SECURITY FOR THE SERIES OF MAY 2013 BONDS - Revenues.”

Irrevocable and Continuing Appropriation

The Act and the Indenture require the State to appropriate for each Fiscal Year an amount equal to the Required Bond Transfer for such Fiscal Year. The Act further provides that, in the event such appropriation is not made, the Act constitutes an irrevocable and continuing appropriation of such amount and constitutes the irrevocable and continuing authority and direction to the State Treasurer and Comptroller to make the necessary transfers and deposits, as directed by the Governor, and to make the payments as required by the Act. See “SECURITY FOR THE SERIES OF MAY 2013 BONDS - Pledge and State Covenant.”

Additional Senior Bonds

The maximum Net Debt Service Requirement on all Outstanding Senior Bonds and any proposed additional Senior Bonds may not exceed 5% of the State Share of Sales Tax Revenues for the then most recently completed Fiscal Year. As of the date of issuance of any Series of Senior Bonds, the State Share of Sales Tax Revenues for the then most recently completed Fiscal Year must provide not less than 20 times the maximum Net Debt Service Requirement for all Outstanding Senior Bonds and for such Series. See “SECURITY FOR THE SERIES OF MAY 2013 BONDS”- Issuance of Additional Bonds.”

Debt Service Reserve

The Indenture requires the State to certify before the issuance of any Senior Bonds that the Debt Service Reserve Requirement (equal to 50% of maximum Aggregate Debt Service) will be met within 24 months from the date of issuance of such Senior Bonds. This certification will be provided in connection with the issuance of the Series of MAY 2013 Bonds. As of the date of issuance of the Series of MAY 2013 Bonds, the Debt Service Reserve is fully funded with respect to all previously issued and outstanding Senior Bonds.

Taxability

In the opinion of Mayer Brown LLP and The Hardwick Law Firm, LLC, Co-Bond Counsel, under existing law, interest on the Series of May 2013 Bonds is includable in the gross income of the owners thereof for federal and Illinois income tax purposes. See the heading "TAX MATTERS" herein for a more detailed discussion of some of the federal tax consequences of owning the Series of May 2013 Bonds.

Ratings

Standard & Poor's Ratings Service ("S&P") has assigned a rating of "AAA" with a Stable Outlook to the Bonds and Fitch Ratings ("Fitch") has assigned a rating of "AA+" with a Stable Outlook to the Bonds. See "RATINGS."

Miscellaneous

**STATE OF ILLINOIS
BUILD ILLINOIS BONDS
(SALES TAX REVENUE BONDS),
TAXABLE SERIES OF MAY 2013**

INTRODUCTION

This Official Statement (which includes the appendices) provides certain information in connection with the issuance by the State of Illinois (“**State**”) of its State of Illinois Build Illinois Bonds (Sales Tax Revenue Bonds), Taxable Series of May 2013 (“**Series of May 2013 Bonds**”), in the aggregate principal amount of \$300,000,000*. The State is issuing the Series of May 2013 Bonds pursuant to “An Act to create the Build Illinois Bond Act and creating and amending various Acts in relation thereto”, as amended (30 ILCS 425/1 *et seq.*) (“**Act**”), and pursuant to the Master Trust Indenture entered into by and between the State and U.S. Bank National Association, Chicago, Illinois (as successor trustee to Continental Bank, National Association) as trustee, (“**Trustee**”), dated as of September 15, 1985, as amended and supplemented to date (“**Master Indenture**”), and the Forty-Ninth Supplemental Indenture, dated as of May 1, 2013, by and between the State and the Trustee with respect to the Series of May 2013 Bonds. The Master Indenture and the Forty-Ninth Supplemental Indenture are herein collectively called the “**Indenture**.” The Series of May 2013 Bonds are authorized by the Act and the Indenture to be issued by the State for the Build Illinois program.

The Series of May 2013 Bonds and all additional bonds previously and hereafter issued pursuant to the Act and the Indenture which are secured equally and ratably with the Series of May 2013 Bonds are herein called “**Senior Bonds**.” In June 2010, the State issued \$455,080,000 of its State of Illinois, Build Illinois Bonds (Sales Tax Revenue Bonds) Junior Obligation Series of June 2010 (the “**Series June 2010 Bonds**”), which represented the first issuance of Junior Obligations under the Indenture. The Series June 2010 Bonds and all additional bonds and certain other obligations hereinafter issued pursuant to the Act and the Indenture and designated as Junior Obligations under the Indenture are herein called “**Junior Obligations**.” All Senior Bonds, all Junior Obligations and all additional bonds and other obligations previously and hereafter issued pursuant to the Act and the Indenture are herein called “**Bonds**.” The Series of May 2013 Bonds will be the forty-eighth series of Senior Bonds and the forty-ninth series of Bonds issued under the Act. Prior to the issuance of the Series of May 2013 Bonds, \$2,732,117,468 of Bonds were outstanding on December 31, 2012. Other than the Series June 2010 Bonds, which are Junior Obligations, all Bonds previously issued are Senior Bonds. (For additional information on outstanding Bonds, see Appendix D).

The Indenture constitutes a contract between the State and the holders of all Bonds. Certain 1985 amendments to “An Act in relation to State Finance”, approved June 10, 1919, as amended (“**Finance Act**”), and to the laws imposing the State’s Sales Taxes (“**Sales Tax Acts**”) relating to the payment of and security for the Bonds are also included in the Act. All references to the Act and the Indenture are qualified in their entirety by reference to the complete texts thereof, copies of which are available from the State. All references to the Series of May 2013 Bonds are qualified in their entirety by reference to the definitive form thereof and the information with respect thereto contained in the Indenture.

Certain capitalized terms used in this Official Statement and the Indenture are defined in Appendix C and unless otherwise indicated shall have the respective meanings set forth therein.

THE STATE

The State of Illinois, with a population of approximately 12.9 million persons, is a state of diversified economic strength. Measured by per capita personal income, the State ranks second among the ten most populous states and sixteenth overall. (See Table A-8 included in Appendix A). The State ranks third among all states in total cash receipts from agriculture (see Table A-4 included in Appendix A), while also ranking among the top states in several measures of manufacturing. The City of Chicago serves as the transportation center of the Midwest and the

headquarters of many of the nation's major corporations and financial institutions. Certain additional information regarding the State, including economic, statistical and financial data, is included in Appendix A. Adverse changes in general economic conditions could impact the future rate of growth reflected in such data, including the growth and volume of retail sales and Sales Tax revenues, which are the primary security for the Bonds.

The State is formally organized according to executive, legislative and judicial functions. The Governor is the chief executive of the State and is generally responsible for the administration of the government exclusive of the offices of other constitutionally-elected officials. The other elected officials of the Executive Branch of the State include the Lieutenant Governor, the Attorney General, the Secretary of State, the Comptroller and the Treasurer. The Auditor General is a constitutional officer appointed and confirmed by the Senate.

The Illinois Constitution provides that all elected officials of the Executive Branch of the State government hold office for four-year terms. The State's current elected constitutional officers are Governor Pat Quinn, Lieutenant Governor Sheila Simon, Attorney General Lisa Madigan, Secretary of State Jesse White, Comptroller Judy Baar Topinka and Treasurer Dan Rutherford. Pursuant to the Illinois Constitution, these officials were elected at a general election in November 2010, and took office as of January 10, 2011. These elected constitutional officials are elected to serve a four-year term.

The legislative power of the State is vested in the General Assembly, which is composed of the Senate and the House of Representatives. Both the Senate and the House of Representatives meet in annual sessions to enact, amend or repeal laws and to adopt appropriation bills. Pursuant to Illinois law, the election of all members of the Senate and the House of Representatives was held in November 2012. Members of the House of Representatives were elected to serve two-year terms, while members of the Senate were elected to serve staggered four-year/six-year terms.

The judicial branch is composed of the Supreme Court, the Appellate Courts and the Circuit Courts. Pursuant to Illinois law, judicial elections were held in November 2012.

BUILD ILLINOIS

The Build Illinois program, created by the Act in 1985, expands the State's overall efforts in economic development through the funding of projects within the following categories:

- construction, reconstruction, modernization, and extension of the State's infrastructure;
- development and improvement of educational, scientific, technical and vocational programs and facilities and expansion of health and human services in the State;
- protection, preservation, restoration, and conservation of the State's environmental and natural resources; and
- provision of incentives for the location and expansion of businesses in Illinois resulting in increased employment.

Originally authorized as \$948 million in bonds and \$380 million from current tax revenues, the Build Illinois authorization has been adjusted several times to the current authorization level of \$5,704 million in Bonds.

The table below shows the statutory authorization for all Bonds (other than refunding Bonds) as of May 9, 2013, as adjusted for the Series of May 2013 Bonds.

*Prior to the May 2013 issuance.

In addition to the \$5,704 million of Bonds authorized under the Act for project financing, Bonds may be issued for the purpose of refunding or advance refunding any Bonds previously issued under the Act.

THE OFFERING

Description of the Series of May 2013 Bonds

The Series of May 2013 Bonds will be dated the date of their original issue and will bear interest from their date payable as described below semiannually on December 15 and June 15 of each year, commencing December 15, 2013 at the rates per annum specified by the successful bidder. Interest on the Series of May 2013 Bonds will be calculated on the basis of a three hundred sixty-day year consisting of twelve thirty-day months.

Purchases of the Series of May 2013 Bonds will be made in denominations of \$5,000 principal amount or any integral multiple thereof, and will be registered in the name of Cede & Co., as nominee of The Depository Trust Company, New York, New York (“**DTC**”). DTC will act as securities depository of the Series of May 2013 Bonds. Principal of, premium, if any, and interest on the Series of May 2013 Bonds will be paid by the Trustee to DTC or its nominee, which will in turn remit such payment to its participants for subsequent disbursement to the beneficial owners of the Series of May 2013 Bonds. (See APPENDIX E—Global Book-Entry System).

Optional Redemption

The Series of May 2013 Bonds are subject to redemption prior to maturity at the option of the State on any Business Day, in whole or in part, and if in part, selected as described under “—*Redemption Procedure*” below, in integral multiples of \$5,000, at a redemption price equal to the Make-Whole Redemption Price. The State shall retain an independent accounting firm or an independent financial advisor to determine the Make-Whole Redemption Price and perform all actions and make all calculations required to determine the Make-Whole Redemption Price. The Trustee and the State may conclusively rely on such accounting firm’s or financial advisor’s calculations in connection with and determination of the Make-Whole Redemption Price, and neither the Trustee nor the State will have any liability for their reliance. The determination of the Make-Whole Redemption Price by such accounting firm or financial advisor shall be conclusive and binding on the Trustee, the State and the owners of the Bonds.

The “Make-Whole Redemption Price” is the greater of (i) 100% of the principal amount of the Series of May 2013 Bonds to be redeemed or (ii) the sum of the present values of the remaining scheduled payments of principal and interest to the maturity date of the Series of May 2013 Bonds to be redeemed, not including any portion of those payments of interest accrued and unpaid as of the date on which the Series of May 2013 Bonds are to be redeemed, discounted to the date on which the Series of May 2013 Bonds are to be redeemed on a semi-annual basis, assuming a 360-day year consisting of twelve 30-day months, at the Treasury Rate (as defined below) plus 20 basis points and accrued and unpaid interest on the Series of May 2013 Bonds to be redeemed on the redemption date.

The “Treasury Rate” is, as of any redemption date, the yield to maturity as of such redemption date of United States Treasury securities with a constant maturity (as compiled and published in the most recent Federal Reserve Statistical Release H.15 (519) that has become publicly available at least two Business Days prior to the redemption date (excluding inflation indexed securities) (or, if such Statistical Release is no longer published, any publicly

available source of similar market data)) most nearly equal to the period from the redemption date to the maturity date of the Series of May 2013 Bonds to be redeemed; provided, however, that if the period from the redemption date to such maturity date is less than one year, the weekly average yield on actually traded United States Treasury securities adjusted to a constant maturity of one year will be used. For purposes of this calculation, a “Business Day” means any day other than a Saturday or Sunday or legal holiday or a day on which banking institutions in the State are authorized by law or executive order to close.

Mandatory Sinking Fund Redemption

The Series of May 2013 Bonds maturing on June 15, 2032 and June 15, 2037 (the “Term Bonds”) are subject to mandatory sinking fund redemption, in part and selected as described under “—*Redemption Procedure*” below, on June 15 of the years and at a redemption price of par plus accrued interest to the date of redemption in the respective principal amounts shown for such years in the tables below.

Series of May 2013 Bonds 2032 Term Bond

Year	Principal Amount To Be Redeemed
2030	\$12,500,000
2031	12,500,000
2032 (maturity)	12,500,000

Series of May 2013 Bonds 2037 Term Bond

Year	Principal Amount To Be Redeemed
2033	\$12,500,000
2034	12,500,000
2035	12,500,000
2036	12,500,000
2037 (maturity)	12,500,000

The Term Bonds shall be subject to mandatory sinking fund redemption from mandatory sinking fund payments that are required to be made in each designated year prior to maturity in amounts sufficient to redeem the principal amount of such Term Bond shown for such years in the above tables.

REDEMPTION PROCEDURE

The Series of May 2013 Bonds will be redeemed only in the principal amount of \$5,000 and integral multiples thereof. While the Series of May 2013 Bonds are registered in the Book-Entry Only System and so long as DTC or a successor securities depository is the sole registered owner of such Bonds, if less than all of the Series of May 2013 Bonds are to be redeemed prior to maturity, the State shall instruct DTC to provide for the pro-rata redemption following its procedures as a Pro-Rata Pass-Through Distribution of Principal or if DTC procedures do not allow for pro-rata pass-through distribution of principal, the Series of May 2013 Bonds to be redeemed shall be selected on a pro-rata basis; *provided* that, so long as such Series of May 2013 Bonds are registered in the Book-Entry Only System, the selection for redemption of such Series of May 2013 Bonds will be made in accordance with the

operational arrangements of DTC then in effect. See “APPENDIX E—BOOK-ENTRY SYSTEM AND GLOBAL CLEARANCE PROCEDURES.”

It is the State’s intent that redemption allocations of Series of May 2013 Bonds made by DTC be made on a pro-rata pass-through distribution of principal basis as described above. However, the State cannot provide any assurance that DTC, DTC’s Participants or any other intermediary will allocate the redemption of Series of May 2013 Bonds on such basis, nor will the State be responsible for any failure of DTC, DTC’s Participants or any other intermediary to do so. If the DTC operational arrangements do not allow for the redemption of Series of May 2013 Bonds on a pro-rata pass-through distribution of principal basis, then the Series of May 2013 Bonds to be redeemed will be selected for redemption on a pro-rata basis.

In connection with any repayment of principal of the Series of May 2013 Bonds, including payments of scheduled mandatory sinking fund payments, the Trustee, as bond registrar and paying agent for the Series of May 2013 Bonds (“Bond Registrar”) will direct DTC to make a pass-through distribution of principal to the holders of the Series of May 2013 Bonds.

For purposes of calculation of the “*pro rata pass-through distribution of principal*,” “*pro rata*” means, for any amount of principal or interest to be paid, the application of a fraction to such amounts where (a) the numerator of which is equal to the amount due to the respective registered owners on a payment date, and (b) the denominator of which is equal to the total original par amount of the Series of May 2013 Bonds of the maturity to be redeemed.

