APPENDIX A

FORM OF OPINION OF BOND COUNSEL

[Date of Delivery]

State of Illinois
Governor's Office of Management
and Budget
State House
Springfield, Illinois

Ladies and Gentlemen:

We have examined a record of proceedings relating to the issuance of \$154,920,000 aggregate principal amount of Build Illinois Bonds (Sales Tax Revenue Bonds) Series A of December 2009 (the "Bonds") of the State of Illinois (the "State"). The Bonds are direct and limited obligations of the State issued pursuant to the authority of Section 9 of Article IX of the Illinois Constitution of 1970 (the "Constitution") and the Build Illinois Bond Act, 30 Illinois Compiled Statutes 425/1 *et seq.*, as amended (the "Act"), and under and in accordance with a Master Trust Indenture Securing Build Illinois Bonds (Sales Tax Revenue Bonds) dated as of September 15, 1985 (the "Master Indenture"), as amended and supplemented to date, from the State to U.S. Bank National Association, as successor trustee (the "Trustee"), and a Forty Fourth Supplemental Indenture dated as of December 1, 2009 (the "Forty Fourth Supplemental Indenture") from the State to the Trustee. The Master Indenture, as supplemented by the Forty Fourth Supplemental Indenture, is sometimes referred to herein as the "Indenture."

The Bonds are issued and issuable only in fully registered form in the denominations of \$5,000 or any integral multiple thereof. The Bonds are dated December 23, 2009. The Bonds mature on June 15 in each of the following years in the respective principal amount set opposite each such year in the following table, and the Bonds maturing in each such year bear interest from their date payable on June 15, 2010 and semiannually thereafter on June 15 and December 15 in each year at the respective rate of interest per annum set forth opposite such year:

<u>Year</u>	<u>Principal Amount</u>	<u>Rate of Interest</u>	<u>Year</u>	<u>Principal Amount</u>	<u>Rate of Interest</u>
2011	\$6,455,000	5.000%	2023	\$6,455,000	4.000%
2012	6,455,000	3.500	2024	6,455,000	4.000
2013	6,455,000	3.500	2025	6,455,000	4.250
2014	6,455,000	3.500	2026	6,455,000	4.250
2015	6,455,000	3.750	2027	6,455,000	5.000
2016	6,455,000	4.000	2028	6,455,000	5.000
2017	6,455,000	4.000	2029	6,455,000	5.000
2018	6,455,000	4.000	2034	32,275,000	4.750
2019	6,455,000	4.000			
2020	6,455,000	4.000			
2021	6,455,000	4.000			
2022	6,455,000	4.500			

The Bonds maturing on or after June 15, 2020 are subject to redemption prior to maturity at the option of the State in such principal amounts and from such maturities as the State shall determine, and by lot within a single maturity, on June 15, 2019 and on any date thereafter, at a redemption price equal to the principal amount of each Bond to be redeemed plus accrued interest to the date of redemption. The Bonds are also subject to mandatory redemption on the terms set forth in the Forty Fourth Supplemental Indenture.

The Bonds are “Senior Bonds” as defined and referred to in the Indenture. Under the terms of the Indenture, the State has issued various series of Senior Bonds that are currently outstanding and may authorize and issue additional series of Senior Bonds for the purposes and upon the terms and conditions prescribed in the Indenture. All Senior Bonds are equally entitled to the benefit and security of the Indenture, including the pledge of Revenues (as defined in the Indenture) hereinafter mentioned.

Based upon such examination, we are of the opinion that:

1. The State had and has the right and power under the Constitution and the Act to authorize the Bonds, to enter into the Indenture and to perform its obligations under the Indenture.
2. The Indenture is presently in full force and effect and is binding upon the State in accordance with its terms and is part of the contract of the State with the several owners of the Bonds.
3. The Bonds have been duly authorized and issued, are entitled to the benefits of the Act and the Indenture and are valid and legally binding direct and limited obligations of the State, enforceable in accordance with their terms and payable from the Revenues and the other moneys, securities and funds pledged under the Act and the Indenture. The Bonds are not general obligations of the State and are not secured by a pledge of the full faith and credit of the State. The owners of the Bonds may not require the levy or imposition of any taxes or the application of State revenues or funds for the payment of the Bonds, except as provided in the Act and the Indenture.

4. The Act and the Indenture create a valid pledge constituting a first and prior claim against and charge on the Revenues and an irrevocable, first priority pledge of and lien on moneys on deposit in the Retirement and Interest Fund (as defined in the Indenture) and on the other moneys and securities held or set aside under the Indenture for the benefit and security of the Bonds and any other Senior Bonds, subject to the provisions of the Indenture requiring or permitting the payment, setting apart or application thereof for or to the purposes and on the terms, conditions, priorities and order set forth in or provided under the Indenture.

5. Under existing laws, regulations, rulings and judicial decisions, interest on the Bonds is excludable from gross income for federal income tax purposes, and is not a specific preference item for purposes of the federal alternative minimum tax. The opinion described in the preceding sentence assumes compliance by the Issuer with covenants designed to satisfy the requirements of the Internal Revenue Code of 1986 (the "Code") that must be met subsequent to the issuance of the Bonds. Failure to comply with such requirements could cause interest on the Bonds to be included in gross income for federal income tax purposes retroactive to the date of issuance of the Bonds. The Issuer has covenanted to comply with such requirements. We have expressed no opinion regarding other federal tax consequences arising with respect to the Bonds. Interest on the Bonds is not exempt from income taxes imposed by the State of Illinois.

In rendering the foregoing opinion, we advise you that the enforceability (but not the validity or binding effect) of the Bonds and the Indenture (i) may be limited by any applicable bankruptcy, insolvency or other laws affecting the rights or remedies of creditors generally now or hereafter in effect and (ii) is subject to principles of equity in the event that equitable remedies are sought, either in an action at law or in equity.

Respectfully submitted,

within 45 days following the date one year after the Judgment Date. See “THE OFFERING—Extraordinary Redemption” and “LITIGATION”.

**Security for the
December 2009A Bonds**

The Bonds (as herein defined and which include the Series A of December 2009 Bonds), are direct limited obligations of the State payable solely from and secured by an irrevocable, first priority pledge of and lien on moneys on deposit in the Retirement and Interest Fund, a separate fund in the State Treasury, and certain other moneys and securities held by the Trustee under the provisions of the Indenture. The Net State Share of Sales Tax Revenues constitutes the primary source of the moneys which are ultimately transferred to the Retirement and Interest Fund for payment of debt service on the Bonds. The Bonds have a first and prior claim on these revenue sources until each monthly transfer is made to the Retirement and Interest Fund as required by the Act. The Bonds are not general obligations of the State and are not secured by the full faith and credit of the State. See “SECURITY FOR THE SERIES A OF DECEMBER 2009 BONDS”.

**Irrevocable and
Continuing Appropriation**

The Act and the Indenture require the State to appropriate for each Fiscal Year an amount equal to the Required Bond Transfer for such Fiscal Year. The Act further provides that, in the event such appropriation is not made, the Act constitutes an irrevocable and continuing appropriation of such amount and constitutes the irrevocable and continuing authority and direction to the State Treasurer and Comptroller to make the necessary transfers and deposits, as directed by the Governor, and to make the payments as required by the Act. See “SECURITY FOR THE SERIES A OF DECEMBER 2009 BONDS - Pledge and State Covenant”.

Additional Senior Bonds

The maximum Net Debt Service Requirement on all Outstanding Senior Bonds and any proposed additional Senior Bonds may not exceed 5% of Sales Tax Revenues received by the State for the then most recently completed Fiscal Year. As of the date of issuance of any Series of Senior Bonds, Sales Tax revenues for the then most recently completed Fiscal Year must provide not less than 19.65 times the maximum Net Debt Service Requirement for all Outstanding Senior Bonds and for such Series. See “SECURITY FOR THE SERIES A OF DECEMBER 2009 BONDS - Issuance of Additional Bonds”.

Debt Service Reserve

The Indenture requires the State to certify before the issuance of any Senior Bonds that the Debt Service Reserve Requirement (equal to 50% of maximum Aggregate Debt Service) will be met within 24 months from the date of issuance of such Senior Bonds. As of the date of issuance the Debt Service Reserve is fully funded.

The Master Indenture and the Forty-Fourth Supplemental Indenture are herein collectively called the “**Indenture**”. The Series A of December 2009 Bonds are authorized by the Act and the Indenture to be issued by the State for the Build Illinois program.

The Series A of December 2009 Bonds and all additional bonds previously and hereafter issued pursuant to the Act and the Indenture which are secured equally and ratably with the Series A of December 2009 Bonds are herein called “**Senior Bonds**”. All Senior Bonds and all additional bonds and other obligations previously and hereafter issued pursuant to the Act and the Indenture are herein called “**Bonds**”. The Series A of December 2009 Bonds will be the forty-fourth series of Senior Bonds issued under the Act. Prior to the issuance of the Series A of December 2009 Bonds, \$1,963,680,792 of Bonds were outstanding on June 30, 2009. All Bonds previously issued are Senior Bonds. (See Appendix D.)

The Indenture constitutes a contract between the State and the holders of all Bonds. Certain 1985 amendments to “An Act in relation to State Finance”, approved June 10, 1919, as amended (“**Finance Act**”), and to the laws imposing the State’s Sales Taxes (“**Sales Tax Acts**”) relating to the payment of and security for the Bonds are also included in the Act. Pursuant to a separate offering, the State anticipates issuing additional Bonds in the approximate amount of \$370,000,000 on or before December 23, 2009 (the “**Series B of December 2009 Bonds**”). The Series B of December 2009 Bonds will be governed by and issued in accordance with the terms of the Master Indenture and any supplemental indenture entered into in relation thereto.

THE STATE

The State of Illinois, with a population of approximately 12.9 million persons, is a state of diversified economic strength. Measured by per capita personal income, the State ranks fourth among the ten most populous states and fourteenth overall. (See Table A-7 included in Appendix A.) The State ranks fifth among all states in total cash

receipts from agriculture (see Table A-3 included in Appendix A), while also ranking among the top states in several measures of manufacturing. The City of Chicago serves as the transportation center of the Midwest and the headquarters of many of the nation's major corporations and financial institutions.