While the Series of May 2013 Bonds are not in book-entry only form, if less than all of the Series of May 2013 Bonds of a given maturity are called for prior redemption, the particular Series of May 2013 Bonds or portions of Series of May 2013 Bonds to be redeemed will be selected on a pro rata basis among the holders of the outstanding Series of May 2013 Bonds of such maturity by application of a fraction the numerator of which is the principal amount of Series of May 2013 Bonds of such maturity held by the holder and the denominator of which is the principal amount of all the Series of May 2013 Bonds of such maturity then outstanding; *provided, however*, that if for a holder of Series of May 2013 Bonds of such maturity the pro rata redemption will not result in a denomination of \$5,000 or an integral multiple thereof (the “*Uneven Amount*”), then the amount to be redeemed allocable to such Uneven Amount will be as determined by the State by direction to the Bond Registrar in any commercially reasonable manner, which may include allocating such additional redemptions by rounding to the nearest denomination of \$5,000 or by lot, or both.

Whenever any Term Bond is redeemed prior to maturity or purchased and cancelled by the State, the principal amount of such Term Bond so redeemed or cancelled shall be credited pro-rata against the unsatisfied balance of future sinking fund installments and final maturity amount established with respect to such Term Bond.

Notice of any redemption of Series of May 2013 Bonds will be sent by certified or first-class mail not less than thirty (30) nor more than sixty (60) days prior to the date fixed for redemption to the registered owner of each Series of May 2013 Bond (or portion thereof) to be redeemed at the address shown on the registration books of the State maintained by the Bond Registrar, or at such other address as is furnished in writing by such registered owner to the Bond Registrar. In addition to the notice described in the preceding sentence, the Bond Registrar shall notify the registered owners of the Series of May 2013 Bonds to be redeemed of the Make-Whole Redemption Price not later than the Business Day preceding the applicable redemption date.

Failure to give the notice of redemption required above as to any Series of May 2013 Bond, or any defect therein as to any Series of May 2013 Bond, will not affect the validity of the proceedings for the redemption of any other Series of May 2013 Bond. Any notice given as described above shall be conclusively presumed to have been given whether or not actually received by the appropriate addressee. With respect to an optional redemption of any Series of May 2013 Bonds, such notice may, at the option of the State, provide that said redemption is conditioned upon the receipt by the Bond Registrar on or prior to the date fixed for redemption of moneys sufficient to pay the applicable redemption price or Make-Whole Redemption Price, as appropriate. If such moneys are not so received by the redemption date, such redemption notice will be of no force and effect, the State will not redeem such Series of May 2013 Bonds, the applicable redemption price or Make-Whole Redemption Price, as appropriate, will not be due and payable and the Bond Registrar will give notice, in the same manner in which the notice of redemption was given, that such moneys were not so received and that such Series of May 2013 Bonds will not be redeemed. Unless

the notice of redemption is made conditional as described above, on or prior to any redemption date, the Treasurer shall provide for deposit with the Bond Registrar of an amount of money sufficient to pay the redemption price of all the Series of May 2013 Bonds or portions of Series of May 2013 Bonds which are to be redeemed on that date.

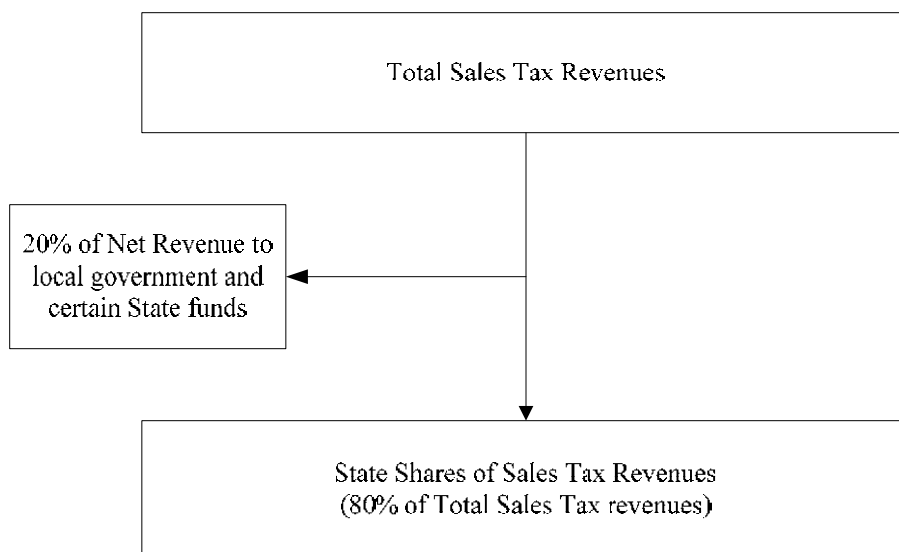

When notice of redemption and the redemption price have been given as hereinabove provided, the Series of May 2013 Bonds or portions of Series of May 2013 Bonds so to be redeemed shall on the date fixed for redemption become due and payable at the redemption price therein specified, and from and after such date, provided that funds are on deposit therefore, such Series of May 2013 Bonds or portions of Series of May 2013 Bonds shall cease to bear interest.

SECURITY FOR THE SERIES OF MAY 2013 BONDS

The Series of May 2013 Bonds are direct, limited obligations of the State payable solely from and secured by an irrevocable, first priority pledge of and lien on moneys on deposit in the Build Illinois Bond Retirement and Interest Fund, a separate fund in the State Treasury (“**Retirement and Interest Fund**”), and certain other moneys and securities held by the Trustee under the Indenture. Under the Act, the State has pledged to the payment of the Bonds, including the Series of May 2013 Bonds, the tax revenues and other moneys from whatever source which by law are required to be deposited into the Build Illinois Fund for the purposes of making the monthly transfers to and payments from the Retirement and Interest Fund as required by the Act (the “**Revenues**” as more specifically defined in Appendix C). Such pledge constitutes a first and prior claim against and charge on the Revenues. The State’s Sales Tax revenues constitute the primary source of payment of debt service on the Bonds, including the Series of May 2013 Bonds. As described below under “Revenues,” twenty percent of the Sales Tax receipts collected under the Sales Tax Acts are distributed to local governments and certain State funds and the remaining eighty percent of such receipts as collected are subject to a first and prior claim and charge in support of the Bonds until each monthly transfer to the Retirement and Interest Fund has been made as required by the Act. The “**State Share of Sales Tax Revenues**” include only the State’s 80 percent portion of total collected Sales Tax Revenues. The State Share of Sales Tax Revenues aggregated \$5,802 million for the first nine months of Fiscal Year 2013.

An amount equal to 1.75% of the State’s Share of Sales Tax Revenues was previously pledged to the payment of debt service on Metropolitan Fair (Pier) and Exposition Authority Dedicated State Tax Revenue Bonds, Series 1985, Series 1986 and Series 1986A, and Metropolitan Pier and Exposition Authority Dedicated State Tax Revenue Bonds, Series 1992, Series 1995, Series 1997 and Series 2002 (herein called “**McCormick Place Bonds**”) until the end of the Fiscal Year 2015. As of the date hereof, however, the McCormick Place Bonds have been retired in full and the 1.75% pledge has been terminated prior to the scheduled final maturity date of the McCormick Place Bonds. Accordingly, all of the State Share of Sales Tax Revenues will be available for payment of debt service on the Bonds. As a result, the required coverage ratio for the issuance of additional Senior Bonds changed from 19.65 times to 20 times and the required coverage ratio for the issuance of additional Junior Obligations changed from 10.03 times to 10.2 times (See “**Issuance of Additional Senior Bonds**” and “**Issuance of Additional Junior Obligations**” under this caption). The Senior Bonds are entitled to priority over other Bonds with respect to payment as set forth in the Indenture. Funds transferred to the Trustee from the Retirement and Interest Fund are required by the Indenture to be deposited first, to pay debt service on Senior Bonds, second, to pay Program Expenses, third, to remedy any deficiencies in the reserve fund maintained for the benefit of the Senior Bonds and then to pay debt service on Junior Obligations. See “**Indenture Flow of Funds**” under this caption.

The chart below demonstrates that portion of the Sales Tax Revenues available as the primary source of payment of debt service on the Bonds.

As hereinafter described in greater detail, the Act and the Indenture require that, on a monthly basis, an amount of Revenues, including the State Share of Sales Tax Revenues, equal to the greater of (a) 1/12 of 150 percent of an amount equal to the aggregate of the Aggregate Debt Service on Senior Bonds, Junior Annual Debt Service on Junior Obligations plus amounts required to be deposited into the funds and accounts established by the Indenture, less amounts representing capitalized interest (the “Certified Annual Debt Service Requirement”) or (b) the Tax Act Amount (but in any Fiscal Year not in excess of the greater of the Certified Annual Debt Service Requirement or the Tax Act Amount), be transferred to the Trustee for deposit into the Revenue Fund established by the Indenture. As described in greater detail under the caption “SUMMARY OF CERTAIN PROVISIONS OF THE INDENTURE – Disbursements from the Revenue Fund,” the Trustee is required to transfer amounts in the Revenue Fund to the funds and accounts shown below at the times and the amounts described under such caption.

Revenues

Sales Tax. The Sales Tax revenues (“**Sales Tax**” or “**Sales Taxes**”) consist of the receipts of four separate taxes imposed and collected by the State in connection with retail sales of certain tangible personal property and the transfer of tangible personal property incident to a sale of service. The four taxes are (i) the Retailer’s Occupation Tax imposed on persons engaged in the business of selling tangible personal property at retail within the State (this tax is the primary source of Sales Tax revenues); (ii) the Use Tax imposed on the privilege of using tangible personal property in the State; (iii) the Service Occupation Tax imposed on the cost of tangible personal property sold as an incident to service by persons engaged in the business of selling services in the State; and (iv) the Service Use Tax imposed on the privilege of using tangible personal property acquired incidental to a purchase of services. Only one of the four Sales Taxes listed above is imposed on each transaction subject to taxation. The Sales Tax is currently imposed (with certain exceptions) on the gross receipts from the retail sale or the cost price of tangible personal property transferred by the service person and is collected by the seller from the purchaser except that use taxes imposed on out-of-state purchases may be remitted directly to the State by purchasers. Sales Tax payments are collected by the Illinois Department of Revenue.

The Sales Tax Acts currently impose Sales Taxes at a unified State and local rate of 6.25 percent, consisting of a 5.0 percent State rate portion (representing 80 percent of collections) and a 1.25 percent local rate portion (representing 20 percent of collections). The State’s 80 percent portion (the State Share of Sales Tax Revenues) is included in the Revenues subject to a first and prior claim and charge for the payment of the Bonds.

Illinois Jobs Now! Legislation; Capital Projects Fund. In July 2009, legislation referred to as “Illinois Jobs Now! Legislation” was enacted into law. The Illinois Jobs Now! Legislation established a \$31 billion economic development plan known as Illinois Jobs Now! to be funded from a combination of State bonds and federal and local funds. As part of Illinois Jobs Now!, State funding is to be provided either on a pay-as-you-go basis or from the following sources to support a \$31 billion, multi-year capital program: increases in motor vehicles fees and fines;

increasing the rate of taxation on sales of “candy” and “grooming and hygiene products” from 1% to the general merchandise rate of 6.25%; expanding the definition of “soft drink” so beverages that were not previously considered soft drinks are now also taxed at the rate of 6.25%; increasing taxes on wine, spirits and certain beer products; licensing video gaming terminals; and imposing a tax on net income earned from video gaming; and making certain changes in the conduct of the Illinois Lottery designed to generate additional net income to the State.

The Illinois Jobs Now! Legislation also established the Capital Projects Fund as a separate fund in the State Treasury and provided that portions of the funds generated by the revenue sources described in the preceding paragraph be deposited in the Capital Projects Fund and used, subject to appropriation, only for capital projects and the payment of debt service on bonds issued for capital projects, which includes both the Bonds and the State’s General Obligation Bonds authorized to be paid from amounts in the Capital Projects Fund. All tax revenues and other moneys required by law to be deposited in the Capital Projects Fund shall be paid therein upon receipt. Public Act 96-36 increased the authorization for the issuance of Bonds by \$810 million and provided that with respect to all Bonds issued pursuant to such increased authorization, required transfers to the Retirement and Interest Fund are to be made to the extent available from amounts in the Capital Projects Fund, and if such amounts are insufficient, from the Build Illinois Bond Account. Subsequently, Public Act 96-1554 increased the authorization for the issuance of Bonds by \$1,088 million to its current level of \$5,703,509,000. The Series of May 2013 Bonds are being issued under increased authorization provided by the Illinois Jobs Now! Legislation.

Other Revenues. Amounts equal to 20 percent of the receipts from the 6.25 percent Use Tax and Service Use Tax and 100 percent of the receipts from a 1 percent local Use Tax and Service Use Tax on food and drugs are deposited monthly into the State and Local Sales Tax Reform Fund (“**Reform Fund**”) in the State Treasury. \$259.9 million and \$275.1 million was deposited in the Reform Fund for Fiscal Years 2011 and 2012, respectively and \$221.7 has been deposited for the first nine months of Fiscal Year 2013. Moneys deposited in the Reform Fund are expended or transferred for various State and local governmental purposes in specified percentages or amounts, including monthly transfers to the Build Illinois Fund for the purpose of making transfers to the Retirement and Interest Fund. The specified monthly transfers to the Build Illinois Fund (“**Reform Fund Amounts**”) began in Fiscal Year 1994 and continue through Fiscal Year 2025 at \$3.15 million.

The Reform Fund Amounts are collectively referred to herein as “**Other Revenues.**” There is no assurance that any of these Other Revenues will be available to pay debt service on the Bonds.

Build Illinois Fund

The Act creates the Build Illinois Fund which is a separate fund in the State Treasury. Pursuant to the Act and the Indenture, all tax revenues and other moneys required by law to be deposited in the Build Illinois Fund shall be paid therein upon receipt.

Pursuant to the Act and the Indenture, an amount not to exceed the “**Annual Specified Amount**” shall be credited to the Build Illinois Bond Account for any such Fiscal Year. The Annual Specified Amount is the greater of (i) an amount equal to 3.8 percent of the State Share of Sales Tax Revenues (“**Tax Act Amount**”) or (ii) the Certified Annual Debt Service Requirement (“**Transfer Amount**”). On a monthly basis, the greater of the Tax Act Amount or 1/12 of 150% of the Transfer Amount shall be deposited in the Build Illinois Bond Account. This effectively requires that at least 1/8 of 100% of the Transfer Amount be deposited each month so that the entire Transfer Amount is deposited during the first eight months in any Fiscal Year. In Fiscal Year 2012, the Tax Act Amount was \$291.6 million. The Fiscal Year 2013 Transfer Amount is \$342.1 million, consisting of \$290.8 million for Senior Bonds and \$51.3 million for Junior Bonds. The Annual Specified Amount for Fiscal Year 2014 will be the sum of (i) \$265.6 million for Senior Bonds, (ii) \$65.9 million for Junior Bonds, (iii) additional amounts to reflect the issuance of the Series of May 2013 Bonds (iv) and any adjustments to the Senior and Junior Bonds as a result of any refunding issuances. Pursuant to the Act and the Indenture, when additional Bonds are issued during any Fiscal Year, the Transfer Amount for such Fiscal Year shall be adjusted to reflect the issuance of such Bonds.

Moneys credited to the Build Illinois Bond Account are required to be transferred monthly to the Retirement and Interest Fund as described below. Moneys remaining credited to the Build Illinois Bond Account at the end of any month, after all required transfers have been made to the Retirement and Interest Fund, are required to be transferred to other funds of the State in accordance with the Act.

Retirement and Interest Fund

The Retirement and Interest Fund is a separate fund in the State Treasury. The Act and the Indenture provide that the Bonds are secured by an irrevocable, first priority pledge of and lien on moneys on deposit in the Retirement and Interest Fund.

In each Fiscal Year, the amount transferred to the Retirement and Interest Fund (“**Required Bond Transfer**”) is equal to the Annual Specified Amount described above. On a monthly basis, the Act and Indenture provide that on the last day of each month a transfer shall be made from the Build Illinois Fund to the Retirement and Interest Fund in an amount equal to the greater of (a) 1/12th of 150% of the Certified Annual Debt Service Requirement (The Transfer Amount described above) or (b) the Tax Act Amount deposited in the Build Illinois Bond Account during such month, plus any cumulative deficiency in such transfers and payments for prior months; provided that all of such transfers and payments for any such Fiscal Year shall not exceed the greater of (a) the Certified Annual Debt Service Requirement or (b) the Tax Act Amount. Transferring 1/12 of 150% effectively requires transferring at least 1/8 of 100% of the Transfer Amount each month so that the required amount is deposited during the first eight months of each Fiscal Year.

The Act provides that for each Fiscal Year, the State shall make an annual appropriation of an amount equal to the Required Bond Transfer. The Act further provides that it shall constitute an irrevocable and continuing appropriation of an amount equal to the Required Bond Transfer if for any reason the General Assembly fails to make such appropriation for any Fiscal Year. For the Fiscal Year 2013, the General Assembly has appropriated funds totaling \$384 million for this purpose. For the Fiscal Year 2014, the proposed appropriation is \$378 million. Appropriation amounts are based on debt service estimates for existing and anticipated issuances (including any refunding transactions, if planned). The actual amount of necessary debt service may vary from estimates. The proposed appropriation amount for Fiscal Year 2014 is expected to be in excess of the Annual Specified Amount for such year.

On the last day of each month, the Act and the Indenture require a transfer from the Build Illinois Fund to the Retirement and Interest Fund in the amounts described above. Further, the Act and Indenture require the State Treasurer and the Comptroller to make monthly payments of the amounts on deposit in the Retirement and Interest Fund on the last day of each month to the Trustee for deposit in the Revenue Fund. Finally, under the Indenture, on the first day of each month, the Trustee is required to apply the amount held in the Revenue Fund as described below under the caption “Indenture Flow of Funds.”

Balance in Build Illinois Fund

After making provision for the monthly payment to the Retirement and Interest Fund, the Act provides for monthly credits or transfers of specified amounts from the Build Illinois Fund to various State funds and for transfers of any balance in the Build Illinois Fund to the General Revenue Fund of the State.

Indenture Flow of Funds

The Indenture creates a Revenue Fund, a Debt Service Fund, a Program Expense Fund, a Debt Service Reserve Fund, a Junior Obligation Debt Service Fund and a General Reserve Fund and provides that on the first day of each month the Trustee shall deposit moneys received from the Retirement and Interest Fund into the Revenue Fund and shall promptly apply such moneys as follows:

- (a) **First**, to the Debt Service Fund, an amount equal to the monthly requirement for debt service on the Senior Bonds;
- (b) **Second**, to the Program Expense Fund, an amount equal to the monthly requirement for Program Expenses;

- (c) **Third**, to the Debt Service Reserve Fund, the amount, if any, needed to increase the amount in the Debt Service Reserve Fund so that it equals the Debt Service Reserve Fund Requirement with respect to the Senior Bonds;
- (d) **Fourth**, to the Junior Obligation Debt Service Fund, an amount equal to the amount required by any Supplemental Indentures or other instruments authorizing Junior Obligations; and
- (e) **Fifth**, to the General Reserve Fund, the balance remaining.

Program Expense Fund

The Program Expense Fund is established for the payment of expenses related to the Bonds payable by the State, including the fees and charges of the Trustee, costs of credit or liquidity enhancement arrangements, fees of indexing and remarketing agents and costs of arrangements to limit interest rate risk (“**Program Expenses**”). In Fiscal Year 2012, these expenses paid from this fund totaled \$57,500. For Fiscal Year 2013, these expenses are estimated to total approximately \$70,000. For Fiscal Year 2014, these expenses are estimated to not exceed \$170,000. The expected increase in Fiscal Year 2014 is, in part, due to periodic arbitrage calculations expected in Fiscal Year 2014.

Debt Service Reserve Fund

Pursuant to the Indenture, the Trustee has established a Debt Service Reserve Fund and is required to deposit moneys until there is an amount on deposit equal to 50 percent of the maximum Aggregate Debt Service on Senior Bonds for the current or any future Fiscal Year (“**Debt Service Reserve Fund Requirement**”). The Act and the Indenture permit the Debt Service Reserve Fund to be funded from either (i) Senior Bond proceeds or (ii) Revenues paid to the Trustee from the Retirement and Interest Fund. The Debt Service Reserve Fund is presently fully funded.

The Indenture requires the State to certify before the issuance of any Series of Senior Bonds that the Debt Service Reserve Fund Requirement, calculated immediately after the issuance of such Series, will be met within 24 months from the date of issuance of such Bonds. This certification will be provided in connection with the issuance of the Series of May 2013 Bonds. As of the date of issuance of the Series of May 2013 Bonds, the Debt Service Reserve is fully funded with respect to all previously issued and outstanding Senior Bonds. Junior Obligations, including the Series June 2010 Bonds, do not have a claim on the Debt Services Reserve Fund.

Issuance of Additional Senior Bonds

The Indenture permits the issuance of additional Senior Bonds, bearing interest at a fixed or variable rate, which would rank equally and ratably with the Series of May 2013 Bonds and other Outstanding Senior Bonds. Additional Senior Bonds may be issued for the purpose of financing projects provided that the following conditions, among others, are met:

- (1) The maximum Net Debt Service Requirement on all Outstanding Senior Bonds and proposed additional Senior Bonds for the current or any future Fiscal Year does not exceed 5 percent of the State Share of Sales Tax Revenues for the most recently completed Fiscal Year; and
- (2) The Director of the Governor’s Office of Management and Budget of the State (the “**Director**”) shall certify that the Debt Service Reserve Fund Requirement, calculated immediately after the issuance of such additional Senior Bonds, will be met within 24 months after the date of such issuance.

Additional Senior Bonds may be issued for the purpose of refunding Outstanding Senior Bonds provided that, among others, the following conditions are met:

- (1) Either (a) the maximum Net Debt Service Requirement on all Outstanding Senior Bonds and proposed additional Senior Bonds for the current or any future Fiscal Year does not exceed 5

percent of the State Share of Sales Tax Revenues for the most recently completed Fiscal Year; or (b) maximum Aggregate Debt Service for the then current or any future Fiscal Year will not increase as a result of such issuance; and

- (2) The Director shall certify that the Debt Service Reserve Requirement will be met within 24 months after the date of such issuance.

The limitations set forth in (1) above effectively require that on the date of issuance of any Series of Senior Bonds (other than Refunding Bonds that do not increase Aggregate Debt Service in any Fiscal Year), the State Share of Sales Tax Revenues for the then most recently completed Fiscal Year must provide not less than 20 times coverage of the maximum Net Debt Service Requirement for all Outstanding Senior Bonds and for such Series.

Issuance of Additional Junior Obligations

The Indenture permits the issuance of additional Junior Obligations, which would rank equally and ratably with the Outstanding Junior Obligations. Junior Obligations may be issued for the purpose of financing projects if the greatest amount of the aggregate of the Net Debt Service Requirement on all Outstanding Senior Bonds and the Junior Annual Debt Service on all Outstanding Junior Obligations and the proposed additional Junior Obligations, for the then current or any future Fiscal Year, will not exceed 9.8 percent of the State Share of Sales Tax Revenues received by the State for the most recently completed Fiscal Year.

Additional Junior Obligations may be issued for the purpose of refunding Outstanding Senior Bonds and Junior Obligations if either (1) the greatest amount of the aggregate of the Net Debt Service Requirement on all Outstanding Senior Bonds and the Junior Annual Debt Service on all Outstanding Junior Obligations and the proposed additional Junior Obligations, for the then current Fiscal Year or any future Fiscal Year, will not exceed 9.8 percent of the State Share of Sales Tax Revenues received by the State for the most recently completed Fiscal Year, or (2) the greatest amount of the aggregate of the Net Debt Service Requirement on all Outstanding Senior Bonds and the Junior Annual Debt Service for all Outstanding Junior Obligations and the Junior Obligations proposed to be issued, for the then current Fiscal Year or any future Fiscal Year, will not increase as a result of the issuance of such additional Series.

The limitations set forth above effectively require that, on the date of issuance of any Series of Junior Obligations (other than Refunding Bonds), the State Share of Sales Tax Revenues for the then most recently completed Fiscal Year must provide not less than 10.2 times coverage of the greatest amount in any Fiscal Year of the aggregate of the Net Debt Service Requirement for all Outstanding Senior Bonds and the Junior Annual Debt Service on all Outstanding Junior Obligations and for such Series.

The Indenture also permits the issuance of bonds and other obligations that are subordinated to any Outstanding Senior Bonds and Outstanding Junior Obligations.

Additional Limitations on Issuance of Additional Senior Bonds and Junior Obligations

The Act includes certain additional limitations on the issuance of additional Bonds, including a requirement that refunding Bonds may be offered for sale only if the net present value savings to be achieved by the issuance of the refunding Bonds is 3% or more of the principal amount of the refunding Bonds to be issued. These additional requirements may be amended or repealed by the Legislature.

Future Financings

The State continues to execute on its \$31 billion Illinois Jobs Now! capital program. As a result, the State will continue to issue bonds to finance capital expenditures, at such times and in such amounts as shall be determined by its capital investment program and subject to market conditions. To provide additional funds for the Illinois Jobs Now! capital program, the State anticipates, subject to market conditions, issuing in the second quarter of 2013 up to \$1 billion in additional General Obligation Bonds. In addition, the State anticipates, subject to market conditions,

issuing in the second quarter of 2013 approximately \$600 million of Build Illinois Bonds to refund outstanding Build Illinois Bonds.

Pledge and State Covenant

The Act and the Indenture require the State to appropriate for each Fiscal Year an amount equal to the Required Bond Transfer for such Fiscal Year. **The Act further provides that, in the event such appropriation is not made, the Act constitutes an irrevocable and continuing appropriation of such Required Bond Transfer and constitutes the irrevocable and continuing authority and direction to the State Treasurer and Comptroller to make the necessary transfers and deposits, as directed by the Governor, and to make the payments as required by the Act.**

Under the Act and the Indenture, the State irrevocably covenants and agrees with the Bondholders not to limit or alter (i) the basis on which taxes and revenues of the State are required to be collected and deposited in the Build Illinois Fund, credited to and transferred from the Build Illinois Bond Account, and transferred to the Retirement and Interest Fund, (ii) the purposes of the Retirement and Interest Fund or (iii) the provisions of specified sections of the Act, so as to impair, in any of the foregoing respects, the obligations of contract incurred by the State in favor of the holders of the Bonds.

Sales Tax Revenues

The following table shows the historical State Share of Sales Tax Revenues received by the State for each of the Fiscal Years ended June 30, 1999 through 2013 year to date (see “Revenues”), and the approximate distributions of those Sales Taxes into General Funds, other State funds, the Build Illinois Fund McCormick Place Bonds and Build Illinois Bond Account.

¹ State Share of Sales Tax Revenues is imposed at a rate of 5%.

² State Share Sales Tax Revenues for Fiscal Years 1999 through 2013 year to date are from the records of the Illinois Comptroller. These figures do not include Automobile Renting Tax.

³ Approximately 1.75% of the State Share of Sales Tax Revenues was distributed to the Build Illinois Fund McCormick Place Bonds, until July 1, 2012 when the bonds were paid in full.

⁴ Prior to July 1, 2012, this represented the State Share of Sales Tax Revenues available for the retirement and interest payments of Build Illinois Bonds after the 1.75% was distributed to the Build Illinois McCormick Place Bonds. The McCormick Place Bonds have been retired.

⁵ This represents the greater of (i) 3.8% of the State Share of Sales Tax Revenues or (ii) Certified Annual Debt Service distributed to the Build Illinois Bond Retirement and Interest Fund. This amount includes debt service for bonds issued under Illinois Jobs Now! authorization, which is paid from the Capital Projects Fund. If the Capital Projects Fund is insufficient, then the State Share of Sales Tax Revenues will make up for any deficiencies. In Fiscal Years 2010 through 2013, the Certified Annual Debt Service was the greater of items (i) and (ii) and was equal to the Required Bond Transfer.

⁶ These debt service coverage levels reflect the amount of Net State Share of Sales Tax Revenues, or the State Share of Sales Tax Revenues beginning in Fiscal Year 2013, for any given Fiscal Year divided by the debt service for that same Fiscal Year. These figures are not representative of the coverage levels required by the Additional Bonds Test. See “**Issuance of Additional Senior Bonds**” and “**Issuance of Additional Junior Obligations.**”

CERTAIN INVESTMENT CONSIDERATIONS

THE PURCHASE OF THE SERIES OF MAY 2013 BONDS IS SUBJECT TO CERTAIN RISKS. EACH PROSPECTIVE INVESTOR IN THE SERIES OF MAY 2013 BONDS IS ENCOURAGED TO READ THIS OFFICIAL STATEMENT IN ITS ENTIRETY. PARTICULAR ATTENTION SHOULD BE GIVEN TO THE CONSIDERATIONS DESCRIBED BELOW WHICH, AMONG OTHERS, COULD AFFECT THE PAYMENT OF THE PRINCIPAL OF AND INTEREST ON THE SERIES OF MAY 2013 BONDS, AND COULD ALSO AFFECT THE MARKET PRICE OF THE SERIES OF MAY 2013 BONDS TO AN EXTENT THAT CANNOT BE DETERMINED. THE FOLLOWING IS NOT A COMPLETE LIST OF THE INVESTMENT CONSIDERATIONS ASSOCIATED WITH THE PURCHASE OF THE SERIES OF MAY 2013 BONDS NOR DOES THE ORDER OF PRESENTATION NECESSARILY REFLECT THE RELATIVE IMPORTANCE OF THE VARIOUS CONSIDERATIONS.

Limited Obligations

The Bonds are limited obligations of the State, enforceable in accordance with their terms and payable from the Revenues and the other moneys, securities and funds pledged under the Act and the Indenture. The Bonds are not general obligations of the State and are not secured by a pledge of the full faith and credit of the State. The owners of the Bonds may not require the levy or imposition of any taxes or the application of State revenues or funds for the payment of the Bonds, except as provided in the Act and the Indenture.

Economic Factors

Due to the character of the taxes that comprise the Revenues, the amount of Revenues collected by the State will be subject to various economic factors. The amount of Sales Tax revenues is dependent upon the level of sales of certain tangible personal property and the transfer of tangible personal property incident to a sale of service. See "SECURITY FOR THE SERIES OF MAY 2013 BONDS - Revenues" for a description of such taxes. Therefore, changes in local, national and international economic conditions, the rates of employment and economic growth, the availability of consumer credit and the level of consumer spending, and the level of residential and commercial

development, among other things, will directly affect the amount of Revenues. Future Sales Tax receipts may fluctuate from historical levels and affect the level of debt service coverage provided by the Revenues for the Bonds. It is not possible to predict whether or to what extent any changes in economic conditions, demographic characteristics, population or commercial and industrial activity will occur, and what impact any such changes would have on such debt service coverage. Sales Taxes, however, would have to decline significantly to materially impact the level of coverage for the Bonds. As shown in the above table entitled “State Share of Sales Tax Revenues,” the “Net State Share of Sales Tax Revenues” has never been less than 23 times the applicable debt service in each of the last 15 years.