Certain additional information regarding the State, including economic, statistical and financial data, is included in Appendix A. Adverse changes in general economic conditions could impact the future rate of growth reflected in such data, including the growth and volume of retail sales and Sales Tax revenues, which are the primary security for the Bonds.

BUILD ILLINOIS

The Build Illinois program, created by the Act in 1985, expands the State's overall efforts in economic development through the funding of projects within the following categories:

- construction, reconstruction, modernization, and extension of the State's infrastructure;
- development and improvement of educational, scientific, technical and vocational programs and facilities and expansion of health and human services in the State;
- protection, preservation, restoration, and conservation of the State's environmental and natural resources; and
- provision of incentives for the location and expansion of businesses in Illinois resulting in increased employment.

Originally authorized as \$948 million in bonds and \$380 million from current tax revenues, the Build Illinois authorization has been adjusted several times to the current authorization level of \$4,616 million in bonds.

The Series A of December 2009 Bonds are direct, limited obligations of the State. The table below shows the statutory Build Illinois Bond authorization for all Bonds (other than refunding Bonds) as of July 31, 2009.

**Build Illinois Bonds

In addition to the \$4,616 million of Bonds authorized under the Act for project financing, Bonds may be issued for the purpose of refunding or advance refunding any Bonds previously issued under the Act.

The State is authorized to use unexpended Bond proceeds to redeem (in accordance with the redemption provisions for each Series of Bonds), purchase, advance refund, or defease outstanding Bonds. Pursuant to this provision, on August 1, 1989, the State completed a defeasance of \$30.7 million of the \$40 million aggregate principal amount of Series T-1 Bonds using unspent Series T-1 proceeds and other available funds held by the Trustee. Only \$9.3 million of the Series T-1 proceeds are reflected as Authorization Used in the above table.

Optional Redemption

The Series A of December 2009 Bonds maturing on or after June 15, 2020 are redeemable at the option of the State on or after June 15, 2019, either as a whole or in part in integral multiples of \$5,000 from such maturities as may be selected by the State (with less than all the Series A of December 2009 Bonds of a single maturity to be selected by lot) on any date, from any moneys that may be provided for such purpose, including without limitation, the proceeds of any refunding bonds, unspent proceeds of prior bond issues, and any amounts in the General Reserve Fund, at the redemption price of par plus accrued interest to the date of redemption.

Optional Designation of Term Bonds

Bidders have the option to designate and aggregate up to five maturities, per term, of the Series A of December 2009 Bonds as one or two maturities of term bonds (the “Term Bonds”). Each designated maturity of Term Bonds shall be subject to mandatory sinking fund redemption at par in one or more consecutive years immediately preceding the

year of maturity. Such mandatory sinking fund redemptions and payments at maturity shall be in the respective principal amounts shown for such years in the above table. Any of such serial maturities so designated as Term Bonds will mature serially in the amounts and at the times set forth in the above table.

If the Series A of December 2009 Bonds are awarded to a bidder submitting a bid designating one or two maturities of Term Bonds, then each designated maturity of Term Bonds shall be subject to mandatory sinking fund redemption prior to maturity, by lot, at the principal amount thereof, plus accrued interest to the date of redemption thereof, from mandatory sinking fund payments that are required to be made in each designated year prior to maturity in amounts sufficient to redeem the principal amount of such bonds shown for such years in the above table.

The State may provide for the purchase of Term Bonds that are subject to mandatory redemption from its lawfully available funds on or prior to the 60th day preceding any date of mandatory redemption in an amount sufficient to retire the required amount of such Term Bonds on such mandatory redemption date. Any Term Bonds so purchased will be cancelled and credited against the mandatory sinking fund payments due on such mandatory redemption date.

Extraordinary Redemption

Public Act 96-35, which is one of the Public Acts (defined below) authorizes the appropriation of additional funds to be used for some of the capital projects which may be financed by the proceeds of the Series A of December 2009 Bonds. The constitutionality of Public Act 96-35 is currently being challenged. (See “LITIGATION”). In the event that a court of competent jurisdiction, after exhaustion of all appeal rights (or the State determines not to appeal the judgment), determines that Public 96-35 is unconstitutional (the “**Judgment Date**”), the State shall have one year from the Judgment Date to either reappropriate those projects pursuant to a different appropriations act or to identify alternate projects appropriated pursuant to other appropriations acts. If the State fails to either reappropriate the projects or identify alternate projects by the date one year after the Judgment Date, it shall notify the Trustee, and the Trustee shall establish an extraordinary redemption date, which shall be a Business Day within 45 days following the date one year after the Judgment Date. Such redemption shall be funded by the unspent Series A of December 2009 Bond proceeds as of the close of business on the one-year anniversary of the Judgment Date (or if such day is not a Business Day, the next succeeding Business Day). The redemption price shall be 100% of the principal amount of the Series A of December 2009 Bonds so redeemed, plus accrued interest to the redemption date. The principal amount to be redeemed shall be the largest multiple of \$5,000 that can be paid from the Series A of December 2009 Bond proceeds that have not been allocated to lawfully appropriated projects.

Notice of Redemption

At least 30 days before the redemption date of any Series A of December 2009 Bond, the Trustee shall cause notice of such redemption to be mailed postage prepaid to all Bondholders owning or holding Series A of December 2009 Bonds or portions of Series A of December 2009 Bonds to be redeemed at their addresses as they appear on the registration books; provided, however, that failure to mail such notice to any Bondholder shall not affect the validity of the proceedings for redemption of the Series A of December 2009 Bonds being redeemed.

SECURITY FOR THE SERIES A OF DECEMBER 2009 BONDS

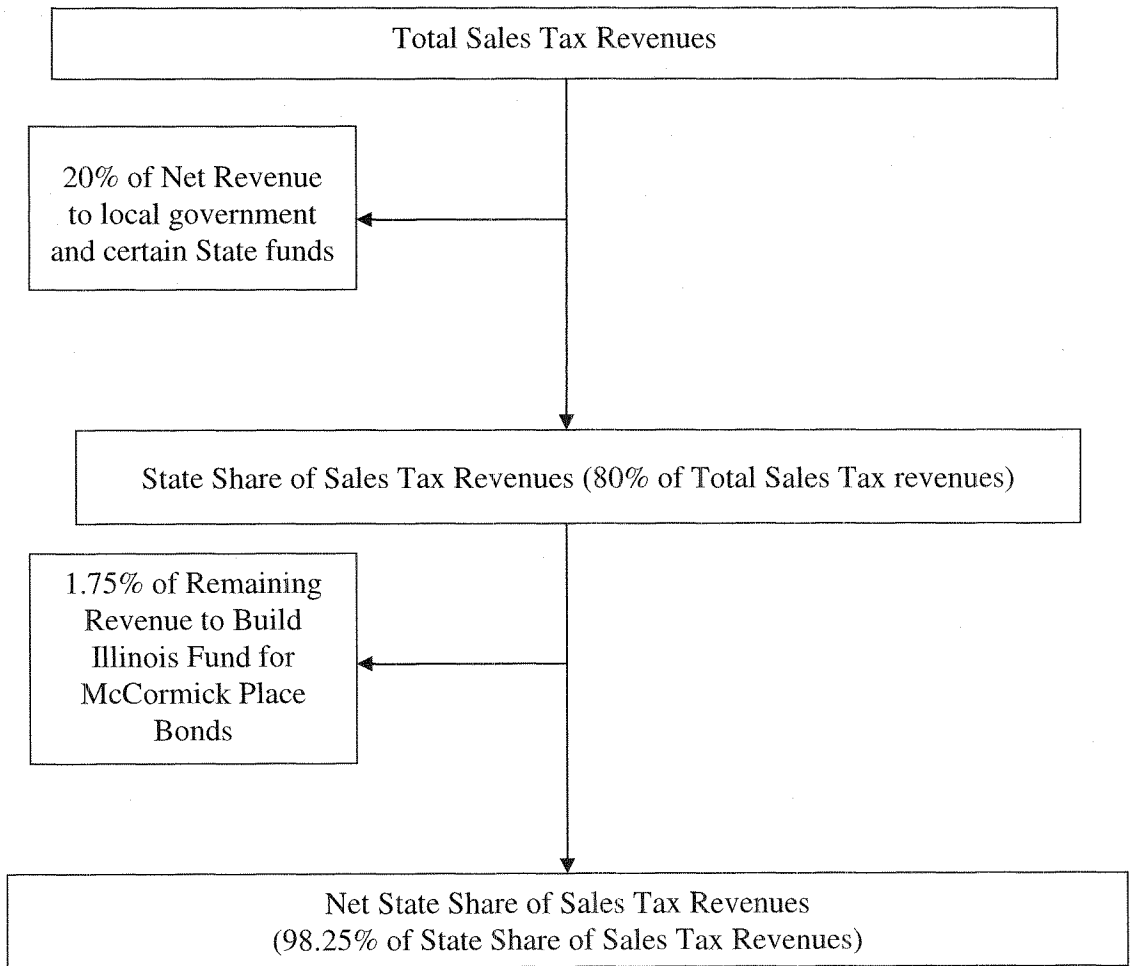

The Series A of December 2009 Bonds are direct, limited obligations of the State payable solely from and secured by an irrevocable, first priority pledge of and lien on moneys on deposit in the Build Illinois Bond Retirement and Interest Fund, a separate fund in the State Treasury (“**Retirement and Interest Fund**”), and certain other moneys and securities held by the Trustee under the Indenture. Under the Act, the State has pledged to the payment of the Series A of December 2009 Bonds the tax revenues and other moneys from whatever source which by law are required to be deposited into the Build Illinois Fund for the purposes of making the monthly transfers to and payments from the Retirement and Interest Fund as required by the Act (the “**Revenues**” as more specifically defined in Appendix C). Such pledge constitutes a first and prior claim against and charge on the Revenues.