Sales Tax Not Collected on Certain Sales Over the Internet

The future level of taxable retail sales which occurs within the State may be affected by the future level of internet sales (also known as ecommerce). Under current law, the State imposes Sales Tax on economic transactions to the extent that the vendor maintains a physical presence within the State. Ecommerce vendors compete with local retail businesses and in the future could reduce the level of taxable retail sales which otherwise may occur within the State. Additionally, if this ecommerce is not treated, for sales and use tax purposes, comparably to, or if it displaces, the types of transactions for which sales and use taxes currently are collected, Sales Tax collections may be adversely affected. The use of the internet by consumers for their purchases is subject to various market factors as well as consumer behavior and preferences. The ultimate impact of internet sales on the level of taxable retail sales that occurs within the State cannot be determined at this time.

Future Changes in Laws

Various State laws and constitutional provisions apply to the imposition and collection of the Revenues. The Illinois General Assembly has the authority to amend the provisions of State laws governing the Sales Taxes. Changes to the tax base and exemptions could adversely affect the amount of Sales Tax revenues received by the State. Under the Act and the Indenture, however, the State has irrevocably covenanted and agreed with the Bondholders not to limit or alter (i) the basis on which taxes and revenues of the State are required to be collected and deposited in the Build Illinois Fund, credited to and transferred from the Build Illinois Bond Account, and transferred to the Retirement and Interest Fund, (ii) the purposes of the Retirement and Interest Fund or (iii) the provisions of specified sections of the Act, so as to impair, in any of the foregoing respects, the obligations of contract incurred by the State in favor of the holders of the Bonds.

Issuance of Additional Senior Bonds

The Series of May 2013 Bonds are “Senior Bonds” as defined and referred to in the Indenture. Under the terms of the Indenture, the State has issued various series of Senior Bonds that are currently outstanding and may authorize and issue additional series of Senior Bonds for the purposes and upon the terms and conditions prescribed in the Indenture. All Senior Bonds are equally entitled to the benefit and security of the Indenture, including the pledge of the Revenues. The State has the right to issue additional Senior Bonds payable from the Revenues and secured by a lien on the Revenues on a parity with the lien of the Series of May 2013 Bonds; however, specific conditions and requirements which are set forth in an additional bonds test must be met by the State prior to the issuance of such Additional Senior Bonds. See “SECURITY FOR THE SERIES OF MAY 2013 BONDS”- Issuance of Additional Senior Bonds.” The issuance of Additional Senior Bonds (to the extent issued for purposes other than the refunding of Outstanding Senior Bonds) would dilute the security for the Series of May 2013 Bonds and, in the event of a decline in the Revenues, could affect the level of debt service coverage provided by the Revenues for the Series of May 2013 Bonds.

Enforceability of Bondholders’ Remedies Upon Default

In the event of a default in the payment of principal of or interest on the Bonds, there is no provision for acceleration of maturity of the principal of the Bonds. Consequently, remedies available to registered owners and Beneficial Owners of the Bonds may have to be enforced from year to year. The Trustee will have the right to exercise the remedies provided in the Indenture. See “SUMMARY OF CERTAIN PROVISIONS OF THE INDENTURE – Default and Remedies.”

The Act provides that if the State fails to pay the principal of or interest on any of the Bonds or premium, if any, as the same become due, a civil action to compel payment may be instituted in the Supreme Court of Illinois as a court of original jurisdiction by the holder or holders of the Bonds on which such default of payment exists or by the Trustee. Delivery of a summons and a copy of the complaint to the Attorney General shall constitute sufficient service to give the Supreme Court of Illinois jurisdiction of the subject matter of such a suit and jurisdiction over the State and its officers named as defendants for the purpose of compelling such payment. If the Supreme Court of Illinois denies the holder or holders of Bonds or the Trustee acting on their behalf leave to file an original action in the Supreme Court, the Bond holder or holders or the Trustee may bring the action in the Circuit Court of Sangamon County.

DEBT SERVICE COVERAGE

The State Share of Sales Tax Revenues constitutes the primary source of deposits to the Retirement and Interest Fund. The Act provides that the State Share of Sales Tax Revenues are subject to a first and prior claim and charge in support of the Bonds until each monthly transfer is made to the Retirement and Interest Fund as required by the Act.

The State Share of Sales Tax Revenues for Fiscal Year 2012 was \$7,673.5 million, which amount was approximately 26.4 times the maximum Net Debt Service Requirement for all Outstanding Senior Bonds (prior to the May 2013 planned issuance) and 22.4 times the maximum Net Debt Service Requirement for all Outstanding Senior and Junior Obligation Bonds (prior to the May 2013 planned issuance).

After the planned issuance of the Series of May 2013 Bonds, the State Share of Sales Tax Revenues for Fiscal Year 2012 would provide approximately 26.4 times the maximum Net Debt Service Requirement for all Outstanding Senior Bonds and approximately 22.4 times the maximum Net Debt Service Requirement for all Outstanding Senior and Junior Obligation Bonds.

Further, the limitations established in the Indenture for the issuance of additional Senior Bonds requires that the maximum Net Debt Service Requirement for Outstanding Senior Bonds of all Series and for the proposed Series for the current or any future Fiscal Year not exceed 5 percent of the State Share of Sales Tax Revenues received by the State for the most recently completed Fiscal Year. **Those limitations effectively require that on the date of issuance of any Series of Senior Bonds, Share of State Sales Tax Revenues for the then most recently completed Fiscal Year must provide not less than 20 times coverage of the maximum Net Debt Service Requirement for all Outstanding Senior Bonds and for such Series.** (See “SECURITY FOR THE SERIES OF MAY 2013 BONDS - Issuance of Additional Senior Bonds”).

The limitations established in the Indenture for the issuance of additional Junior Obligations require that the aggregate of (i) the maximum Net Debt Service Requirement for Outstanding Senior Bonds, the Junior Annual Debt Service for all Outstanding Junior Obligations and (ii) the Junior Annual Debt Service for Outstanding Junior Obligations and for the proposed Series for the current or any future Fiscal Year not exceed 9.8 percent of the State Share of Sales Tax Revenues received by the State for the most recently completed Fiscal Year. **Those limitations effectively require that, on the date of issuance of any Series of Junior Obligations, the Share of State Sales Tax Revenues for the then most recently completed Fiscal Year must provide not less than 10.2 times coverage of the maximum Net Debt Service Requirement for all Outstanding Senior Bonds, the Junior Annual Debt Service for all Outstanding Junior Obligations and for such Series.** (See “SECURITY FOR THE SERIES OF MAY 2013 BONDS – Issuance of Additional Junior Obligations”).

APPLICATION OF BOND PROCEEDS

The Act provides that proceeds, net of any accrued interest, from the sale of Bonds (other than refunding Bonds) shall be deposited in the Build Illinois Bond Fund, a separate fund in the State Treasury. The balance of such Bond proceeds remaining in the Build Illinois Bond Fund after making any required deposits into reserve funds may be expended only pursuant to appropriation by the General Assembly. Investment income on the Build Illinois Bond Fund, to the extent not needed for debt service on the Bonds, is deposited in the State’s General Revenue Fund.

The proceeds of the sale of the Series of May 2013 Bonds will be applied approximately as set forth below:

SUMMARY OF CERTAIN PROVISIONS OF THE INDENTURE

The following is a summary of certain provisions of the Indenture, to which reference is made for a complete statement of the provisions or contents thereof. Certain capitalized words and terms used in this summary are defined in the Indenture and shall have the same meanings herein as therein, except as otherwise defined in this Official Statement. Certain of such defined words and terms are set forth in Appendix C hereto.

Source of Payment; Pledge of Revenues

The provisions of the Indenture constitute a contract among the State, the Trustee and the Bondholders. The Series of May 2013 Bonds are direct, limited obligations of the State payable solely from and secured by an irrevocable, first priority pledge of and lien on moneys on deposit in the Retirement and Interest Fund and certain other moneys and securities held by the Trustee under the provisions of the Indenture. The State has pledged the Revenues and all moneys and securities held or set aside or to be held or set aside by any Fiduciary under the Indenture to secure the payment of the principal of and premium, if any, and interest on the Series of May 2013 Bonds, such pledge constituting a first and prior claim against and charge on the Revenues and a first priority pledge of and lien on such other moneys and securities, subject only to the provisions of the Indenture requiring or permitting the payment, setting apart or application thereof for or to the purposes and on the terms, conditions, priorities and order set forth in or provided under the Indenture. **The Series of May 2013 Bonds are not general obligations of the State and are not secured by the full faith and credit of the State, and the holders of the Series of May 2013 Bonds may not require the levy or imposition of any taxes or the application of other State revenues or funds to the payment of the Series of May 2013 Bonds, except as specifically provided in the Act and Sections 6z-9 and 8.25 of the Finance Act with respect to the Revenues.**

Additional Senior Bonds

The Indenture permits the issuance of additional Series of Bonds which may be (i) Senior Bonds on a parity with the Series of May 2013 Bonds and other Outstanding Senior Bonds or (ii) Junior Obligations, provided that certain conditions precedent are satisfied, including receipt by the Trustee of the following:

- (a) a copy of a Bond Sale Order signed by the Director and approved by the Governor, (i) authorizing the execution and delivery of a Supplemental Indenture, (ii) stating the identity of the purchasers, aggregate purchase price and date and place of delivery of such Series, (iii) stating that no Event

of Default has occurred and is continuing under the Indenture, (iv) specifying the uses to which the proceeds of the Bonds of such Series shall be applied, including Costs of Issuance, and (v) certifying that the Build Illinois Fund, the Build Illinois Bond Account and the Retirement and Interest Fund have been established in the State Treasury and are being maintained in full accordance with the provisions of the Act and the Finance Act;

- (b) a Counsel's Opinion to the effect that (i) the Indenture and such Supplemental Indenture have been duly and lawfully authorized and executed and are in full force and effect and are valid and binding upon the State, (ii) the Act, the Indenture and such Supplemental Indenture create the valid pledge of Revenues, moneys and securities which they purport to create, and (iii) upon the execution, authentication and delivery thereof, the Bonds of such Series will have been duly and validly authorized and issued;
- (c) an executed counterpart of the Supplemental Indenture; and
- (d) with respect to any proposed Series of Senior Bonds, a Certificate signed by the Director certifying that (i) the maximum Net Debt Service Requirement for Outstanding Senior Bonds of all Series and for the proposed Series for the current or any future Fiscal Year will not exceed 5 percent of the State Share of Sales Tax Revenues received by the State for the most recently completed Fiscal Year, and (ii) an amount at least equal to the Debt Service Reserve Fund Requirement, calculated immediately after the issuance of the proposed Series, will be on deposit in the Debt Service Reserve Fund within 24 months after the date of issuance of such proposed Series. In calculating the Net Debt Service Requirement, interest on any Series of Variable Rate Senior Bonds is required pursuant to Section 711 of the Indenture to be included at the maximum rate permitted under the applicable Supplemental Indenture, less credits for the sum of (i) certain amounts on deposit in the applicable Variable Rate Interest Subaccount as provided in the applicable Supplemental Indenture, and (ii) amounts required to be deposited in the Variable Rate Interest Subaccount pursuant to agreements with Qualified Financial Institutions for the purpose of limiting interest rate risk, and (iii) beginning in Fiscal Year 1994, and while the amount on deposit in the Debt Service Reserve Fund is at least equal to the Debt Service Reserve Fund Requirement, additional amounts not to exceed 50 percent of the maximum rate permitted under the Supplemental Indenture.

The delivery of Bonds of any Series shall also be subject to the delivery to the Director, the Comptroller and the Treasurer of a Certificate signed by the Trustee, certifying (i) the Annual Debt Service or the Junior Annual Debt Service, as the case may be, for the Series of Bonds then being issued and the total Aggregate Debt Service and Junior Annual Debt Service on all then Outstanding Bonds payable on all future Payment Dates and (ii) the amount of principal of and interest and premium, if any, on all such Bonds payable on each future Payment Date.

The issuance of refunding Bonds of any Series shall be subject to the receipt by the Trustee of:

- (a) The documents referred to in paragraphs (a) through (d) above, provided that, with respect to a proposed Series of Senior Bonds, in lieu of the Certificate described in paragraph (d) above, the State may deliver a Certificate certifying that the maximum Aggregate Debt Service for the then current or any future Fiscal Year shall not increase as a result of such issuance of Refunding Bonds;
- (b) If a redemption of Bonds is to be effected, irrevocable instructions to the Trustee to give due notice of redemption of all the Bonds to be redeemed and the redemption date or dates, if any, upon which such Bonds are to be redeemed;
- (c) If a redemption of Bonds is to be effected and the redemption is scheduled to occur subsequent to the next succeeding 45 days, irrevocable instructions to the Trustee to give notice of redemption of such Bonds on a specified date prior to their redemption date; and

- (d) A certificate of an Independent Accountant stating that the amount of moneys and Federal Obligations and Qualified Investments described in paragraphs (f) and (g) of the definition thereof deposited with the Trustee are sufficient to pay when due the applicable Redemption Price of the Bonds to be refunded, together with accrued interest on such Bonds to the redemption date or dates or the date or dates of maturity thereof.

Additional Junior Obligations

The Indenture permits the issuance of additional Series of Junior Obligations on a parity with other Outstanding Junior Obligations provided that certain conditions in addition to the requirement for the issuance of Senior Bonds described above are satisfied, including receipt by the Trustee with respect to any Series of Junior Obligations proposed to be issued, other than a Series proposed to be issued as refunding Bonds, a Certificate signed by the Director certifying that, as of the time immediately following the issuance of such Series, the greatest amount of the aggregate of (A) the Net Debt Service Requirement for Outstanding Senior Bonds and (B) the Junior Annual Debt Service, for the then current or any future Fiscal Year, will not exceed 9.8% of the State Share of Sales Tax Revenues received by the State for the most recently completed Fiscal Year. The issuance of refunding Junior Obligations on a parity with other Junior Obligations is permitted provided that certain conditions in addition to the requirements for the issuance of refunding Senior Bonds described above are satisfied, including receipt by the Trustee of either (1) the Certificate of the Director required for the issuance Junior Obligations for project purposes described in the preceding sentence or (2) a Certificate of the Director, certifying that, as of the time immediately following the issuance of such Series, the greatest amount of the aggregate of (A) the Net Debt Service for Senior Bonds and (B) the Junior Annual Debt Service, for the then current or any future Fiscal Year, shall not increase as a result of the issuance of such Series.

Covenant Against Pledge of Revenues

The State has covenanted that it will not issue or authorize the issuance of any bonds, notes or other evidences of indebtedness secured by the pledge of Revenues contained in the Indenture, other than the Bonds, and that it will not create or cause to be created any pledge, lien or charge on Revenues or on any other amounts pledged for the benefit of owners of Bonds under the Indenture, other than the pledge of Revenues contained in the Indenture, provided, however, that the State may (a) issue or authorize the issuance of bonds, notes or other evidences of indebtedness payable out of, or secured by a pledge of, Revenues to be derived after the pledge contained in the Indenture has been discharged or (b) issue or authorize the issuance of bonds, notes or other evidences of indebtedness which are payable out of, or secured by the pledge of, amounts which may be withdrawn from the General Reserve Fund so long as such pledge is expressly junior and subordinate to the pledge of Revenues contained in the Indenture.

Establishment of Funds and Accounts

The Indenture creates the following Funds and Accounts to be held and administered by the Trustee:

- (a) The Revenue Fund;
- (b) The Debt Service Fund and four separate Accounts therein to be known as the Capitalized Interest Account, the Interest Account, the Principal Account and the Variable Rate Account;
- (c) The Program Expense Fund;
- (d) The Debt Service Reserve Fund;
- (e) The Junior Obligation Debt Service Fund; and
- (f) The General Reserve Fund and a separate Account therein to be known as the Net Debt Service Account.

In addition, the State has established in the State Treasury and agrees to maintain in accordance with the requirements of the Act and the Finance Act, the Build Illinois Bond Fund, the Build Illinois Fund (including the Build Illinois Bond Account established therein) and the Retirement and Interest Fund.

The Trustee shall, at the written request of the State, establish additional Accounts and subaccounts for the purpose of identifying more precisely the sources of payments into and disbursements from such Funds, Accounts and subaccounts. Additional Accounts and subaccounts may also be created by any Supplemental Indenture.

Deposit of Revenues

All Revenues shall be promptly deposited by the State in Capital Projects Fund or the Build Illinois Fund, as applicable, credited to the Build Illinois Bond Account, transferred to the Retirement and Interest Fund and paid to the Trustee for deposit in the Revenue Fund, all as provided in the Act and Sections 6z-9 and 8.25 of the Finance Act.

The State has appropriated for its Fiscal Year ending June 30, 2013, the sum of \$384 million to provide for the repayment of Bonds and required deposits into Funds and Accounts under the Indenture. For the Fiscal Year 2014, the proposed appropriation is \$378 million. Appropriation amounts are based on debt service estimates for existing and anticipated issuances (including any refunding transactions, if planned). The actual amount of necessary debt service may vary. The State has covenanted that the Governor shall include in each annual State Budget and the General Assembly shall annually appropriate for each Fiscal Year the Required Bond Transfer from the Retirement and Interest Fund in an amount estimated to equal the greater of (a) the Certified Annual Debt Service Requirement for such Fiscal Year or (b) the Tax Act Amount for such Fiscal Year. For the purposes of implementing such appropriations and the transfers and payments required to be made to the Trustee, the Trustee shall deliver a Certificate to the Director, the Comptroller and the Treasurer on or before each June 20 so long as Bonds remain Outstanding, certifying the Certified Annual Debt Service Requirement for the next succeeding Fiscal Year. The Required Bond Transfer for each Fiscal Year shall be equal to the Certified Annual Debt Service Requirement as so certified in such Certificate unless the Tax Act Amount for such Fiscal Year shall be greater than such Certified Annual Debt Service Requirement, in which case the Required Bond Transfer for such Fiscal Year shall be equal to such Tax Act Amount; provided, however, that if Bonds are issued during any such Fiscal Year the Certified Annual Debt Service Requirement for such Fiscal Year shall be increased to reflect the issuance of such Bonds to the extent such issuance was not reflected in the Certified Annual Debt Service Requirement previously certified for such Fiscal Year. The State has covenanted and agreed that in the event the Required Bond Transfer is not made for any Fiscal Year as required under the Indenture and the Act, the Act shall constitute an irrevocable and continuing appropriation of such Required Bond Transfer and the continuing, irrevocable authority for and direction to the Treasurer and the Comptroller to make the necessary transfers and deposits, as directed by the Governor, and to make the payments specified in Sections 6z-9 and 8.25 of the Finance Act and as provided in the Indenture.

The State has covenanted that the Treasurer and the Comptroller shall, on the last day of each month, transfer from the Build Illinois Bond Account to the Retirement and Interest Fund and pay from such Fund to the Trustee for deposit in the Revenue Fund an amount equal to the greater of (a) 1/12th of 150 percent of the Certified Annual Debt Service Requirement or (b) the Tax Act Amount deposited in the Build Illinois Bond Account during such month, plus any cumulative deficiency in such transfers and payments for prior months; provided that all of such transfers and payments for any such Fiscal Year shall not exceed the greater of (a) the Certified Annual Debt Service Requirement or (b) the Tax Act Amount. See "SECURITY FOR THE SERIES OF MAY 2013 BONDS."

Disbursements From Revenue Fund

On the first day of each month the Trustee shall make the following deposits from amounts on deposit in the Revenue Fund in the manner and order of priority set forth:

First: To the Debt Service Fund, an amount equal to 1/12th of 150 percent of the aggregate amount of Principal Installments and interest included in the Annual Debt Service for all Series of Senior Bonds for the then current Fiscal Year, such amounts to be allocated among the Interest Account, the Principal Account and the Variable Rate Account;

Second: To the Program Expense Fund, an amount equal to the amount, if any, required for Program Expenses;

Third: To the Debt Service Reserve Fund, the amount, if any, necessary to increase the amount on deposit in the Debt Service Reserve Fund to an amount equal to the Debt Service Reserve Fund Requirement;

Fourth: To the Junior Obligation Debt Service Fund, the amount, if any, equal to the amount required by any Supplemental Indentures or other instruments authorizing the issuance of Junior Obligations; and

Fifth: To the General Reserve Fund, the balance remaining.

Use of Funds

The moneys on deposit in the Funds and Accounts listed above shall be used for the purposes and uses specified as follows:

- (a) The moneys in the Interest Account shall be used only for the payment of the interest on Fixed Rate Senior Bonds. The moneys in the Principal Account shall be used only for the payment of Principal Installments on Fixed Rate Senior Bonds. Moneys on deposit in the Variable Rate Account and which have been credited to Variable Rate Interest Subaccounts and Variable Rate Principal Subaccounts therein as may have been created for the benefit of a Series of Variable Rate Senior Bonds shall be used for the purposes specified in the Supplemental Indenture creating such Series.
- (b) The moneys in the Program Expense Fund shall be used to pay Program Expenses as directed in Certificates filed by the Director with the Trustee.
- (c) The moneys in the Debt Service Reserve Fund shall be used for the payment of the interest and Principal Installments (other than Subordinated Interest or Subordinated Principal Installments) on Senior Bonds, whenever and to the extent moneys in the Interest Account, the Principal Account and the Variable Rate Account, respectively, are insufficient therefor. At the direction of the State expressed in a Certificate of the Director filed with the Trustee, moneys in the Debt Service Reserve Fund may be withdrawn from the Debt Service Reserve Fund and deposited into the General Reserve Fund; provided, however, that immediately after such withdrawal, the amount of deposit in the Debt Service Reserve Fund equals or exceeds the Debt Service Reserve Fund Requirement.
- (d) The moneys in the Junior Obligation Debt Service Fund shall be transferred by the Trustee to the appropriate trustees or paying agents under the Supplemental Indenture or other instrument authorizing the issuance of Junior Obligations for the purpose of paying such amounts as may be required to be paid by such Supplemental Indenture or other instrument.
- (e) The moneys in the General Reserve Fund shall be used for the payment of the interest and Principal Installments on Bonds whenever and to the extent moneys in the Interest Account, the Principal Account, the Variable Rate Account, the Debt Service Reserve Fund, and the Junior Obligation Debt Service Fund, respectively, are insufficient therefor. At the direction of the State, moneys in the General Reserve Fund may be withdrawn and deposited in trust to purchase or redeem or pay or otherwise provide for the payment of Bonds of any Series or of Section 209 Obligations provided the purchase price does not exceed par or the next Redemption Price. At the direction of the State, expressed in a Certificate signed by the Director and filed with the Trustee, moneys, Federal Obligations and Qualified Investments described in paragraphs (f) and (g) of the definition thereof in the General Reserve Fund shall be set aside and held in trust, together with the interest thereon, in the Net Debt Service Account for the sole and exclusive purpose of paying the principal of and premium, if any, and interest on Senior Bonds. The State has reserved the right to direct the Trustee in writing at any time to pay to the State or to such fund, account or official of the State as may be specified in such direction, on any one or more dates during the

period commencing on June 15 of a Fiscal Year and ending on June 30 of that Fiscal Year, for any purpose of the State now or hereafter authorized by law, all or any part of the moneys on deposit in the General Reserve Fund; provided, however, that no such payment shall include any amounts set aside in trust in the Net Debt Service Account or any other moneys which have been committed, reserved or restricted pursuant to any Supplemental Indenture or instrument authorizing Section 209 Obligations; and, further provided that no such payment may be made at any time during the existence and continuation of an Event of Default.

- (f) If at any time the aggregate amount of all moneys held in all Funds and Accounts established and created under and pursuant to the Indenture shall be sufficient, as certified by the Director, to purchase or redeem or pay or otherwise provide for the payment of all Outstanding Bonds, such amount shall be irrevocably set aside in trust for such purpose in the manner summarized under “Defeasance” under this caption and shall not be used thereafter for any other purpose.

Qualified Investments

All moneys held in any Fund or Account shall be invested in Qualified Investments at the direction of the Director.

Valuation of Investments

In computing the amount in any Fund or Account, investments shall be valued at amortized cost.

Supplemental Indentures

A Supplemental Indenture which is not contrary to or inconsistent with the Indenture may be adopted at any time and shall be fully effective without the consent of the Bondholders for the following purposes: to limit the issuance of Bonds or other indebtedness; to add covenants, agreements, limitations and restrictions to be observed by the State; to surrender any right, power or privilege reserved to the State; to authorize a Series of Bonds; to confirm, as further assurance, the pledge of the Indenture; to modify any of the provisions of the Indenture but only if such modification shall be effective only after all Bonds Outstanding at the date of the adoption of such Supplemental Indenture shall cease to be Outstanding; to increase the Required Bond Transfer; and to authorize Section 209 Obligations.

A Supplemental Indenture may be adopted at any time and shall be fully effective upon the consent of the Trustee for the following purposes: to cure any ambiguity, supply any omission, or cure or correct any defect or inconsistent provision in the Indenture; or to provide additional duties of the Trustee under the Indenture.

Any other modification or amendment of the Indenture or of any Supplemental Indenture or of the rights and obligations of the State and of the holders of the Bonds may be made by a Supplemental Indenture, with the written consent given as provided in the Indenture (a) of the holders of at least two-thirds in principal amount of the Bonds Outstanding at the time such consent is given, (b) in case less than all of the several Series of the then Outstanding Bonds are affected by the modification or amendment, of the holders of at least two-thirds in principal amount of the then Outstanding Bonds of each Series so affected, and (c) in case the modification or amendment changes the terms of any Sinking Fund Payment, of the holders of at least two-thirds in principal amount of the then Outstanding Bonds of the particular Series and maturity entitled to such Sinking Fund Payment. No such modification or amendment shall permit a change in the terms of redemption or maturity of the principal amount or the Redemption Price thereof or in the rate of interest thereon without the consent of the holder of such Bond, or shall reduce the percentages or otherwise affect the classes of Bonds the consent of the holders of which is required to effect any such modification or amendment, or shall change or modify any of the rights or obligations of any Fiduciary without its written assent thereto.

Default and Remedies

Each of the following events shall be an “Event of Default”:

- (a) Payment of the principal or Redemption Price, if any, of any Bond shall not be made when and as the same shall become due, whether at maturity or upon call for redemption or otherwise;
- (b) Payment of any installment of interest on any Bond shall not be made within 30 days after the same shall become due;
- (c) The State shall fail or refuse to comply with the provisions of the Indenture, or shall default in the performance or observance of any of the covenants, agreements or conditions on its part contained therein or in the Bonds which materially affects the rights of the owners of the Bonds and such failure, refusal or default shall continue for a period of 30 days after written notice thereof by the Trustee or the owners of not less than 25 percent in principal amount of the Outstanding Bonds; provided, however, that so long as the State is exercising due diligence if such default cannot be cured within the 30-day period, the time to cure shall be extended for such period as may be necessary to remedy the default with all due diligence;
- (d) An Event of Default shall occur and be continuing under the provisions of any Supplemental Indenture; or
- (e) An Event of Default shall occur and be continuing under any Supplemental Indenture or other instrument creating any Section 209 Obligations.

Upon the happening and continuance of any Event of Default specified in paragraph (a) or (b) above, the Trustee shall proceed, or upon the happening and continuance of any Event of Default specified in paragraph (c), (d) or (e) above, the Trustee may proceed, and upon the written request of the owners of not less than 25 percent in principal amount of the Outstanding Bonds, shall proceed, to protect and enforce its rights and the rights of the owners of the Bonds by such of the following remedies or any additional remedies specified in one or more Supplemental Indentures as the Trustee, being advised by counsel, shall deem most effectual to protect and enforce such rights:

- (i) By mandamus or other suit, action or proceeding at law or in equity, to enforce all rights of the owners of the Bonds including the right to require the State to receive and collect Revenues adequate to carry out the covenants and agreements as to such Revenues and the pledge of the Indenture and to require the State to carry out any other covenant or agreement with the owners of the Bonds and to perform its duties under the Indenture;
- (ii) By bringing suit upon the Bonds;
- (iii) By action or suit in equity, require the State to account as if it were the trustee of an express trust for the owners of the Bonds; or
- (iv) By action or suit in equity, enjoin any acts or things which may be unlawful or in violation of the rights of the owners of the Bonds.

In the enforcement of any rights and remedies under the Indenture, the Trustee shall be entitled to sue for, enforce payment on and receive any and all amounts then or during any default becoming, and at any time remaining, due from the State but only out of moneys pledged as security for the Bonds for principal, Redemption Price, interest or otherwise, under any provision of the Indenture or any Supplemental Indenture or of the Bonds and unpaid, with interest on overdue payments at the rate or rates of interest specified in such Bonds, together with any and all costs and expenses of collection and of all proceedings hereunder and under such Bonds without prejudice to any other right or remedy of the Trustee or of the owners of the Bonds, and to recover and enforce a judgment or decree against the State for any portion of such amounts remaining unpaid, with interest, costs and expenses, and to collect from any moneys available under the Indenture for such purpose, in any manner provided by law, the moneys adjudged or decreed to be payable.

Defeasance

If the State shall pay or cause to be paid the principal and interest and Redemption Price, if any, to become due on the Bonds of any Series or maturity of a Series, at the times and in the manner stipulated therein and in the Indenture, then, with respect to such Bonds, the pledge of Revenues provided by the Indenture and all other rights granted thereby shall be discharged and satisfied.

Bonds of any Series or maturity within any Series shall be deemed to have been paid if (a) there shall have been deposited with the Trustee either moneys or Federal Obligations and Qualified Investments described in paragraphs (f) and (g) of the definition thereof maturing and bearing interest at times and in amounts sufficient, together with the moneys on deposit with the Trustee for such purpose, to pay when due the principal or Redemption Price, if any, and interest to become due on said Bonds, and (b) in case any of said Bonds are to be redeemed on any date prior to their maturity the State shall have given to the Trustee in form satisfactory to it irrevocable instructions to redeem such Bonds.

LITIGATION

There is no litigation pending, or to the knowledge of the State threatened, in any way questioning the title of the State officials to their respective offices or any proceedings of the State incident to the authorization and issuance of the Series of May 2013 Bonds, or in any way concerning the validity or enforceability of the Series of May 2013 Bonds. However, there is certain litigation as described below that may affect the manner of payment or the appropriation for the payment of the Series of May 2013 Bonds.

The following describes certain pending lawsuits in Illinois:

Tax Protest Litigation

In the case *Bambeneck v. Hynes*, No. 09-MR-136 (Champaign County), petitioner seeks leave to file a taxpayer action that would enjoin the disbursement of monies until the State enacts a balanced budget. Petitioner has taken no action since the State objected to the petition in August, 2009.