The State’s Sales Tax revenues constitute the primary source of payment of debt service on the Series A of December 2009 Bonds. As described below under “Revenues,” twenty percent of the Sales Tax receipts collected under the Sales Tax Acts are distributed to local governments and certain State funds and the remaining eighty percent of such receipts as collected (other than 1.75% of such 80%) are subject to a first and prior claim and charge

in support of the Bonds until each monthly transfer to the Retirement and Interest Fund has been made as required by the Act. The “**State Share of Sales Tax Revenues**” include only the State’s 80 percent portion of total collected Sales Tax Revenues. An amount equal to 1.75% of the State’s Share of Sales Tax Revenues are pledged to the payment of debt service on the McCormick Place Bonds (as defined below). The “**Net State Share of Sales Tax Revenues**” include only 98.25 percent of the State Share of Sales Tax Revenues. The Net State Share of Sales Tax Revenues aggregated \$7,532.3 and \$7,088.9 million for the Fiscal Years ending June 30, 2008 and 2009 respectively. The Senior Bonds are entitled to priority over other Bonds with respect to payment as set forth in the Indenture. See “**Indenture Flow of Funds**” under this caption.

An amount equal to 1.75% of the State’s Share of Sales Tax Revenues, as well as other State revenues, are pledged to the payment of debt service on \$138.9 million of outstanding (as of the end of fiscal year 2009) Metropolitan Fair (Pier) and Exposition Authority Dedicated State Tax Revenue Bonds, Series 1985, Series 1986 and Series 1986A, and Metropolitan Pier and Exposition Authority Dedicated State Tax Revenue Bonds, Series 1992, Series 1995, Series 1997 and Series 2002 (together with any bonds hereafter issued to refund such bonds, herein called “**McCormick Place Bonds**”). To the extent such pledged tax receipts exceed the amounts required for such debt service on the McCormick Place Bonds, they will be available for payment of debt service on the Series A of December 2009 Bonds.

The chart below demonstrates that portion of the Sales Tax Revenues available as the primary source of payment of debt service on the Bonds.

Revenues

Sales Tax. The Sales Tax revenues (“Sales Tax” or “Sales Taxes”) consist of the receipts of four separate taxes imposed and collected by the State in connection with retail sales of certain tangible personal property and the transfer of tangible personal property incident to a sale of service. The four taxes are (i) the Retailer’s Occupation Tax imposed on persons engaged in the business of selling tangible personal property at retail within the State (this tax is the primary source of Sales Tax revenues); (ii) the Use Tax imposed on the privilege of using tangible personal property in the State; (iii) the Service Occupation Tax imposed on the cost of tangible personal property sold as an incident to service by persons engaged in the business of selling services in the State; and (iv) the Service Use Tax imposed on the privilege of using tangible personal property acquired incidental to a purchase of services. Only one of the four Sales Taxes listed above is imposed on each transaction subject to taxation. The Sales Tax is currently imposed on the gross receipts from the retail sale or the cost price of tangible personal property transferred by the service person and is collected by the seller from the purchaser except that use taxes imposed on out-of-state purchases may be remitted directly to the State by purchasers. Sales Tax payments are collected by the Illinois Department of Revenue.

The Sales Tax Acts currently impose Sales Taxes at a unified State and local rate of 6.25 percent, consisting of a 5.0 percent State rate portion (representing 80 percent of collections) and a 1.25 percent local rate portion (representing 20 percent of collections). Of the State’s 80 percent portion, 1.75% is pledged to the payment of outstanding McCormick Place Bonds. The remaining 98.25% of the State’s Share of Sales Tax Revenues (the Net State Share of

Sales Tax Revenues) is included in the Revenues subject to a first and prior claim and charge for the payment of the Bonds.

Public Acts 96-34, 96-35, 96-37 and 96-38 (collectively, referred to as the "Public Acts") were passed by the General Assembly and signed into law by the Governor on July 15, 2009. Prior to the passage of the Public Acts, "candy" and "grooming and hygiene products" were taxed at the rate of 1%. Under the provisions of Public Act 96-34, effective as of September 1, 2009, candy, grooming and hygiene products will be taxed at the general merchandise rate of 6.25%. In addition, pursuant to Public Act 96-34, the definition of "soft drink" was expanded. As a result, beverages that were not previously considered soft drinks are now also taxed at the rate of 6.25%. In late 2009, complaints were filed in the Circuit Court of Cook County challenging the constitutionality of the Public Acts. (See "LITIGATION"). The State has not included the anticipated increased Sales Tax Revenues attributable to the provisions of the Public Acts in its calculation of Net Share of State Sales Tax Revenues set forth in this Official Statement for the purpose of showing debt service coverage on the Series A of December 2009 Bonds.

Other Revenues. Amounts equal to 20 percent of the receipts from the 6.25 percent Use Tax and Service Use Tax and 100 percent of the receipts from a 1 percent local Use Tax and Service Use Tax on food and drugs are deposited monthly into the State and Local Sales Tax Reform Fund ("**Reform Fund**") in the State Treasury. \$268.9 million and \$255.1 million was deposited in the Reform Fund for fiscal years 2008 and 2009 respectively. Moneys deposited in the Reform Fund are expended or transferred for various State and local governmental purposes in specified percentages or amounts, including monthly transfers to the Build Illinois Fund for the purpose of making transfers to the Retirement and Interest Fund. The specified monthly transfers to the Build Illinois Fund ("**Reform Fund Amounts**") began in Fiscal Year 1994 and continue through Fiscal Year 2025 at \$3.15 million.

The Reform Fund Amounts, together with the tax receipts pledged to the payment of the McCormick Place Bonds in excess of the debt service requirements thereon, are collectively referred to herein as "**Other Revenues.**" There is no assurance that any of these Other Revenues will be available to pay debt service on the Bonds.

Build Illinois Fund

The Act creates the Build Illinois Fund which is a separate fund in the State Treasury. Pursuant to the Act and the Indenture, all tax revenues and other moneys required by law to be deposited in the Build Illinois Fund shall be paid therein upon receipt.

Pursuant to the Act and the Indenture, Revenues shall be credited to the Build Illinois Bond Account each month in an amount equal to 1/12th of the greater of (i) the Annual Specified Amount or (ii) 150 percent of the Required Bond Transfer, provided that the aggregate deposits for any Fiscal Year shall not exceed the Annual Specified Amount.

Pursuant to the Act and the Indenture, the Annual Specified Amount is the greater of (i) an amount equal to 3.8 percent of the State Share of Sales Tax Revenues ("**Tax Act Amount**") or (ii) the Certified Annual Debt Service Requirement (the "**Transfer Amount**"). In Fiscal Year 2009, 3.8 percent of the Net State Share of Sales Tax Revenues was \$274.2 million. After the issuance of the Series A of December 2009 Bonds and the Series B of December 2009 Bonds, the Fiscal Year 2010 Certified Annual Debt Service Requirement will not be less than \$275* million. Accordingly, it is expected that the Annual Specified Amount for Fiscal Year 2010 will be \$275* million.

Moneys credited to the Build Illinois Bond Account are required to be transferred monthly to the Retirement and Interest Fund as described below. Moneys remaining credited to the Build Illinois Bond Account at the end of any month, after all required transfers have been made to the Retirement and Interest Fund, are required to be transferred to other funds of the State in accordance with the Act.

Retirement and Interest Fund

The Retirement and Interest Fund is a separate fund in the State Treasury. The Act and the Indenture provide that the Bonds are secured by an irrevocable, first priority pledge of and lien on moneys on deposit in the Retirement and Interest Fund.

* Preliminary, subject to change.

In each Fiscal Year, the amount paid and to be paid from the Build Illinois Bond Account to the Retirement and Interest Fund (“**Required Bond Transfer**”) shall be equal to the Transfer Amount. After the issuance of the Series A of December 2009 Bonds and the Series B of December 2009 Bonds, the Fiscal Year 2010 Certified Annual Debt Service Requirement will not be less than \$275* million. Accordingly, it is expected that the Required Bond Transfer for Fiscal Year 2010 will be \$275* million.

The Act and Indenture provide that on the last day of each month a transfer shall be made from the Build Illinois Fund to the Retirement and Interest Fund in an amount equal to the greater of (a) 1/12th of 150 percent of the Certified Annual Debt Service Requirement or (b) the Tax Act Amount deposited in the Build Illinois Bond Account during such month, plus any cumulative deficiency in such transfers and payments for prior months; provided that all of such transfers and payments for any such Fiscal Year shall not exceed the greater of (a) the Certified Annual Debt Service Requirement or (b) the Tax Act Amount.

The Act provides that for each Fiscal Year, the State shall make an annual appropriation of an amount equal to the Required Bond Transfer. The Act further provides that it shall constitute an irrevocable and continuing appropriation of an amount equal to the Required Bond Transfer if for any reason the General Assembly fails to make such appropriation for any Fiscal Year. For the Fiscal Year ending June 30, 2008, the State has appropriated funds totaling \$306.9 million to provide for the repayment of Bonds and required deposits into Funds and Accounts established under the Indenture. For the Fiscal Year ending June 30, 2009, the State has appropriated funds totaling \$304.0 million to provide for the repayment of Bonds and required deposits into Funds and required deposits into Funds and Accounts established under the Indenture. For the Fiscal Year ending June 30, 2010 the State has appropriated \$304.0 million.

Pursuant to the Act and Indenture, the State Treasurer and Comptroller shall make monthly payments to the Trustee of the amounts on deposit in the Retirement and Interest Fund. Under the Indenture, the Trustee shall deposit the amount so received as described below under the caption “Indenture Flow of Funds”.

Balance in Build Illinois Fund

After making provision for the monthly payment to the Retirement and Interest Fund, the Act provides for monthly credits or transfers of specified amounts from the Build Illinois Fund to various State funds and for transfers of any balance in the Build Illinois Fund to the General Revenue Fund of the State.

Indenture Flow of Funds

The Indenture creates a Revenue Fund, a Debt Service Fund, a Program Expense Fund, a Debt Service Reserve Fund, a Junior Obligation Debt Service Fund and a General Reserve Fund and provides that on the first day of each month the Trustee shall deposit moneys received from the Retirement and Interest Fund into the Revenue Fund and shall promptly apply such moneys as follows:

- (a) **First**, to the Debt Service Fund, an amount equal to the monthly requirement for debt service on the Senior Bonds;
- (b) **Second**, to the Program Expense Fund, an amount equal to the monthly requirement for Program Expenses;
- (c) **Third**, to the Debt Service Reserve Fund, the amount, if any, needed to increase the amount in the Debt Service Reserve Fund so that it equals the Debt Service Reserve Fund Requirement with respect to the Senior Bonds;
- (d) **Fourth**, to the Junior Obligation Debt Service Fund, an amount equal to the amount required by any Supplemental Indentures or other instruments authorizing Junior Obligations; and
- (e) **Fifth**, to the General Reserve Fund, the balance remaining.