Fee Protest Litigation

In November 2004, the Circuit Court of Cook County ruled that the imposition of a surcharge on workers' compensation insurance policies coupled with a mechanism to transfer a portion of surcharge proceeds to the State's General Funds pursuant to Public Act 93-32 was unconstitutional. As a result, the court escrowed \$11.5 million of surcharge proceeds pending final disposition of the case. The State appealed the ruling directly to the Illinois Supreme Court. The Court heard argument in May 2005 and in October 2005 released its opinion reversing the lower court's order granting plaintiff summary judgment and remanding the matter to the circuit court for further proceedings. In October 2005, on the State's motion, the trial court released approximately \$1.4 million from escrow to fund Illinois Workers' Compensation Commission ("IWCC") operations through November 2005. The court further agreed to the future release, on a monthly basis upon the State's petition, of amounts sufficient to fund ongoing IWCC operations. Since October 2005, the IWCC has on a regular basis requested and the Circuit Court of Cook County has released monies sufficient to fund the IWCC's on-going operations. As of November 2009, approximately \$22.8 million remained in escrow. In addition, the trial court has allowed certain insurance companies to make surcharge payments into the Protest Fund. As of November 2009, approximately \$58 million in such payments have been deposited into the Protest Fund. The case has been settled. The money in escrow and the protest funds were deposited in a court settlement fund for use by the Illinois Workers' Compensation Commission for capital improvements and to pay possible liabilities to the Rate Adjustment Fund, upon application for and receipt of permission by the Circuit Court of Cook County.

Several other special interest groups have filed similar actions challenging the constitutionality of fee increases and the application of legislatively-mandated transfer mechanisms. In an action brought in Sangamon County in December 2004, a group of trade associations representing depository institutions and mortgage lenders challenged the assessment of fees on and application of certain provisions of the Illinois Finance Act to their industries. In

March 2005, a Sangamon County judge issued a preliminary injunction barring further transfers from the funds at issue pending resolution of the matter. In approximately March, 2008, the State entered into an agreement to settle the litigation with the plaintiff trade associations. Under the terms of the executed settlement agreement, the State retained approximately \$50.6 million from the funds at issue, as well as the right to periodically access 10% of the balance of those funds through January 2011. The case was dismissed in accordance with the settlement agreement in June 2009.

In May and June 2006, trade associations representing property and casualty insurance and real estate sales interests, respectively, filed similar actions in Sangamon County challenging certain fees and transfers of funds. The Sangamon County Court entered orders preliminarily preventing the State from transferring monies from the funds at issue, pending further consideration of the matters.

In January 2008, in the property and casualty insurance case, the Sangamon County Court denied the plaintiff's motion for summary judgment, holding that the statutory authorization to transfer money from the relevant fund was controlling over an earlier statutory prohibition for such fund transfers. The State's motion for summary judgment has been fully briefed and is pending. Finally, in the real estate sales' litigation, the State's motion to dismiss was argued before the Sangamon County Circuit Court on October 26, 2012. The motion to dismiss was granted on January 18, 2013. Plaintiffs subsequently filed a Notice of Appeal and a motion to stay enforcement of judgment pending appeal. The motion is pending.

In June 2006, a motorcyclist's organization filed an action similar to the property and casualty insurance case in Sangamon County challenging certain fees and transfers of funds. The Sangamon County Court denied the plaintiffs' motion for a temporary restraining order as to all but two funds; plaintiffs had previously sought to enjoin transfers from 39 state funds. In November 2006, the Sangamon County Court granted the State's motion to dismiss the motorcyclists' litigation as to two State funds, and in October 2008, the Sangamon County Court granted the State's motion for summary judgment the motorcyclists' litigation with respect to the final State fund. Following the Sangamon County Court's denial of the motorcyclists' motion to reconsider in January, 2009, the motorcyclists filed an appeal with the Illinois Appellate Court. The appellate court issued its decision on May 3, 2010. The Supreme Court granted Plaintiffs' Petition for Leave to Appeal on September 28, 2010. The case was argued on March 23, 2011. The Supreme Court affirmed the judgment of the appellate court on October 27, 2011. The Supreme Court issued the mandate in this case on December 2, 2011.

In early 2005, a Sangamon County Court dismissed a suit similar to those described above filed by an aggregate producers' industry association to challenge an increase in permit fees and the transfer of a portion of the funds generated by the fee increase to the State's General Funds. In May 2005, the Illinois Appellate Court upheld the trial court's dismissal, rejecting the plaintiff's challenges to the fees and transfers. The Illinois Supreme Court subsequently refused the plaintiffs' request for review, letting stand the Appellate Court's order upholding dismissal. The State thereafter obtained release of approximately \$1.1 million, which had been held in escrow during the litigation.

Retaliatory Tax Litigation

In May 2005, the Director of Insurance assessed Sun Life Assurance Company of Canada approximately \$4 million in additional tax owed pursuant to the so-called "retaliatory" statute (215 ILCS 5/444). Sun Life objected to the assessment and filed an action seeking a declaration that the tax is unconstitutional and in violation (among other reasons) of the Commerce Clause. The company sought and obtained an injunction barring the State from collecting the tax. The State prevailed in both the trial and appellate courts, and on November 29, 2007, the United States ("U.S.") Supreme Court affirmed the trial and appellate courts in all regards, holding that Illinois' insurance retaliatory tax law does not discriminate against non-U.S. insurers. The court further held that federal law, and specifically the McCarran-Ferguson Act, imposes no limits on a state's authority to assess retaliatory taxes on alien insurers. In a separate action, John Hancock Life Insurance Company filed suit in Cook County challenging the State's collection of approximately \$7 million in retaliatory tax. On January 2, 2008, the trial court granted summary judgment for the State, holding that the application of the retaliatory tax to this company on these facts did not violate the Illinois Constitution's Uniformity Clause. In August of 2008, Hancock filed an appeal in Illinois Appellate Court. On February 11, 2010, the Illinois Appellate Court affirmed the judgment of the trial court.

TAX MATTERS

General

In the opinion of Co-Bond Counsel, under existing law, interest on the Series of May 2013 Bonds is not excludable from gross income of the owners thereof for federal income tax purposes. Co-Bond Counsel is also of the opinion, under existing law, that interest on the Series of May 2013 Bonds is not exempt from income taxes imposed by the State. Co-Bond Counsel expresses no opinion regarding any other federal or state tax consequences relating to acquisition, ownership or disposition of, or the accrual or receipt of interest on the Series of May 2013 Bonds. Prospective purchasers of the Series of May 2013 Bonds should consult their own tax advisors as to the federal, state, local and foreign tax consequences of their acquisition, ownership or disposition of, or the accrual or receipt of interest on the Series of May 2013 Bonds.

Circular 230 Disclaimer

The description of certain tax matters under the heading “General,” above, prepared by Co-Bond Counsel, is not intended by Co-Bond Counsel to be used, and cannot be used by any purchaser of the Series of May 2013 Bonds, for the purpose of avoiding penalties that may be imposed on such purchaser. This advice is written to support the promotion or marketing of the Series of May 2013 Bonds.

Certain United States Federal Income Tax Consequences

The following is a summary of the principal United States federal income tax consequences of ownership of the Series of May 2013 Bonds. It deals only with Series of May 2013 Bonds held as capital assets by initial purchasers, and not with special classes of holders, such as dealers in securities or currencies, banks, tax-exempt organizations, life insurance companies, persons that hold Bonds that are a hedge or that are hedged against currency risks or that are part of a straddle or conversion transaction, or persons whose functional currency is not the U.S. dollar. The summary is based on the Internal Revenue Code, its legislative history, existing and proposed regulations thereunder, published rulings and court decisions, all as currently in effect and all subject to change at any time, perhaps with retroactive effect.

Prospective purchasers of the Series of May 2013 Bonds should consult their own tax advisors concerning the consequences, in their particular circumstances, under the Code and the laws of any other taxing jurisdiction, of ownership of Bonds.

Payments of Interest

Interest on the Series of May 2013 Bonds will be taxable to holders thereof as ordinary income at the time it is received or accrued, depending on the holder’s method of accounting for tax purposes in accordance with generally applicable principles.

Sale and Retirement of the Series of May 2013 Bonds

Holders of the Series of May 2013 Bonds will recognize gain or loss on the sale, redemption, retirement or other disposition of such Series of May 2013 Bonds. The gain or loss is measured by the difference between the amount realized on the disposition of the Series of May 2013 Bonds and the Holder’s adjusted tax basis in the Series of May 2013 Bond. Such gain or loss will be capital gain or loss, except to the extent of accrued market discount not previously included in income, and will be long term capital gain or loss if at the time of disposition such Series of May 2013 Bond has been held for more than one year.

Net Investment Income

For taxable years beginning after December 31, 2012, certain non-corporate U.S. Holders will be subject to a 3.8 percent tax, in addition to regular tax on income and gains, on some or all of their “net investment income,” which generally will include interest, original issue discount and market discount realized on a Series of May 2013 Bond

and any net gain recognized upon a disposition of a Series of May 2013 Bond. U.S. Holders should consult their tax advisors regarding the applicability of this tax in respect of their Series of May 2013 Bonds.

Backup Withholding

Information reporting will apply to payments of interest made by the State, or the proceeds of the sale or other disposition of the Series of May 2013 Bonds with respect to certain non-corporate U.S. holders, and backup withholding may apply unless the recipient of such payment supplies a taxpayer identification number, certified under penalties of perjury, as well as certain other information or otherwise establishes an exemption from backup withholding. Any amounts withheld under the backup withholding rules may be allowed as a refund or a credit against that holder's U.S. federal income tax liability provided the required information is furnished to the IRS.

Changes in Federal Tax Law

From time to time, there are legislative proposals in the Congress and in the states that, if enacted, could alter or amend the federal and state tax matters referred to above or adversely affect the market value of the Series of May 2013 Bonds. It cannot be predicted whether or in what form any such proposal might be enacted or whether if enacted it would apply to bonds issued prior to enactment. In addition, regulatory actions are from time to time announced or proposed and litigation is threatened or commenced which, if implemented or concluded in a particular manner, could adversely affect the market value of the Series of May 2013 Bonds. It cannot be predicted whether any such regulatory action will be implemented, how any particular litigation or judicial action will be resolved, or whether the Series of May 2013 Bonds or the market value thereof would be impacted thereby. Purchasers of the Series of May 2013 Bonds should consult their tax advisors regarding any pending or proposed legislation, regulatory initiatives or litigation. The opinions expressed by Co-Bond Counsel are based upon existing legislation and regulations as interpreted by relevant judicial and regulatory authorities as of the date of issuance and delivery of the Series of May 2013 Bonds and Co-Bond Counsel have expressed no opinion as of any date subsequent thereto or with respect to any pending legislation, regulatory initiatives or litigation.

CONTINUING DISCLOSURE

The State will enter into a Continuing Disclosure Undertaking ("**Undertaking**") for the benefit of the beneficial owners of the Series of May 2013 Bonds to send certain information annually and to provide notice of certain events to the Municipal Securities Rulemaking Board pursuant to the requirements of Section (b) (5) of Rule 15c2-12 ("**Rule**") adopted by the Securities and Exchange Commission ("**SEC**") under the Securities Exchange Act of 1934, as amended. See "**APPENDIX F — CONTINUING DISCLOSURE UNDERTAKING**" for a description of the information to be provided annually, the events which will be noticed on an occurrence basis and a summary of other terms of the Undertaking, including termination, amendment and remedies. The State has represented that it is in compliance with each and every undertaking previously entered into by it pursuant to the Rule. A failure by the State to comply with the Undertaking will not constitute a default under the Indenture and beneficial owners of the Series of May 2013 Bonds are limited to the remedies described in the Undertaking. See "**APPENDIX F — CONTINUING DISCLOSURE UNDERTAKING.**"

CERTAIN LEGAL MATTERS

Legal matters incident to the authorization, issuance and sale of the Series of May 2013 Bonds are subject to the approving opinions of Mayer Brown LLP, Chicago, Illinois and The Hardwick Law Firm, LLC, Co-Bond Counsel. The opinions of Co-Bond Counsel will accompany the delivery of the Series of May 2013 Bonds and be in substantially the form included in this Official Statement as Appendix B.

RATINGS

Standard & Poor's Ratings Service ("**S&P**") has assigned a rating of "AAA" with a Stable Outlook to the Bonds and Fitch Ratings ("**Fitch**") has assigned a rating of "AA+" with a Stable Outlook to the Bonds. These ratings reflect the views of such organizations, and an explanation of the significance of such ratings may be obtained only from the respective rating agency. The ratings on the Series of May 2013 Bonds were applied for by the State and certain

information and materials, some of which are not contained herein, were supplied to S&P and Fitch. The ratings are not a “market” rating nor a recommendation to buy, sell or hold the Series of May 2013 Bonds and the ratings and the Series of May 2013 Bonds should be evaluated independently. The ratings are subject to change or withdrawal at any time, and any such change or withdrawal may affect the market price or marketability of the Series of May 2013 Bonds. The State undertakes no responsibility either to bring to the attention of the owners of the Series of May 2013 Bonds any proposed change in or withdrawal of such ratings or to oppose any such revision or withdrawal.

LEGAL INVESTMENT

Under the Act, the Series of May 2013 Bonds are securities in which all public officers and bodies of the State and all political subdivisions of the State and other persons carrying on an insurance business, all banks, bankers, trust companies, saving banks and savings associations, including savings and loan associations, building and loan associations, investment companies and other persons carrying on a banking business, all credit unions, pension funds, administrators, and guardians who are now or may hereafter be authorized to invest in bonds or in other obligations of the State, may properly and legally invest funds, including capital, in their control or belonging to them.

The Act also provides that the Series of May 2013 Bonds are securities which may be deposited with and may be received by all public officers and bodies of the State and all political subdivisions of the State and public corporations for any purpose for which the deposit of bonds or other obligations of the State is now or may hereafter be authorized.

FINANCIAL ADVISOR

Public Financial Management, Inc., Chicago, Illinois has been retained by the State to serve as Financial Advisor (the “**Financial Advisor**”) with respect to the Series of May 2013 Bonds. Under the terms of its engagement, the Financial Advisor is not obligated to undertake, and has not undertaken to make, an independent verification of or to assume responsibility for the accuracy, completeness or fairness of the information contained in this Official Statement. The Financial Advisor's fee for services rendered with respect to the sale of the Series of May 2013 Bonds is contingent upon the issuance and delivery of the Series of May 2013 Bonds.

AUTHORIZATION

In accordance with the Act and Indenture, the Series of May 2013 Bonds will be issued pursuant to a Bond Sale Order of the Acting Director of the Governor’s Office of Management and Budget (“**Director**”), to be approved by the Governor of the State.

The present office holders are:

Pat Quinn – Governor

Jerome Stermer -- Acting Director of the Governor’s Office of Management and Budget

CERTIFICATE OF THE DIRECTOR

The Director will provide to the purchaser at the time of delivery of the Series of May 2013 Bonds a certificate confirming that, to the best of his knowledge and belief, the Official Statement was, as of its date, and is, as of the date of such delivery, true and correct in all material respects and did not and does not contain an untrue statement of a material fact or omit to state a material fact necessary in order to make the statements made therein, in light of the circumstances under which they were made, not misleading.

ADDITIONAL INFORMATION

The information contained in this Official Statement is subject to change without notice and no implication may or shall be derived there from or from the sale of the Series of May 2013 Bonds that there has been no change in the affairs of the State or the information contained herein since the dates as of which such information is given. APPENDIX A

CERTAIN INFORMATION REGARDING THE STATE OF ILLINOIS

Economic Data

Illinois is a state of diversified economic strength. Personal income and workforce composition in Illinois are similar to that of the United States as a whole. Measured by per capita personal income, Illinois ranks second among the ten most populous states and sixteenth among all states. Illinois ranks third among all states in total cash receipts from crops, second in feed and grain exports, second in soybean and products exports, third in exports of all commodities and ranks among the top states in several measures of manufacturing activity. Chicago serves as the transportation center of the Midwest and the headquarters of many of the nation’s major corporations and financial institutions. Table A-1 shows Illinois has a historically higher per capita GDP than the Great Lakes Region and the United States. Table A-2 compares the workforce composition of Illinois to that of the United States as a whole. Table A-3 shows the distribution of Illinois non-agricultural employment by industry sector.

The Bonds are primarily secured by Sales Tax revenues. Adverse changes in general economic conditions in the State could impact the future rate of growth reflected in the following tables, including the growth and volume of retail sales and Sales Tax revenues. See “CERTAIN INVESTMENT CONSIDERATIONS—Economic Factors.”

APPENDIX B

FORM OF OPINIONS OF CO-BOND COUNSEL

[Date of Delivery]

State of Illinois
Governor’s Office of Management and Budget
State House
Springfield, Illinois

Ladies and Gentlemen:

We have examined a record of proceedings relating to the issuance of \$300,000,000 aggregate principal amount of Build Illinois Bonds (Sales Tax Revenue Bonds), Taxable Series of May 2013 (the “Bonds”) of the State of Illinois (the “State”). The Bonds are direct and limited obligations of the State issued pursuant to the authority of Section 9 of Article IX of the Illinois Constitution of 1970 (the “Constitution”) and the Build Illinois Bond Act, 30 Illinois Compiled Statutes 425/1 *et seq.*, as amended (the “Act”), and under and in accordance with a Master Trust Indenture Securing Build Illinois Bonds (Sales Tax Revenue Bonds) dated as of September 15, 1985 (the “Master Indenture”), as amended and supplemented to date, from the State to U.S. Bank National Association, as successor trustee (the “Trustee”), and a Forty Ninth Supplemental Indenture dated as of May 1, 2013 (the “Forty Ninth Supplemental Indenture”) from the State to the Trustee. The Master Indenture, as supplemented by the Forty Ninth Supplemental Indenture, is sometimes referred to herein as the “Indenture.”

The Bonds are issued and issuable only in fully registered form in the denominations of \$5,000 or any integral multiple thereof. The Bonds are dated May 21, 2013. The Bonds mature on June 15 in each of the following years in the respective principal amount set opposite each such year in the following table, and the Bonds maturing in each such year bear interest from their date payable on December 15, 2013 and semiannually thereafter on June 15 and December 15 in each year at the respective rate of interest per annum set forth opposite such year:

<u>Year</u>	<u>Principal Amount</u>	<u>Rate of Interest</u>	<u>Year</u>	<u>Principal Amount</u>	<u>Rate of Interest</u>
2014	\$12,500,000	1.000%	2026	\$12,500,000	3.150%
2015	12,500,000	2.000	2027	12,500,000	3.250
2016	12,500,000	0.750	2028	12,500,000	3.350
2017	12,500,000	1.750	2029	12,500,000	3.450
2018	12,500,000	2.000	2032	37,500,000	3.750
2019	12,500,000	2.000	2037	62,500,000	3.880
2020	12,500,000	1.930			
2021	12,500,000	2.250			
2022	12,500,000	2.450			
2023	12,500,000	2.600			
2024	12,500,000	2.850			
2025	12,500,000	3.000			

The Series of May 2013 Bonds are subject to optional redemption and sinking fund redemption as set forth in the Official Statement dated May 9, 2013.

The Bonds are “Senior Bonds” as defined and referred to in the Indenture. Under the terms of the Indenture, the State has issued various series of Senior Bonds that are currently outstanding and may authorize and issue additional series of Senior Bonds for the purposes and upon the terms and conditions prescribed in the Indenture. All Senior Bonds are equally entitled to the benefit and security of the Indenture, including the pledge of Revenues (as defined in the Indenture) hereinafter mentioned.

Based upon such examination, we are of the opinion that:

1. The State had and has the right and power under the Constitution and the Act to authorize the Bonds, to enter into the Indenture and to perform its obligations under the Indenture.
2. The Indenture is presently in full force and effect and is binding upon the State in accordance with its terms and is part of the contract of the State with the several owners of the Bonds.
3. The Bonds have been duly authorized and issued, are entitled to the benefits of the Act and the Indenture and are valid and legally binding direct and limited obligations of the State, enforceable in accordance with their terms and payable from the Revenues and the other moneys, securities and funds pledged under the Act and the Indenture. The Bonds are not general obligations of the State and are not secured by a pledge of the full faith and credit of the State. The owners of the Bonds may not require the levy or imposition of any taxes or the application of State revenues or funds for the payment of the Bonds, except as provided in the Act and the Indenture.
4. The Act and the Indenture create a valid pledge constituting a first and prior claim against and charge on the Revenues and an irrevocable, first priority pledge of and lien on moneys on deposit in the Retirement and Interest Fund (as defined in the Indenture) and on the other moneys and securities held or set aside under the Indenture for the benefit and security of the Bonds and any other Senior Bonds, subject to the provisions of the Indenture requiring or permitting the payment, setting apart or application thereof for or to the purposes and on the terms, conditions, priorities and order set forth in or provided under the Indenture.
5. Interest on the Bonds is not excludable from the gross income of the owners thereof for federal income tax purposes. Pursuant to Circular 230, the opinion set forth in this paragraph is not intended or written by Co-Bond Counsel to be used, and cannot be used by any person, for the purpose of avoiding tax penalties that may be imposed under U.S. tax laws. Such opinion is provided to support an offering of the Bonds, and accordingly is written in support of the promotion or marketing of the Bonds. Each taxpayer should seek advice based on the taxpayer's particular circumstances from an independent tax advisor concerning the potential tax consequences of an investment in the Bonds.
6. Interest on the Bonds is not exempt from State of Illinois income taxes.
7. Other than the opinions set forth in paragraphs 5 and 6 above, we express no opinion regarding any other federal or state tax consequences relating to acquisition, ownership or disposition of, or the accrual or receipt of interest on the Bonds.

In rendering the foregoing opinion, we advise you that the enforceability (but not the validity or binding effect) of the Bonds and the Indenture (i) may be limited by any applicable bankruptcy, insolvency or other laws affecting the rights or remedies of creditors generally now or hereafter in effect and (ii) is subject to principles of equity in the event that equitable remedies are sought, either in an action at law or in equity.

Respectfully submitted,

APPENDIX C

CERTAIN DEFINITIONS

“*Act*” means “AN ACT to create the Build Illinois Bond Act and creating and amending various Acts in relation thereto”, Public Act 84-111, approved July 25, 1985, as amended (30 ILCS 425/1 et seq.).

“*Aggregate Debt Service*” means, as of any particular date of computation and with respect to a particular Fiscal Year or other specified 12-month period, an amount of money equal to the aggregate of the amounts of Annual Debt Service with respect to such Fiscal Year or other specified 12-month period and to the Senior Bonds of all Series.

“*Annual Debt Service*” means, as of any particular date of computation and with respect to a particular Fiscal Year or other specified 12-month period and to Senior Bonds of a particular Series, an amount of money equal to the sum of (a) all interest payable during such Fiscal Year or other specified 12-month period on all Bonds of said Series Outstanding on said date of computation (provided that interest on Variable Rate Bonds of said Series shall be included at the Assumed Variable Amount) and (b) all Principal Installments payable during such Fiscal Year or other specified 12-month period with respect to all Bonds of said Series Outstanding on said date of computation, all calculated on the assumption that Bonds of said Series will after said date of computation cease to be Outstanding by reason, but only by reason, of the payment when due and application in accordance with the Indenture and the Supplemental Indenture creating such Series of Principal Installments payable at or after said date of computation. For purposes of this definition the term “interest” shall not include Subordinated Interest and the term “Principal Installments” shall not include Subordinated Principal Installments.

“*Annual Specified Amounts*” means with respect to any Fiscal Year the amounts designated as Annual Specified Amounts in the Sales Tax Acts.

“*Appreciation and Income Bond*” means any Senior Bond or Senior Bonds of a Series sold at a price less than 97 percent of the Compounded Amount thereof payable at maturity, but only if (a) such Bond or Bonds are designated as an Appreciation and Income Bond or Bonds by the Supplemental Indenture providing for the issuance of such Series of Bonds, (b) Annual Debt Service on such Series of Bonds, together with Annual Debt Service on all other Series of Outstanding Bonds, is as nearly level or equal as possible, taking into consideration prevailing financial techniques, including, without limitation, the possible initial delay of principal maturities in early years and the use of Capitalized Interest, the determination by the Director in the applicable Bond Sale Order as to such level Annual Debt Service being final and conclusive, and (c) such Appreciation and Income Bonds may also be designated either serial or term Bonds by the Supplemental Indenture providing for the issuance of such Bonds.

“*Appreciation Bond*” means any Senior Bond or Senior Bonds of a Series sold at a price less than 97 percent of the Compounded Amount thereof payable at maturity, but only if (a) such Bond or Bonds are designated as an Appreciation Bond or Bonds by the Supplemental Indenture providing for the issuance of such Series of Bonds, (b) Annual Debt Service on such Series of Bonds together with Annual Debt Service on all other Series of Outstanding Bonds is as nearly level or equal as possible, taking into consideration prevailing financial techniques, including, without limitation, the possible initial delay of principal maturities in early years and the use of Capitalized Interest, the determination by the Director in the applicable Bond Sale Order as to such level Annual Debt Service being final and conclusive, and (c) such Appreciation Bonds may also be designated either serial or term Bonds by the Supplemental Indenture providing for the issuance of such Bonds.

“*Assumed Variable Amount*” means, as of any particular date of computation and with respect to a particular Fiscal Year or other specified 12-month period and to Variable Rate Bonds of a particular Series of Senior Bonds, an amount of money equal to (a) the interest payable on such Variable Rate Bonds calculated at the maximum rate permitted under the Bond Sale Order and Supplemental Indenture authorizing the issuance of such Variable Rate Bonds, less (b) the amount permitted to be credited, under Section 711 of the Indenture and the terms of such Supplemental Indenture, against the amount of interest on such Variable Rate Bonds required to be included in any computation with respect to such period, including but not limited to, any computation of Annual Debt Service, Certified Annual Debt Service Requirement and Required Bond Transfer. For purposes of this definition the term “interest” shall not include Subordinated Interest.

“*Bond Counsel*” or “*Co-Bond Counsel*” means a firm of attorneys having expertise in the field of law relating to municipal, state and public agency financing, selected by the State and satisfactory to the Trustee.

“*Bondholder*” or “*holder*” or “*owner*” or words of similar import, when used with reference to a Bond, means any person who shall be the bearer of any Outstanding Bond registered to bearer or not registered, or the registered owner of any Outstanding Bond at the time registered other than to bearer.

“*Net Debt Service Requirement*” means, as of any particular date of computation and with respect to a particular Fiscal Year or other specified 12-month period, an amount equal to (a) the Aggregate Debt Service less (b) an amount equal to that portion of Aggregate Debt Service which may be paid when due from any moneys, Federal Obligations and Qualified Investments described in paragraphs (f) and (g) of the definition thereof, together with interest thereon, set aside in trust in the Net Debt Service Account solely for the purpose of paying all or any portion of Aggregate Debt Service; provided that the principal of and interest on such Federal Obligations and Qualified Investments, when due (without reinvestment thereof) will provide moneys which, together with any moneys so set aside, shall be sufficient to pay such portion of Aggregate Debt Service.

“*Outstanding*,” when used with reference to the Bonds, means as of any date, all Bonds theretofore or thereupon being issued pursuant to the Indenture except:

- (a) Bonds canceled by the Trustee or the owner of a Section 209 Obligation, as the case may be, at or prior to such date or theretofore delivered to the Trustee or such owner, as the case may be, for cancellation;
- (b) Bonds (or portions of Bonds) for the payment or redemption of which there shall be held in trust and set aside for such payment or redemption (whether at, prior to or after the maturity or redemption date) moneys or Federal Obligations and Qualified Investments described in paragraphs (f) and (g) of the definition thereof the principal of and interest on which when due or payable will provide moneys, together with the moneys, if any, deposited with the Trustee at the same time, in an amount sufficient to pay the principal or Redemption Price thereof, as the case may be, with interest to the date of maturity or redemption date, and, if such Bonds are to be redeemed, for which notice of such redemption shall have been given as provided in the Master Indenture or in the related Supplemental Indenture or provisions satisfactory to the Trustee shall have been made for the giving of such notice;
- (c) Bonds for the transfer or exchange of, in lieu of or in substitution for which other Bonds shall have been authenticated and delivered pursuant to the Indenture; and
- (d) Bonds deemed to have been paid as provided in Section 1201 of the Indenture or in any Supplemental Indenture.

“*Principal Installment*” means as of any particular date of computation and with respect to Bonds of a particular Series or particular Section 209 Obligations, an amount of money equal to the aggregate of (i) the principal amount of Outstanding Bonds or Section 209 Obligations which mature on a single future date, reduced by the aggregate principal amount of such Outstanding Bonds or Section 209 Obligations which would at or before said future date be retired by reason of the payment when due and application in accordance with the Indenture of Sinking Fund Payments payable at or before said future date for the retirement of such Outstanding Bonds or Section 209 Obligations, plus (ii) the amount of any Sinking Fund Payments payable on said future date for the retirement of any Outstanding Bonds of such Series or said Section 209 Obligations, and said future date shall, for all purposes of the Indenture, be deemed to be the date when such Principal Installment is payable and the date of such Principal Installment.

“*Program Expense Fund*” means the Program Expense Fund created by Section 501 of the Indenture.

“*Program Expenses*” means any item of expense relating to the Bonds payable or reimbursable, directly or indirectly, by the State and relating to the fees and charges of any Fiduciary or registrar, costs of credit or liquidity enhancement arrangements, fees of indexing or remarketing agents and costs of entering into interest rate swaps, guarantees or arrangements to limit interest rate risk; provided, however, that Program Expenses shall not include any item of expense which is a Cost of Issuance.

“*Qualified Financial Institution*” means any bank, insurance company, corporation or other person having capital, surplus and undivided profits or net worth aggregating not less than \$100,000,000 and whose senior debt is rated in one of the two highest rating categories by at least two nationally recognized rating agencies; provided that such bank, insurance company, corporation or person shall further meet the requirements imposed by the Act for banks, insurance companies or other persons executing arrangements with the State with respect to interest rate swaps or guarantees or financial futures contracts for the purpose of limiting or restricting interest rate risk.