Debt Service Reserve Fund

Pursuant to the Indenture, the Trustee has established a Debt Service Reserve Fund and is required to deposit moneys until there is an amount on deposit equal to 50 percent of the maximum Aggregate Debt Service on Senior Bonds for the current or any future Fiscal Year (“**Debt Service Reserve Fund Requirement**”). The Act and the Indenture permit the Debt Service Reserve Fund to be funded from either (i) Senior Bond proceeds or (ii) Revenues

paid to the Trustee from the Retirement and Interest Fund. The Debt Service Reserve Fund is presently fully funded. The Indenture requires the State to certify before the issuance of any Series of Senior Bonds that the Debt Service Reserve Fund Requirement, calculated immediately after the issuance of such Series, will be met within 24 months from the date of issuance of such Bonds.

Issuance of Additional Bonds

The Indenture permits the issuance of additional Senior Bonds, bearing interest at a fixed or variable rate, which rank equally and ratably with the Series A of December 2009 Bonds and other Outstanding Senior Bonds. Additional Senior Bonds may be issued for the purpose of financing projects provided that the following conditions, among others, are met:

- (1) The maximum Net Debt Service Requirement on all Outstanding Senior Bonds and proposed additional Senior Bonds for the current or any future Fiscal Year does not exceed 5 percent of the State Share of Sales Tax revenues for the most recently completed Fiscal Year; and
- (2) The Director shall certify that the Debt Service Reserve Fund Requirement, calculated immediately after the issuance of such additional Senior Bonds, will be met within 24 months after the date of such issuance.

Additional Senior Bonds may be issued for the purpose of refunding Outstanding Senior Bonds provided that, among others, the following conditions are met:

- (1) Either (a) the maximum Net Debt Service Requirement on all Outstanding Senior Bonds and proposed additional Senior Bonds for the current or any future Fiscal Year does not exceed 5 percent of the State Share of Sales Tax revenues for the most recently completed Fiscal Year; or (b) maximum Aggregate Debt Service for the then current or any future Fiscal Year will not increase as a result of such issuance; and
- (2) The Director of the Governor's Office of Management and Budget of the State (the "**Director**") shall certify that the Debt Service Reserve Requirement will be met within 24 months after the date of such issuance.

The limitations set forth in (1) above effectively require that on the date of issuance of any Series of Senior Bonds (other than Refunding Bonds that do not increase Aggregate Debt Service in any Fiscal Year), the Net State Share of Sales Tax Revenues for the then most recently completed Fiscal Year must provide not less than 19.65 times coverage of the maximum Net Debt Service Requirement for all Outstanding Senior Bonds and for such Series.

Pursuant to a separate offering, the State anticipates issuing the Series B of December 2009 Bonds on or before December 23, 2009.

The Indenture also permits the issuance of Junior Obligations or bonds and other obligations which are subordinated to any Outstanding Senior Bonds. As of the date hereof, no Junior Obligations have been issued or are currently outstanding.

Pledge and State Covenant

The Act and the Indenture require the State to appropriate for each Fiscal Year an amount equal to the Required Bond Transfer for such Fiscal Year. **The Act further provides that, in the event such appropriation is not made, the Act constitutes an irrevocable and continuing appropriation of such Required Bond Transfer and constitutes the irrevocable and continuing authority and direction to the State Treasurer and Comptroller to make the necessary transfers and deposits, as directed by the Governor, and to make the payments as required by the Act.**

Under the Act and the Indenture, the State irrevocably covenants and agrees with the Bondholders not to limit or alter (i) the basis on which taxes and revenues of the State are required to be collected and deposited in the Build Illinois Fund, credited to and transferred from the Build Illinois Bond Account, and transferred to the Retirement and

Interest Fund, (ii) the purposes of the Retirement and Interest Fund or (iii) the provisions of specified sections of the Act, so as to impair the obligations of contract incurred by the State in favor of the holders of the Bonds.

DEBT SERVICE COVERAGE

The Net State Share of State's Sales Tax Revenues constitute the primary source of deposits to the Retirement and Interest Fund. The Act provides that the Net State Share of Sales Tax Revenues are subject to a first and prior claim and charge in support of the Bonds until each monthly transfer is made to the Retirement and Interest Fund as required by the Act.

The State Share of Sales Tax Revenues for Fiscal Year 2009 were \$7,215 million. After deducting the 1.75 percent of the State Share of Sales Tax Revenues which have been pledged to the payment of currently outstanding McCormick Place Bonds, the Net State Share of Sales Tax Revenues for Fiscal Year 2009 were \$7,089 million, which amount was approximately 26.7* times the maximum Net Debt Service Requirement. The decline in the economy in 2008 through 2009 was reflected in a decline in the total volume of retail sales in the State. The Sales Tax revenues declined by 5.89% from fiscal year 2008 to fiscal year 2009.

After the planned issuance of the Series A of December 2009 Bonds, the Net State Share of Sales Tax Revenues for Fiscal Year 2009 of \$7,089 million would provide approximately 26.2* times the maximum Net Debt Service Requirement. After the planned issuance of both the Series A of December 2009 and Series B of December 2009 Bonds, the Net State Share of Sales Tax Revenue for Fiscal Year 2009 would provide approximately 23.4* times the maximum Net Debt Service Requirement. The State has not included the anticipated increase in Sales Tax Revenues attributable to the provisions of the Public Acts set forth in this Official Statement for the purpose of calculating the Net Debt Service Requirement for the Series A of December 2009 Bonds. (See "LITIGATION").

Further, the limitations established in the Indenture for the issuance of additional Senior Bonds requires that the maximum Net Debt Service Requirement for Outstanding Senior Bonds of all Series and for the proposed Series for the current or any future Fiscal Year not exceed 5 percent of the State Share of Sales Tax Revenues received by the State for the most recently completed Fiscal Year. **Those limitations effectively require that on the date of issuance of any Series of Senior Bonds, Net Share of State Sales Tax Revenues for the then most recently completed Fiscal Year must provide not less than 19.65 times coverage of the maximum Net Debt Service Requirement for all Outstanding Senior Bonds and for such Series.** (See "SECURITY FOR THE SERIES A OF DECEMBER 2009 BONDS - Issuance of Additional Bonds".)

APPLICATION OF BOND PROCEEDS

The Act provides that proceeds, net of any accrued interest, from the sale of Bonds (other than refunding Bonds) shall be deposited in the Build Illinois Bond Fund, a separate fund in the State Treasury. The balance of such Bond proceeds remaining in the Build Illinois Bond Fund after making any required deposits into reserve funds may be expended only pursuant to appropriation by the General Assembly. Investment income on the Build Illinois Bond Fund, to the extent not needed for debt service on the Bonds, is deposited in the State's General Revenue Fund.

SUMMARY OF CERTAIN PROVISIONS OF THE INDENTURE

The following is a summary of certain provisions of the Indenture, to which reference is made for a complete statement of the provisions or contents thereof. Certain capitalized words and terms used in this summary are defined in the Indenture and shall have the same meanings herein as therein, except as otherwise defined in this Official Statement. Certain of such defined words and terms are set forth in Appendix C hereto.

Source of Payment; Pledge of Revenues

The provisions of the Indenture constitute a contract among the State, the Trustee and the Bondholders. The Series A of December 2009 Bonds are direct, limited obligations of the State payable solely from and secured by an irrevocable, first priority pledge of and lien on moneys on deposit in the Retirement and Interest Fund and certain other moneys and securities held by the Trustee under the provisions of the Indenture. The State has pledged the Revenues and all moneys and securities held or set aside or to be held or set aside by any Fiduciary under the Indenture to secure the payment of the principal of and premium, if any, and interest on the Series A of December 2009 Bonds, such pledge constituting a first and prior claim against and charge on the Revenues and a first priority

* Preliminary, subject to change

pledge of and lien on such other moneys and securities, subject only to the provisions of the Indenture requiring or permitting the payment, setting apart or application thereof for or to the purposes and on the terms, conditions, priorities and order set forth in or provided under the Indenture. **The Series A of December 2009 Bonds are not general obligations of the State and are not secured by the full faith and credit of the State, and the holders of the Series A of December 2009 Bonds may not require the levy or imposition of any taxes or the application of other State revenues or funds to the payment of the Series A of December 2009 Bonds, except as specifically provided in the Act and Sections 6z-9 and 8.25 of the Finance Act with respect to the Revenues.**

Additional Bonds

The Indenture permits the issuance of additional Series of Bonds which may be (i) Senior Bonds on a parity with the Series A of December 2009 Bonds and other Outstanding Senior Bonds or (ii) Junior Obligations, provided that certain conditions precedent are satisfied, including receipt by the Trustee of the following:

- (a) a copy of a Bond Sale Order signed by the Director and approved by the Governor, (i) authorizing the execution and delivery of a Supplemental Indenture, (ii) stating the identity of the purchasers, aggregate purchase price and date and place of delivery of such Series, (iii) stating that no Event of Default has occurred and is continuing under the Indenture, (iv) specifying the uses to which the proceeds of the Bonds of such Series shall be applied, including Costs of Issuance, and (v) certifying that the Build Illinois Fund, the Build Illinois Bond Account and the Retirement and Interest Fund have been established in the State Treasury and are being maintained in full accordance with the provisions of the Act and the Finance Act;
- (b) a Counsel's Opinion to the effect that (i) the Indenture and such Supplemental Indenture have been duly and lawfully authorized and executed and are in full force and effect and are valid and binding upon the State, (ii) the Act, the Indenture and such Supplemental Indenture create the valid pledge of Revenues, moneys and securities which they purport to create, and (iii) upon the execution, authentication and delivery thereof, the Bonds of such Series will have been duly and validly authorized and issued;
- (c) an executed counterpart of the Supplemental Indenture; and
- (d) with respect to any proposed Series of Senior Bonds, a Certificate signed by the Director certifying that (i) the maximum Net Debt Service Requirement for Outstanding Senior Bonds of all Series and for the proposed Series for the current or any future Fiscal Year will not exceed 5 percent of the State Sales Tax revenues received by the State for the most recently completed Fiscal Year, and (ii) an amount at least equal to the Debt Service Reserve Fund Requirement, calculated immediately after the issuance of the proposed Series, will be on deposit in the Debt Service Reserve Fund within 24 months after the date of issuance of such proposed Series. In calculating the Net Debt Service Requirement, interest on any Series of Variable Rate Senior Bonds is required pursuant to Section 711 of the Indenture to be included at the maximum rate permitted under the applicable Supplemental Indenture, less credits for the sum of (i) certain amounts on deposit in the applicable Variable Rate Interest Subaccount as provided in the applicable Supplemental Indenture, and (ii) amounts required to be deposited in the Variable Rate Interest Subaccount pursuant to agreements with Qualified Financial Institutions for the purpose of limiting interest rate risk, and (iii) beginning in Fiscal Year 1994, and while the amount on deposit in the Debt Service Reserve Fund is at least equal to the Debt Service Reserve Fund Requirement, additional amounts not to exceed 50 percent of the maximum rate permitted under the Supplemental Indenture.

The delivery of Bonds of any Series shall also be subject to the delivery to the Director, the Comptroller and the Treasurer of a Certificate signed by the Trustee, certifying (i) the Annual Debt Service or the Junior Annual Debt Service, as the case may be, for the Series of Bonds then being issued and the total Aggregate Debt Service and Junior Annual Debt Service on all then Outstanding Bonds payable on all future Payment Dates and (ii) the amount of principal of and interest and premium, if any, on all such Bonds payable on each future Payment Date.

The issuance of refunding Bonds of any Series shall be subject to the receipt by the Trustee of:

- (a) The documents referred to in paragraphs (a) through (d) above, provided that, with respect to a proposed Series of Senior Bonds, in lieu of the Certificate described in paragraph (d) above, the State

may deliver a Certificate certifying that the maximum Aggregate Debt Service for the then current or any future Fiscal Year shall not increase as a result of such issuance of Refunding Bonds;

- (b) If a redemption of Bonds is to be effected, irrevocable instructions to the Trustee to give due notice of redemption of all the Bonds to be redeemed and the redemption date or dates, if any, upon which such Bonds are to be redeemed;
- (c) If a redemption of Bonds is to be effected and the redemption is scheduled to occur subsequent to the next succeeding 45 days, irrevocable instructions to the Trustee to give notice of redemption of such Bonds on a specified date prior to their redemption date; and
- (d) A certificate of an Independent Accountant stating that the amount of moneys and Federal Obligations and Qualified Investments described in paragraphs (f) and (g) of the definition thereof deposited with the Trustee are sufficient to pay when due the applicable Redemption Price of the Bonds to be refunded, together with accrued interest on such Bonds to the redemption date or dates or the date or dates of maturity thereof.

Covenant Against Pledge of Revenues

The State has covenanted that it will not issue or authorize the issuance of any bonds, notes or other evidences of indebtedness secured by the pledge of Revenues contained in the Indenture, other than the Bonds, and that it will not create or cause to be created any pledge, lien or charge on Revenues or on any other amounts pledged for the benefit of owners of Bonds under the Indenture, other than the pledge of Revenues contained in the Indenture, provided, however, that the State may (a) issue or authorize the issuance of bonds, notes or other evidences of indebtedness payable out of, or secured by a pledge of, Revenues to be derived after the pledge contained in the Indenture has been discharged or (b) issue or authorize the issuance of bonds, notes or other evidences of indebtedness which are payable out of, or secured by the pledge of, amounts which may be withdrawn from the General Reserve Fund so long as such pledge is expressly junior and subordinate to the pledge of Revenues contained in the Indenture.

Establishment of Funds and Accounts

The Indenture creates the following Funds and Accounts to be held and administered by the Trustee:

- (a) The Revenue Fund;
- (b) The Debt Service Fund and four separate Accounts therein to be known as the Capitalized Interest Account, the Interest Account, the Principal Account and the Variable Rate Account;
- (c) The Program Expense Fund;
- (d) The Debt Service Reserve Fund;
- (e) The Junior Obligation Debt Service Fund; and
- (f) The General Reserve Fund and a separate Account therein to be known as the Net Debt Service Account.

In addition, the State has established in the State Treasury and agrees to maintain in accordance with the requirements of the Act and the Finance Act, the Build Illinois Bond Fund, the Build Illinois Fund (including the Build Illinois Bond Account established therein) and the Retirement and Interest Fund.

The Trustee shall, at the written request of the State, establish additional Accounts and subaccounts for the purpose of identifying more precisely the sources of payments into and disbursements from such Funds, Accounts and subaccounts. Additional Accounts and subaccounts may also be created by any Supplemental Indenture.

Deposit of Revenues

All Revenues shall be promptly deposited by the State in the Build Illinois Fund, credited to the Build Illinois Bond Account, transferred to the Retirement and Interest Fund and paid to the Trustee for deposit in the Revenue Fund, all as provided in the Act and Sections 6z-9 and 8.25 of the Finance Act.

The State has appropriated for its Fiscal Year ending June 30, 2010, the sum of \$304 million to provide for the repayment of Bonds and required deposits into Funds and Accounts under the Indenture. The State has covenanted that the Governor shall include in each annual State Budget and the General Assembly shall annually appropriate for each Fiscal Year the Required Bond Transfer from the Retirement and Interest Fund in an amount estimated to equal the greater of (a) the Certified Annual Debt Service Requirement for such Fiscal Year or (b) the Tax Act Amount for such Fiscal Year. For the purposes of implementing such appropriations and the transfers and payments required to be made to the Trustee, the Trustee shall deliver a Certificate to the Director, the Comptroller and the Treasurer on or before each June 20 so long as Bonds remain Outstanding, certifying the Certified Annual Debt Service Requirement for the next succeeding Fiscal Year. The Required Bond Transfer for each Fiscal Year shall be equal to the Certified Annual Debt Service Requirement as so certified in such Certificate unless the Tax Act Amount for such Fiscal Year shall be greater than such Certified Annual Debt Service Requirement, in which case the Required Bond Transfer for such Fiscal Year shall be equal to such Tax Act Amount; provided, however, that if Bonds are issued during any such Fiscal Year the Certified Annual Debt Service Requirement for such Fiscal Year shall be increased to reflect the issuance of such Bonds to the extent such issuance was not reflected in the Certified Annual Debt Service Requirement previously certified for such Fiscal Year. The State has covenanted and agreed that in the event the Required Bond Transfer is not made for any Fiscal Year as required under the Indenture and the Act, the Act shall constitute an irrevocable and continuing appropriation of such Required Bond Transfer and the continuing, irrevocable authority for and direction to the Treasurer and the Comptroller to make the necessary transfers and deposits, as directed by the Governor, and to make the payments specified in Sections 6z-9 and 8.25 of the Finance Act and as provided in the Indenture.

The State has covenanted that the Treasurer and the Comptroller shall, on the last day of each month, transfer from the Build Illinois Bond Account to the Retirement and Interest Fund and pay from such Fund to the Trustee for deposit in the Revenue Fund an amount equal to the greater of (a) 1/12th of 150 percent of the Certified Annual Debt Service Requirement or (b) the Tax Act Amount deposited in the Build Illinois Bond Account during such month, plus any cumulative deficiency in such transfers and payments for prior months; provided that all of such transfers and payments for any such Fiscal Year shall not exceed the greater of (a) the Certified Annual Debt Service Requirement or (b) the Tax Act Amount.

Disbursements From Revenue Fund

On the first day of each month the Trustee shall make the following deposits from amounts on deposit in the Revenue Fund in the manner and order of priority set forth:

First: To the Debt Service Fund, an amount equal to 1/12th of 150 percent of the aggregate amount of Principal Installments and interest included in the Annual Debt Service for all Series of Senior Bonds for the then current Fiscal Year, such amounts to be allocated among the Interest Account, the Principal Account and the Variable Rate Account;

Second: To the Program Expense Fund, an amount equal to the amount, if any, required for Program Expenses;

Third: To the Debt Service Reserve Fund, the amount, if any, necessary to increase the amount on deposit in the Debt Service Reserve Fund to an amount equal to the Debt Service Reserve Fund Requirement;

Fourth: To the Junior Obligation Debt Service Fund, the amount, if any, equal to the amount required by any Supplemental Indentures or other instruments authorizing the issuance of Junior Obligations; and

Fifth: To the General Reserve Fund, the balance remaining.

Use of Funds

The moneys on deposit in the Funds and Accounts listed above shall be used for the purposes and uses specified as follows:

- (a) The moneys in the Interest Account shall be used only for the payment of the interest on Fixed Rate Senior Bonds. The moneys in the Principal Account shall be used only for the payment of Principal Installments on Fixed Rate Senior Bonds. Moneys on deposit in the Variable Rate Account and which have been credited to Variable Rate Interest Subaccounts and Variable Rate Principal Subaccounts therein as may have been created for the benefit of a Series of Variable Rate Senior Bonds shall be used for the purposes specified in the Supplemental Indenture creating such Series.
- (b) The moneys in the Program Expense Fund shall be used to pay Program Expenses as directed in Certificates filed by the Director with the Trustee.
- (c) The moneys in the Debt Service Reserve Fund shall be used for the payment of the interest and Principal Installments (other than Subordinated Interest or Subordinated Principal Installments) on Senior Bonds, whenever and to the extent moneys in the Interest Account, the Principal Account and the Variable Rate Account, respectively, are insufficient therefor.
- (d) The moneys in the Junior Obligation Debt Service Fund shall be transferred by the Trustee to the appropriate trustees or paying agents under the Supplemental Indenture or other instrument authorizing the issuance of Junior Obligations for the purpose of paying such amounts as may be required to be paid by such Supplemental Indenture or other instrument.
- (e) The moneys in the General Reserve Fund shall be used for the payment of the interest and Principal Installments on Bonds whenever and to the extent moneys in the Interest Account, the Principal Account, the Variable Rate Account, the Debt Service Reserve Fund, and the Junior Obligation Debt Service Fund, respectively, are insufficient therefor. At the direction of the State, moneys in the General Reserve Fund may be withdrawn and deposited in trust to purchase or redeem or pay or otherwise provide for the payment of Bonds of any Series or of Section 209 Obligations provided the purchase price does not exceed par or the next Redemption Price. At the direction of the State, expressed in a Certificate signed by the Director and filed with the Trustee, moneys, Federal Obligations and Qualified Investments described in paragraphs (f) and (g) of the definition thereof in the General Reserve Fund shall be set aside and held in trust, together with the interest thereon, in the Net Debt Service Account for the sole and exclusive purpose of paying the principal of and premium, if any, and interest on Senior Bonds. The State has reserved the right to direct the Trustee in writing at any time to pay to the State or to such fund, account or official of the State as may be specified in such direction, on any June 15, for any purpose of the State now or hereafter authorized by law, all or any part of the moneys on deposit in the General Reserve Fund; provided, however, that no such payment shall include any amounts set aside in trust in the Net Debt Service Account or any other moneys which have been committed, reserved or restricted pursuant to any Supplemental Indenture or instrument authorizing Section 209 Obligations; and, further provided that no such payment may be made at any time during the existence and continuation of an Event of Default.
- (f) If at any time the aggregate amount of all moneys held in all Funds and Accounts established and created under and pursuant to the Indenture shall be sufficient, as certified by the Director, to purchase or redeem or pay or otherwise provide for the payment of all Outstanding Bonds, such amount shall be irrevocably set aside in trust for such purpose in the manner summarized under "Defeasance" under this caption and shall not be used thereafter for any other purpose.