“*Qualified Investments*” means:

- (a) Federal Obligations;
- (b) Deposits in interest-bearing deposits or certificates of deposit or similar arrangements issued by any bank or national banking association, including a Fiduciary, which deposits, to the extent not insured by the Federal Deposit Insurance Corporation, shall be secured by Qualified Collateral having a current market value (exclusive of accrued interest) at all times at least equal to 102 percent of the amount of such deposits, and which Qualified Collateral shall have been deposited in trust by such bank or national banking association with the trust department of the Trustee or with a Federal Reserve Bank or branch or, with the written approval of the State and the Trustee, with another bank, trust company or national banking association for the benefit of the State and the appropriate Fund or Account as collateral security for such deposits;
- (c) Direct and general obligations of any state of the United States of America, any direct obligations of the State, or any direct obligations of any political subdivision of the State which, in each case, are rated not less than AA or Aa or their equivalents by two nationally recognized bond rating agencies;
- (d) Obligations issued by any of the following agencies: Banks for Cooperatives, Federal Intermediate Credit Banks, Federal Home Loan Banks System, Federal Land Banks, Export-Import Bank, Tennessee Valley Authority, Government National Mortgage Association, Farmers Home Administration, United States Postal Service, and the Federal National Mortgage Association to the extent that such obligations are guaranteed by the Government National Mortgage Association, any agency or instrumentality of the United States of America and any corporation controlled and supervised by, and acting as an agency or instrumentality of, the United States of America;
- (e) Repurchase agreements extending not beyond 30 calendar days with banks which are members of the Federal Reserve System having capital, surplus and undivided profits of at least \$100,000,000 or with government bond dealers having capital, surplus and undivided profits or net worth of at least \$100,000,000 and recognized as primary dealers by the Federal Reserve Bank of New York that are secured by Federal Obligations having a current market value (inclusive of accrued interest) at all times at least equal to 102 percent of the full amount of the repurchase agreement, and which Federal Obligations shall have been deposited in trust by such banks or dealers with the trust department of the Trustee or with a Federal Reserve Bank or branch, or with the written approval of the State and the Trustee, with another bank, trust company or national banking association for the benefit of the State and the appropriate Fund or Account as collateral security for such repurchase agreements;
- (f) Public housing bonds issued by public housing authorities and fully secured as to the payment of both principal and interest by a pledge of annual contributions under an annual contributions contract or contracts with the United States of America, or project notes issued by public housing authorities, or project notes issued by local public agencies, in each case fully secured as to the

payment of both principal and interest by a requisition or payment agreement with the United States of America; and

- (g) Any bonds or other obligations of any state of the United States of America or of any agency, instrumentality or local governmental unit of any such state (i) which are not callable prior to maturity or as to which irrevocable instructions have been given to the trustee of such bonds or other obligations by the obligor to give due notice of redemption and to call such bonds or obligations for redemption on the date or dates specified in such instructions, (ii) which are secured as to principal and interest and redemption premium, if any, by a fund consisting only of cash or bonds or other obligations of the character described in the definition of Federal Obligation which may be applied only to the payment of such principal of and interest and redemption premium, if any, on such bonds or other obligations on the maturity date or dates thereof or the redemption date or dates specified in the irrevocable instructions referred to in clause (i) of this paragraph (g), as appropriate, and (iii) as to which the principal of and interest on the bonds and obligations of the character described in the definition of Federal Obligation which have been deposited in such fund along with any cash on deposit in such fund are sufficient to pay principal of and interest and redemption premium, if any, on the bonds or other obligations described in this paragraph (g) on the maturity date or dates thereof or on the redemption date or dates specified in the irrevocable instructions referred to in clause (i) of this paragraph (g), as appropriate.

“*Record Date*” means the fifteenth (15th) day (whether or not a business day) next preceding any interest payment date, including any interest payment date resulting from an optional redemption of Series of May 2013 Bonds on a date other than June 15 or December 15.

“*Redemption Price*” means with respect to any Series of Bonds or any particular Section 209 Obligations, the principal amount of the Bonds or Section 209 Obligations plus the applicable premium, if any, payable upon redemption thereof pursuant to the provisions of such Bonds or Section 209 Obligations or the Supplemental Indenture creating such Series or the instrument creating such Section 209 Obligations.

APPENDIX E

GLOBAL BOOK-ENTRY SYSTEM

The following information concerning the Depository Trust Company, New York, New York, (“DTC”) has been furnished by DTC for use in this Official Statement. The State is not responsible for its accuracy or completeness.

DTC, will act as securities depository for the Series of May 2013 Bonds. The Series of May 2013 Bonds will be issued as fully-registered securities registered in the name of Cede & Co. (DTC’s partnership nominee) or such other name as may be requested by an authorized representative of DTC. One fully-registered bond certificate will be issued for each maturity of the Series of May 2013 Bonds, each in the aggregate principal amount of such maturity, and will be deposited with DTC.

DTC, the world’s largest securities depository, is a limited-purpose trust company organized under the New York Banking Law, a “banking organization” within the meaning of the New York Banking Law, a member of the Federal Reserve System, a “clearing corporation” within the meaning of the New York Uniform Commercial Code, and a “clearing agency” registered pursuant to the provisions of Section 17A of the Securities Exchange Act of 1934. DTC holds and provides asset servicing for over 3.5 million issues of U.S. and non-U.S. equity issues, corporate and municipal debt issues, and money market instruments from over 100 countries that DTC’s participants (“**Direct Participants**”) deposit with DTC. DTC also facilitates the post-trade settlement among Direct Participants of sales and other securities transactions in deposited securities, through electronic computerized book-entry transfers and pledges between Direct Participants’ accounts. This eliminates the need for physical movement of securities certificates. Direct Participants include both U.S. and non-U.S. securities brokers and dealers, banks, trust companies, clearing corporations, and certain other organizations. DTC is a wholly-owned subsidiary of The Depository Trust & Clearing Corporation (“**DTCC**”). DTCC is the holding company for DTC, National Securities Clearing Corporation, and Fixed Income Clearing Corporation all of which are registered clearing agencies. DTC is owned by users of its regulated subsidiaries. Access to the DTC system is also available to others such as both U.S. and non-U.S. securities brokers and dealers, banks, trust companies, and clearing corporations that clear through or maintain a custodial relationship with a Direct Participant, either directly or indirectly (“**Indirect Participants**”). DTC has Standard & Poor’s rating of AA+. The DTC Rules applicable to its Participants are on file with the Securities and Exchange Commission. More information about DTC can be found at www.dtcc.com and www.dtc.org.

Purchases of Bonds under the DTC system must be made by or through Direct Participants, which will receive a credit for the Series of May 2013 Bonds on DTC’s records. The ownership interest of each actual purchaser of each Bond (“**Beneficial Owner**”) is in turn to be recorded on the Direct and Indirect Participants’ records. Beneficial Owners will not receive written confirmation from DTC of their purchase. Beneficial Owners are, however, expected to receive written confirmations providing details of the transaction, as well as periodic statements of their holdings, from the Direct or Indirect Participant through which the Beneficial Owner entered into the transaction. Transfers of ownership interests in the Series of May 2013 Bonds are to be accomplished by entries made on the books of Direct and Indirect Participants acting on behalf of Beneficial Owners. Beneficial Owners will not receive certificates representing their ownership interests in the Series of May 2013 Bonds, except in the event that use of the book-entry system for the Series of May 2013 Bonds is discontinued.

To facilitate subsequent transfers, all Bonds deposited by Direct Participants with DTC are registered in the name of DTC’s partnership nominee, Cede & Co. or such other name as may be requested by an authorized representative of DTC. The deposit of Bonds with DTC and their registration in the name of Cede & Co., or such other DTC nominee, do not effect any change in beneficial ownership. DTC has no knowledge of the actual Beneficial Owners of the Series of May 2013 Bonds; DTC’s records reflect only the identity of the Direct Participants to whose accounts such Bonds are credited, which may or may not be the Beneficial Owners. The Direct and Indirect Participants will remain responsible for keeping account of their holdings on behalf of their customers.

Conveyance of notices and other communications by DTC to Direct Participants, by Direct Participants to Indirect Participants, and by Direct Participants and Indirect Participants to Beneficial Owners will be governed by arrangements among them, subject to any statutory or regulatory requirements as may be in effect from time to time.

Redemption notices shall be sent to DTC. If less than all of the Series of May 2013 Bonds within a maturity are being redeemed, DTC's practice is to determine by lot the amount of the interest of each Direct Participant in such maturity to be redeemed.

Neither DTC nor Cede & Co. (nor any other DTC nominee) will consent or vote with respect to Bonds unless authorized by a Direct Participant in accordance with DTC's Procedures. Under its usual procedures, DTC mails an Omnibus Proxy to the State as soon as possible after the record date. The Omnibus Proxy assigns Cede & Co.'s consenting or voting rights to those Direct Participants to whose accounts the Series of May 2013 Bonds are credited on the record date (identified in a listing attached to the Omnibus Proxy).

Principal and interest payments (including redemption proceeds) on the Series of May 2013 Bonds will be made to Cede & Co. or such other nominee as may be requested by an authorized representative of DTC. DTC's practice is to credit Direct Participants' accounts, upon DTC's receipt of funds and corresponding detail information from the State or the Trustee, as bond registrar and paying agent for the Series of May 2013 Bonds ("**Bond Registrar**"), on payable date in accordance with their respective holdings shown on DTC's records. Payments by Participants to Beneficial Owners will be governed by standing instructions and customary practices, as is the case with securities held for the accounts of customers in bearer form or registered in "street name," and will be the responsibility of such Participant and not of DTC, the Bond Registrar, or the State, subject to any statutory or regulatory requirements as may be in effect from time to time. Payment of principal and interest (including redemption proceeds) to Cede & Co. (or such other nominee as may be requested by an authorized representative of DTC) is the responsibility of the State or the Bond Registrar, disbursement of such payments to Direct Participants shall be the responsibility of DTC, and disbursement of such payments to the Beneficial Owners shall be the responsibility of Direct and Indirect Participants.

DTC may discontinue providing its services as securities depository with respect to the Series of May 2013 Bonds at any time by giving reasonable notice to the State or the Bond Registrar. Under such circumstances, in the event that a successor securities depository is not obtained, Bond certificates are required to be printed and delivered.

The State may decide to discontinue use of the system of book-entry transfers through DTC (or a successor securities depository). In that event, Bond certificates will be printed and delivered.

The information in this Official Statement concerning DTC and DTC's book-entry system has been obtained from sources that the State believes to be reliable, but the State takes no responsibility for the accuracy thereof.

APPENDIX F

CONTINUING DISCLOSURE UNDERTAKING

The following is a brief summary of certain provisions of the Undertaking of the State and does not purport to be complete. The statements made under this caption are subject to the detailed provisions of the Undertaking, a copy of which is available upon request from the State.

Annual Financial Information Disclosure

The State covenants that it will disseminate its Annual Financial Information and its Audited Financial Statements, if any (as described below), to the Municipal Securities Rulemaking Board (“MSRB”) through its Electronic Municipal Market Access (“EMMA”) system. The State is required to deliver such information so that such entities receive the information by the dates specified in the Undertaking and described below.

All or a portion of the Annual Financial Information and the Audited Financial Statements may be included by reference to other documents, including other official statements (subject to the following sentence), which have been submitted to EMMA or filed with the SEC. If the information included by reference is contained in a final official statement, the final official statement must be submitted by the State to the MSRB through EMMA.

“Annual Financial Information” means sales tax information of the type contained herein in the tables entitled “Sales Tax Revenues” and “Monthly Sales Tax Revenues.” Annual Financial Information exclusive of Audited Financial Statements will be provided to EMMA within 330 days after the last day of the State’s Fiscal Year.

“Audited Financial Statements” means the Comprehensive Annual Financial Report of the State prepared in accordance with generally accepted accounting principles applicable to governmental units as in effect from time to time Audited Financial Statements will be provided through EMMA within 30 days after their availability to the Governor’s Office of Management and Budget.

Events Notification; Reportable Events Disclosure

The State covenants that it will disseminate to EMMA in a timely manner not in excess of ten business days after the occurrence of the “Reportable Event” (as described below), to the MSRB in an electronic format as prescribed by the MSRB, the disclosure of a Reportable Event. Certain Reportable Events are required to be disclosed only to the extent that such Reportable Event is material, as materiality is interpreted under the Securities Exchange Act of 1934, as amended. The “Reportable Events,” certain of which may not be applicable to the Series of May 2013 Bonds, are:

- principal and interest payment delinquencies on the Series of May 2013 Bonds;
- occurrence of any default under and as defined in the Indenture (other than as described above), if material;
- unscheduled draws on debt service reserves reflecting financial difficulties;
- unscheduled draws on credit enhancements reflecting financial difficulties;
- substitution of credit or liquidity providers, or their failure to perform;
- adverse tax opinions, the issuance by the Internal Revenue Service of proposed or final determinations of taxability, Notices of Proposed Issue (IRS Form 5701-TEB) or other material notices or determinations with respect to the tax status of the security, or other material events affecting the tax status of the security;
- amendments to the Indenture modifying the rights of the beneficial owners of the Series of May 2013 Bonds, if material;

- bond calls, if material, and tender offers of the Series of May 2013 Bonds;
- defeasances of the Series of May 2013 Bonds or any portion thereof;
- release, substitution or sale of property securing repayment of the Series of May 2013 Bonds, if material;
- any change in any rating that relates to the Series of May 2013 Bonds, the State, an obligated person, credit enhancer or liquidity provider for the Series of May 2013 Bonds that could affect the value of the Series of May 2013 Bonds;
- Bankruptcy, insolvency, receivership or similar event of the State.*
- The consummation of a merger, consolidation, or acquisition involving the State or the sale of all or substantially all of the assets of the State, other than in the ordinary course of business, the entry into a definitive agreement to undertake such an action or the termination of a definitive agreement relating to any such actions, other than pursuant to its terms, if material.
- Appointment of a successor or additional trustee or the change of name of a trustee, if material.

Consequences of Failure of the State to Provide Information

The State shall give notice in a timely manner to EMMA and to the SID, if any, of any failure to provide disclosure of Annual Financial Information and Audited Financial Statements when the same are due under the Undertaking.

In the event of a failure of the State to comply with any provision of the Undertaking, the beneficial owner of any Series of May 2013 Bond may seek mandamus or specific performance by court order, to cause the State to comply with its obligations under the Undertaking. A default under the Undertaking shall not be deemed a default under the Indenture, and the sole remedy under the Undertaking in the event of any failure of the State to comply with the Undertaking shall be an action to compel performance.

Amendment; Waiver

Notwithstanding any other provision of the Undertaking, the State by a duly enacted order authorizing such amendment or waiver, may amend the Undertaking, and any provision of the Undertaking may be waived, if:

- (a) The amendment or the waiver is made in connection with a change in circumstances that arises from a change in legal requirements, change in law, or change in the identity, nature, or status of the State, or type of business conducted;
- (b) The Undertaking, as amended, or the provision, as waived, would have complied with the requirements of the Rule at the time of the primary offering, after taking into account any amendments or interpretations of the Rule, as well as any change in circumstances; and
- (c) The amendment or waiver does not materially impair the interests of the beneficial owners of the Series of May 2013 Bonds, as determined either by a party unaffiliated with the State (such as bond counsel).

* This event is considered to occur when any of the following occur: the appointment of a receiver, fiscal agent or similar officer for the Issuer in a proceeding under the U.S. Bankruptcy Code or in any other proceeding under state or federal law in which a court or governmental authority has assumed jurisdiction over substantially all of the assets or business of the State, or if such jurisdiction has been assumed by leaving the existing governing body and officials or officers in possession but subject to the supervision and orders of a court or governmental authority, or the entry of an order confirming a plan of reorganization, arrangement or liquidation by a court or governmental authority having supervision or jurisdiction over substantially all of the assets or business of the State.

Termination of Undertaking

The Undertaking shall be terminated if the State shall no longer have any legal liability for any obligation on or relating to repayment of the Series of May 2013 Bonds under the Indenture. The State shall give notice to EMMA in a timely manner if this paragraph is applicable.

Additional Information

Nothing in the Undertaking shall be deemed to prevent the State from disseminating any other information, using the means of dissemination set forth in the Undertaking or any other means of communication, or including any other information in any Annual Financial Information or Audited Financial Statements or notice of occurrence of a Reportable Event, in addition to that which is required by the Undertaking. If the State chooses to include any information from any document or notice of occurrence of a Reportable Event in addition to that which is specifically required by the Undertaking, the State shall have no obligation under the Undertaking to update such information or include it in any future disclosure or notice of occurrence of a Reportable Event.

Dissemination Agent

The State may, from time to time, appoint or engage a Dissemination Agent to assist it in carrying out its obligations under the Undertaking, and may discharge any such Agent, with or without appointing a successor Dissemination Agent.