Qualified Investments

All moneys held in any Fund or Account shall be invested in Qualified Investments at the direction of the Director.

Valuation of Investments

In computing the amount in any Fund or Account, investments shall be valued at amortized cost.

Supplemental Indentures

A Supplemental Indenture which is not contrary to or inconsistent with the Indenture may be adopted at any time and shall be fully effective without the consent of the Bondholders for the following purposes: to limit the issuance of Bonds or other indebtedness; to add covenants, agreements, limitations and restrictions to be observed by the State; to surrender any right, power or privilege reserved to the State; to authorize a Series of Bonds; to confirm, as further assurance, the pledge of the Indenture; to modify any of the provisions of the Indenture but only if such modification shall be effective only after all Bonds Outstanding at the date of the adoption of such Supplemental Indenture shall cease to be Outstanding; to increase the Required Bond Transfer; and to authorize Section 209 Obligations.

A Supplemental Indenture may be adopted at any time and shall be fully effective upon the consent of the Trustee for the following purposes: to cure any ambiguity, supply any omission, or cure or correct any defect or inconsistent provision in the Indenture; or to provide additional duties of the Trustee under the Indenture.

Any other modification or amendment of the Indenture or of any Supplemental Indenture or of the rights and obligations of the State and of the holders of the Bonds may be made by a Supplemental Indenture, with the written consent given as provided in the Indenture (a) of the holders of at least two-thirds in principal amount of the Bonds Outstanding at the time such consent is given, (b) in case less than all of the several Series of the then Outstanding Bonds are affected by the modification or amendment, of the holders of at least two-thirds in principal amount of the then Outstanding Bonds of each Series so affected, and (c) in case the modification or amendment changes the terms of any Sinking Fund Payment, of the holders of at least two-thirds in principal amount of the then Outstanding Bonds of the particular Series and maturity entitled to such Sinking Fund Payment. No such modification or amendment shall permit a change in the terms of redemption or maturity of the principal amount or the Redemption Price thereof or in the rate of interest thereon without the consent of the holder of such Bond, or shall reduce the percentages or otherwise affect the classes of Bonds the consent of the holders of which is required to effect any such modification or amendment, or shall change or modify any of the rights or obligations of any Fiduciary without its written assent thereto.

Default and Remedies

Each of the following events shall be an "Event of Default":

- (a) Payment of the principal or Redemption Price, if any, of any Bond shall not be made when and as the same shall become due, whether at maturity or upon call for redemption or otherwise;
- (b) Payment of any installment of interest on any Bond shall not be made within 30 days after the same shall become due;
- (c) The State shall fail or refuse to comply with the provisions of the Indenture, or shall default in the performance or observance of any of the covenants, agreements or conditions on its part contained therein or in the Bonds which materially affects the rights of the owners of the Bonds and such failure, refusal or default shall continue for a period of 30 days after written notice thereof by the Trustee or the owners of not less than 25 percent in principal amount of the Outstanding Bonds; provided, however, that so long as the State is exercising due diligence if such default cannot be cured within the 30-day period, the time to cure shall be extended for such period as may be necessary to remedy the default with all due diligence;
- (d) An Event of Default shall occur and be continuing under the provisions of any Supplemental Indenture; or
- (e) An Event of Default shall occur and be continuing under any Supplemental Indenture or other instrument creating any Section 209 Obligations.

Upon the happening and continuance of any Event of Default specified in paragraph (a) or (b) above, the Trustee shall proceed, or upon the happening and continuance of any Event of Default specified in paragraph (c), (d) or (e) above, the Trustee may proceed, and upon the written request of the owners of not less than 25 percent in principal amount of the Outstanding Bonds, shall proceed, to protect and enforce its rights and the rights of the owners of the Bonds by such of the following remedies or any additional remedies specified in one or more Supplemental Indentures as the Trustee, being advised by counsel, shall deem most effectual to protect and enforce such rights:

- (i) By mandamus or other suit, action or proceeding at law or in equity, to enforce all rights of the owners of the Bonds including the right to require the State to receive and collect Revenues adequate to carry out the covenants and agreements as to such Revenues and the pledge of the Indenture and to require the State to carry out any other covenant or agreement with the owners of the Bonds and to perform its duties under the Indenture;
- (ii) By bringing suit upon the Bonds;
- (iii) By action or suit in equity, require the State to account as if it were the trustee of an express trust for the owners of the Bonds; or
- (iv) By action or suit in equity, enjoin any acts or things which may be unlawful or in violation of the rights of the owners of the Bonds.

In the enforcement of any rights and remedies under the Indenture, the Trustee shall be entitled to sue for, enforce payment on and receive any and all amounts then or during any default becoming, and at any time remaining, due from the State but only out of moneys pledged as security for the Bonds for principal, Redemption Price, interest or otherwise, under any provision of the Indenture or any Supplemental Indenture or of the Bonds and unpaid, with interest on overdue payments at the rate or rates of interest specified in such Bonds, together with any and all costs and expenses of collection and of all proceedings hereunder and under such Bonds without prejudice to any other right or remedy of the Trustee or of the owners of the Bonds, and to recover and enforce a judgment or decree against the State for any portion of such amounts remaining unpaid, with interest, costs and expenses, and to collect from any moneys available under the Indenture for such purpose, in any manner provided by law, the moneys adjudged or decreed to be payable.

Defeasance

If the State shall pay or cause to be paid the principal and interest and Redemption Price, if any, to become due on the Bonds of any Series or maturity of a Series, at the times and in the manner stipulated therein and in the Indenture, then, with respect to such Bonds, the pledge of Revenues provided by the Indenture and all other rights granted thereby shall be discharged and satisfied.

Bonds of any Series or maturity within any Series shall be deemed to have been paid if (a) there shall have been deposited with the Trustee either moneys or Federal Obligations and Qualified Investments described in paragraphs (f) and (g) of the definition thereof maturing and bearing interest at times and in amounts sufficient, together with the moneys on deposit with the Trustee for such purpose, to pay when due the principal or Redemption Price, if any, and interest to become due on said Bonds, and (b) in case any of said Bonds are to be redeemed on any date prior to their maturity the State shall have given to the Trustee in form satisfactory to it irrevocable instructions to redeem such Bonds.

NO LITIGATION

There is no litigation pending, or to the knowledge of the State threatened, in any way questioning the title of the State officials to their respective offices or any proceedings of the State incident to the authorization and issuance of the Bonds, or in any way concerning the validity or enforceability of the Bonds. However, there is certain litigation as described below that may affect the manner of payment or the appropriation for the payment of the Series A of December 2009 Bonds.

The following describes certain pending lawsuits in Illinois:

Tax Protest Litigation

On August 25, 2009, W. Rockwell Wirtz, purportedly on behalf of Wirtz Beverage Illinois, LLC, and the taxpayers of Illinois filed suit in the Circuit Court of Cook County against defendants Governor Pat Quinn, Comptroller Dan Hynes, Treasurer Alexi Giannoulis, Revenue Director Brian Hamer, all members of the Illinois Gaming Board and Lottery Superintendent Jodie Winnett. All defendants are sued in their official capacities. The suit challenges the constitutionality of the Public Acts. If any of the Public Acts was declared unconstitutional, such Public Act would cease to be enforceable and the applicable revenues would not be available to pay debt service on the Series A of December 2009 Bonds. The Plaintiff in this matter seeks to enjoin any expenditure of any public funds raised by the Public Acts. The State intends to defend this lawsuit vigorously.

In late 2009, three taxpayer actions were filed protesting certain provisions of the Public Acts. The plaintiffs in these taxpayer actions are *Wirtz Beverage Illinois, LLC* (No. 09 L 51244), *Wirtz Beverage Illinois Belleville, LLC* (No. 09 L 51392), and *Southern Wine & Spirits of Illinois, Inc.* (No. 09 L 51401) (collectively, the "Liquor Tax Protest Cases"). Each of the Liquor Tax Protest Case was filed in Cook County and involves the payment of additional liquor taxes under protest. In each case there are in place restraining orders that prevent the payment of monies from the Protest Fund to the Capital Projects Fund established in the State Treasury (the "Capital Projects Fund"). The Liquor Tax Protest Cases raise both process and substantive challenges to the constitutionality of the Public Acts. There also exists a petition for leave to file a taxpayer action that would enjoin the disbursement of monies for the current fiscal year until there is enacted a balanced budget (*Bambenek v. Hynes*).

With respect to the Liquor Tax Protest Cases, the majority of the projects anticipated to be financed by the Bonds were appropriated by Public Act 96-35. If the Liquor Tax Protest Cases were successful as to that Public Act, the State would need to reappropriate those projects or apply the proceeds to other appropriated projects. In addition, the Public Acts, among other things, establish or increase various sales taxes to be deposited to the Capital Projects Fund. The Capital Projects Fund is one of two sources for the sales tax revenues pledged to the payment of the Series A of December 2009 Bonds. The Series A of December 2009 Bonds are also payable, if needed, from sales taxes deposited to the Build Illinois Fund established in the State Treasurer and not derived from sales taxes established or increased by the Public Acts. In the event that the plaintiffs in the Liquor Tax Protest Cases are successful, the anticipated increased Sales Tax Revenues generated by the Public Acts will not be available to secure the payment of principal and interest on the Series A of December 2009 Bonds. However, the State expects that sufficient Sales Tax Revenues will be available to make timely payments of principal and interest on the Series A of December 2009 Bonds without taking into account any increase in Sales Tax Revenues authorized by the Public Acts. (See "DEBT SERVICE COVERAGE").

Fee Protest Litigation

In November 2004, the Circuit Court of Cook County ruled that the imposition of a surcharge on workers' compensation insurance policies coupled with a mechanism to transfer a portion of surcharge proceeds to the State's General Funds pursuant to Public Act 93-32 was unconstitutional. As a result, the court escrowed \$11.5 million of surcharge proceeds pending final disposition of the case. The State appealed the ruling directly to the Illinois Supreme Court. The Court heard argument in May 2005 and in October 2005 released its opinion reversing the lower court's order granting plaintiff summary judgment and remanding the matter to the circuit court for further proceedings. In October 2005, on the State's motion, the trial court released approximately \$1.4 million from escrow to fund Illinois Workers' Compensation Commission ("IWCC") operations through November 2005. The court further agreed to the future release, on a monthly basis upon the State's petition, of amounts sufficient to fund ongoing IWCC operations. Since October 2005, the IWCC has on a regular basis requested and the Circuit Court of Cook County has released monies sufficient to fund the IWCC's on-going operations. As of November 2009, approximately \$22.8 million remained in escrow. In addition, the trial court has allowed certain insurance companies to make surcharge payments into the Protest Fund. As of November 2009, approximately \$58 million in such payments have been deposited into the Protest Fund. The case remains pending.

Several other special interest groups have filed similar actions challenging the constitutionality of fee increases and the application of legislatively-mandated transfer mechanisms. In an action brought in Sangamon County in December 2004, a group of trade associations representing depository institutions and mortgage lenders challenged the assessment of fees on and application of certain provisions of the Illinois Finance Act to their industries. In March 2005, a Sangamon County judge issued a preliminary injunction barring further transfers from the funds at

issue pending resolution of the matter. In approximately March, 2008, the State entered into an agreement to settle the litigation with the plaintiff trade associations. Under the terms of the executed settlement agreement, the State retained approximately \$50.6 million from the funds at issue, as well as the right to periodically access 10% of the balance of those funds through January 2011. The case was dismissed in accordance with the settlement agreement in June, 2009.

In May and June 2006, trade associations representing property and casualty insurance and real estate sales interests, respectively, filed similar actions in Sangamon County challenging certain fees and transfers of funds. The Sangamon County Court entered orders preliminarily preventing the State from transferring monies from the funds at issue, pending further consideration of the matters.

In January 2008, in the property and casualty insurance case, the Sangamon County Court denied the plaintiff's motion for summary judgment, holding that the statutory authorization to transfer money from the relevant fund was controlling over an earlier statutory prohibition for such fund transfers. Finally, in the real estate sales' litigation, the State's motion to dismiss remains pending before the Sangamon County Court.

In June 2006, a motorcyclist's organization filed an action similar to the property and casualty insurance case in Sangamon County challenging certain fees and transfers of funds. The Sangamon County Court denied the plaintiffs' motion for a temporary restraining order as to all but two funds; plaintiffs had previously sought to enjoin transfers from 39 state funds. In November 2006, the Sangamon County Court granted the State's motion to dismiss the motorcyclists' litigation as to two State funds, and in October 2008, the Sangamon County Court granted the State's motion for summary judgment the motorcyclists' litigation with respect to the final State fund. Following the Sangamon County Court's denial of the motorcyclists' motion to reconsider in January, 2009, the motorcyclists filed an appeal with the Illinois Appellate Court. The appeal remains pending.

The State anticipates that it will dispose, in whole or substantial part, of all the remaining matters pending in Cook and Sangamon Counties based upon the trial court rulings in the motorcyclist and property and casualty cases, as well as prior Illinois Appellate and Supreme Court rulings.

In early 2005, a Sangamon County Court dismissed a suit similar to those described above filed by an aggregate producers' industry association to challenge an increase in permit fees and the transfer of a portion of the funds generated by the fee increase to the State's General Funds. In May 2005, the Illinois Appellate Court upheld the trial court's dismissal, rejecting the plaintiff's challenges to the fees and transfers. The Illinois Supreme Court subsequently refused the plaintiffs' request for review, letting stand the Appellate Court's order upholding dismissal. The State thereafter obtained release of approximately \$1.1 million, which had been held in escrow during the litigation.

Retaliatory Tax Litigation

In May 2005, the Director of Insurance assessed Sun Life Assurance Company of Canada approximately \$4 million in additional tax owed pursuant to the so-called "*retaliatory*" statute (215 ILCS 5/444). Sun Life objected to the assessment and filed an action seeking a declaration that the tax is unconstitutional and in violation (among other reasons) of the Commerce Clause. The company sought and obtained an injunction barring the State from collecting the tax. The State prevailed in both the trial and appellate courts, and on Nov. 29, 2007, the United States ("U.S.") Supreme Court affirmed the trial and appellate courts in all regards, holding that Illinois' insurance retaliatory tax law does not discriminate against non-U.S. insurers. The court further held that federal law, and specifically the McCarran-Ferguson Act, imposes no limits on a state's authority to assess retaliatory taxes on alien insurers. In a separate action, John Hancock Life Insurance Company filed suit in Cook County challenging the State's collection of approximately \$7 million in retaliatory tax. On January 2, 2008, the trial court granted summary judgment for the State, holding that the application of the retaliatory tax to this company on these facts did not violate the Illinois Constitution's Uniformity Clause. In August of 2008, Hancock filed an appeal in Illinois Appellate Court. The appeal remains pending.

TAX MATTERS

General

In the opinion of Kutak Rock LLP, Chicago, Illinois, Bond Counsel, under existing laws, regulations, rulings and judicial decisions, interest on the Series A of December 2009 Bonds is excludable from gross income for federal income tax purposes, and is not a specific preference item for purposes of the federal alternative minimum tax. The opinion described in the preceding sentence assumes compliance by the Issuer with covenants designed to satisfy the requirements of the Internal Revenue Code of 1986 (the “Code”) that must be met subsequent to the issuance of the Series A of December 2009 Bonds. Failure to comply with such requirements could cause interest on the Series A of December 2009 Bonds to be included in gross income for federal income tax purposes retroactive to the date of issuance of the Series A of December 2009 Bonds. The State has covenanted to comply with such requirements. Bond Counsel has expressed no opinion regarding other federal tax consequences arising with respect to the Series A of December 2009 Bonds. Interest on the Series A of December 2009 Bonds is not exempt from income taxes imposed by the State of Illinois.

The accrual or receipt of interest on the Series A of December 2009 Bonds may otherwise affect the federal income tax liability of the owners of the Series A of December 2009 Bonds. The extent of these other tax consequences will depend upon such owner’s particular tax status and other items of income or deduction. Bond Counsel has expressed no opinion regarding any such consequences. Purchasers of the Series A of December 2009 Bonds, particularly purchasers that are corporations (including S corporations and foreign corporations operating branches in the United States), property or casualty insurance companies, banks, thrifts or other financial institutions, certain recipients of social security or railroad retirement benefits, taxpayers otherwise entitled to claim the earned income credit, or taxpayers who may be deemed to have incurred or continued indebtedness to purchase or carry tax-exempt obligations, should consult their tax advisors as to the tax consequences of purchasing or owning the Series A of December 2009 Bonds.

Backup Withholding

As a result of the enactment of the Tax Increase Prevention and Reconciliation Act of 2005, interest on tax-exempt obligations such as the Series A of December 2009 Bonds is subject to information reporting in a manner similar to interest paid on taxable obligations. Backup withholding may be imposed on payments to any bondholder who fails to provide certain required information including an accurate taxpayer identification number to any person required to collect such information pursuant to Section 6049 of the Code. The new reporting requirement does not in and of itself affect or alter the excludability of interest on the Series A of December 2009 Bonds from gross income for federal income tax purposes or any other federal tax consequence of purchasing, holding or selling tax-exempt obligations.

Changes in Federal Tax Law

From time to time, there are legislative proposals in the Congress and in the states that, if enacted, could alter or amend the federal and state tax matters referred to above or adversely affect the market value of the Series A of December 2009 Bonds. It cannot be predicted whether or in what form any such proposal might be enacted or whether if enacted it would apply to bonds issued prior to enactment. In addition, regulatory actions are from time to time announced or proposed and litigation is threatened or commenced which, if implemented or concluded in a particular manner, could adversely affect the market value of the Series A of December 2009 Bonds. It cannot be predicted whether any such regulatory action will be implemented, how any particular litigation or judicial action will be resolved, or whether the Series A of December 2009 Bonds or the market value thereof would be impacted thereby. Purchasers of the Series A of December 2009 Bonds should consult their tax advisors regarding any pending or proposed legislation, regulatory initiatives or litigation. The opinions expressed by Bond Counsel are based upon existing legislation and regulations as interpreted by relevant judicial and regulatory authorities as of the date of issuance and delivery of the Series A of December 2009 Bonds and Bond Counsel has expressed no opinion as of any date subsequent thereto or with respect to any pending legislation, regulatory initiatives or litigation.

Original Issue Discount

Series A of December 2009 Bonds maturing in any year sold at original issue discount are referred to herein as the "**Discount Bonds.**" The difference between the initial public offering prices of such Discount Bonds and their stated amounts to be paid at maturity constitutes original issue discount treated in the same manner for federal income tax purposes as interest, as described above.

The amount of original issue discount which is treated as having accrued with respect to such Discount Bond is added to the cost basis of the owner in determining, for federal income tax purposes, gain or loss upon disposition of such Discount Bond (including its sale, redemption or payment at maturity). Amounts received upon disposition of such Discount Bond which are attributable to accrued original issue discount will be treated as tax-exempt interest, rather than as taxable gain, for federal income tax purposes.

Original issue discount is treated as compounding semiannually, at a rate determined by reference to the yield to maturity of each individual Discount Bond, on days which are determined by reference to the maturity date of such Discount Bond. The amount treated as original issue discount on such discount Series A of December 2009 Bond for a particular semiannual accrual period is equal to the product of (i) the yield to maturity for such Discount Bond (determined by compounding at the close of each accrual period) and (ii) the amount which would have been the tax basis of such Discount Bond at the beginning of the particular accrual period if held by the original purchaser, less the amount of any interest payable for such Discount Bond during the accrual period. The tax basis is determined by adding to the initial public offering price on such Discount Bond the sum of the amounts which have been treated as original issue discount for such purposes during all prior periods. If such Discount Bond is sold between semiannual compounding dates, original issue discount which would have been accrued for that semiannual compounding period for federal income tax purposes is to be apportioned in equal amounts among the days in such compounding period.

Owners of Discount Bonds should consult their tax advisors with respect to the determination and treatment of original issue discount accrued as of any date and with respect to the state and local tax consequences of owning a Discount Bond.

Original Issue Premium

Series A of December 2009 Bonds maturing in any year sold at original issue premium are referred to herein as the "**Premium Bonds.**" An amount equal to the excess of the issue price of a Premium Bond over its stated redemption price at maturity constitutes premium on such Premium Bond. An initial purchaser of a Premium Bond must amortize any premium over such Premium Bond's term using constant yield principles, based on the purchaser's yield to maturity (or, in the case of Premium Bonds callable prior to their maturity, by amortizing the premium to the call date, based on the purchaser's yield to the call date and giving effect to any call premium). As premium is amortized, the amount of the amortization offsets a corresponding amount of interest for the period and the purchaser's basis in such Premium Bond is reduced by a corresponding amount resulting in an increase in the gain (or decrease in the loss) to be recognized for federal income tax purposes upon a sale or disposition of such Premium Bond prior to its maturity. Even though the purchaser's basis may be reduced, no federal income tax deduction is allowed. Purchasers of the Premium Bonds should consult with their tax advisors with respect to the determination and treatment of premium for federal income tax purposes and with respect to the state and local tax consequences of owning a Premium Bond.

CONTINUING DISCLOSURE

The State will enter into a Continuing Disclosure Undertaking (“**Undertaking**”) for the benefit of the beneficial owners of the Series A of December 2009 Bonds to send certain information annually and to provide notice of certain events to certain information repositories pursuant to the requirements of Section (b) (5) of Rule 15c2-12 (“**Rule**”) adopted by the Securities and Exchange Commission (“**SEC**”) under the Securities Exchange Act of 1934, as amended. See “**APPENDIX F — CONTINUING DISCLOSURE UNDERTAKING**” for a description of the information to be provided annually, the events which will be noticed on an occurrence basis and a summary of other terms of the Undertaking, including termination, amendment and remedies. The State has represented that it is in compliance with each and every undertaking previously entered into by it pursuant to the Rule. A failure by the State to comply with the Undertaking will not constitute a default under the Indenture and beneficial owners of the Series A of December 2009 Bonds are limited to the remedies described in the Undertaking. See “**APPENDIX F — CONTINUING DISCLOSURE UNDERTAKING.**”

CERTAIN LEGAL MATTERS

Legal matters incident to the authorization, issuance and sale of the Series A of December 2009 Bonds are subject to the approving opinion of Kutak Rock LLP, Chicago, Illinois, Bond Counsel. The opinion of Bond Counsel will accompany the delivery of the Series A of December 2009 Bonds and be in substantially the form included in this Official Statement as Appendix B.

RATINGS

The State has applied to Moody’s Investors Service, Inc. (“**Moody’s**”), Standard & Poor’s Ratings Services (“**S&P**”) and Fitch Ratings (“**Fitch**”) for ratings on the Series A of December 2009 Bonds. Ratings from Moody’s, S&P, and Fitch have not yet been received. These ratings, if assigned, will reflect the views of such organizations, and an explanation of the significance of such ratings may be obtained only from the respective rating agency. The ratings on the Series A of December 2009 Bonds were applied for by the State and certain information and materials, some of which are not contained herein, were supplied to Moody’s, S&P and Fitch. The ratings are not a “market” rating nor a recommendation to buy, sell or hold the Series A of December 2009 Bonds and the ratings and the Series A of December 2009 Bonds should be evaluated independently. The ratings, if assigned, are subject to change or withdrawal at any time, and any such change or withdrawal may affect the market price or marketability of the Series A of December 2009 Bonds. The State undertakes no responsibility either to bring to the attention of the owners of the Series A of December 2009 Bonds any proposed change in or withdrawal of such ratings or to oppose any such revision or withdrawal.

CERTAIN INFORMATION REGARDING THE STATE OF ILLINOIS

Economic Data

Illinois is a state of diversified economic strength. Personal income and workforce composition in Illinois are similar to that of the United States as a whole. Measured by per capita personal income, Illinois ranks fourth among the ten most populous states and fourteenth among all states. Illinois ranks third among all states in total cash receipts from crops, second in feed and grain exports, second in soybean and product exports, third in exports of all commodities and ranks among the top states in several measures of manufacturing activity. Chicago serves as the transportation center of the Midwest and the headquarters of many of the nation's major corporations and financial institutions. Table A-1 compares the workforce composition of Illinois to that of the United States as a whole. Table A-2 shows the distribution of Illinois non-agricultural employment by industry sector.

Organization

The State is formally organized according to executive, legislative and judicial functions. The Governor is the chief executive of the State and is generally responsible for the administration of the government exclusive of the offices of other constitutionally-elected officials. The other elected officials of the executive branch include the Lieutenant Governor, the Attorney General, the Secretary of State, the Comptroller and the Treasurer.

The Illinois Constitution provides that all elected officials of the Executive Branch of the State government hold office for four-year terms. Pursuant to the State Constitution, these officials were elected at a general election in November 2006 and took office as of January 8, 2007. The current Governor, Pat Quinn, was elected Lieutenant Governor in such election, took office as Lieutenant Governor on January 8, 2007, and took office as Governor on January 30, 2009, after Rod R. Blagojevich was removed from such office by the State Senate. The next State general election will be held in November 2010.

The legislative power of the State is vested in the General Assembly, which is composed of the Senate and the House of Representatives. Both the Senate and the House of Representatives meet in annual sessions to enact, amend or repeal laws and to adopt appropriation bills.

The judicial branch is composed of the Supreme Court, the Appellate Courts and the Circuit Courts.

APPENDIX B

FORM OF OPINION OF BOND COUNSEL

[Date of Delivery]

State of Illinois
Governor's Office of Management
and Budget
State House
Springfield, Illinois

Ladies and Gentlemen:

We have examined a record of proceedings relating to the issuance of \$_____ aggregate principal amount of Build Illinois Bonds (Sales Tax Revenue Bonds) Series A of December 2009 (the "Bonds") of the State of Illinois (the "State"). The Bonds are direct and limited obligations of the State issued pursuant to the authority of Section 9 of Article IX of the Illinois Constitution of 1970 (the "Constitution") and the Build Illinois Bond Act, 30 Illinois Compiled Statutes 425/1 *et seq.*, as amended (the "Act"), and under and in accordance with a Master Trust Indenture Securing Build Illinois Bonds (Sales Tax Revenue Bonds) dated as of September 15, 1985 (the "Master Indenture"), as amended and supplemented to date, from the State to U.S. Bank National Association, as successor trustee (the "Trustee"), and a Forty Fourth Supplemental Indenture dated as of December 1, 2009 (the "Forty Fourth Supplemental Indenture") from the State to the Trustee. The Master Indenture, as supplemented by the Forty Fourth Supplemental Indenture, is sometimes referred to herein as the "Indenture."

The Bonds are issued and issuable only in fully registered form in the denominations of \$5,000 or any integral multiple thereof. The Bonds are dated December __, 2009. The Bonds mature on June 15 in each of the following years in the respective principal amount set opposite each such year in the following table, and the Bonds maturing in each such year bear interest from their date payable on June 15, 2010 and semiannually thereafter on June 15 and December 15 in each year at the respective rate of interest per annum set forth opposite such year:

<u>Year</u>	<u>Principal Amount</u>	<u>Rate of Interest</u>	<u>Year</u>	<u>Principal Amount</u>	<u>Rate of Interest</u>
2011			2023		
2012			2024		
2013			2025		
2014			2026		
2015			2027		
2016			2028		
2017			2029		
2018			2030		
2019			2031		
2020			2032		
2021			2033		
2022			2034		

The Bonds maturing on or after June 15, 2020 are subject to redemption prior to maturity at the option of the State in such principal amounts and from such maturities as the State shall determine, and by lot within a single maturity, on June 15, 2019 and on any date thereafter, at a redemption price equal to the principal amount of each Bond to be redeemed plus accrued interest to the date of redemption.

The Bonds are "Senior Bonds" as defined and referred to in the Indenture. Under the terms of the Indenture, the State has issued various series of Senior Bonds that are currently outstanding and may authorize and issue additional series of Senior Bonds for the purposes and upon the terms and conditions prescribed in the Indenture. All Senior Bonds are equally entitled to the benefit and security of the Indenture, including the pledge of Revenues (as defined in the Indenture) hereinafter mentioned.

Based upon such examination, we are of the opinion that:

1. The State had and has the right and power under the Constitution and the Act to authorize the Bonds, to enter into the Indenture and to perform its obligations under the Indenture.
2. The Indenture is presently in full force and effect and is binding upon the State in accordance with its terms and is part of the contract of the State with the several owners of the Bonds.
3. The Bonds have been duly authorized and issued, are entitled to the benefits of the Act and the Indenture and are valid and legally binding direct and limited obligations of the State, enforceable in accordance with their terms and payable from the Revenues and the other moneys, securities and funds pledged under the Act and the Indenture. The Bonds are not general obligations of the State and are not secured by a pledge of the full faith and credit of the State. The owners of the Bonds may not require the levy or imposition of any taxes or the application of State revenues or funds for the payment of the Bonds, except as provided in the Act and the Indenture.
4. The Act and the Indenture create a valid pledge constituting a first and prior claim against and charge on the Revenues and an irrevocable, first priority pledge of and lien on moneys on deposit in the Retirement and Interest Fund (as defined in the Indenture) and on the other moneys and securities held or set aside under the Indenture for the benefit and security of the Bonds and any other Senior Bonds, subject to the provisions of the Indenture requiring or permitting the payment, setting apart or application thereof for or to the purposes and on the terms, conditions, priorities and order set forth in or provided under the Indenture.
5. Under existing laws, regulations, rulings and judicial decisions, interest on the Bonds is excludable from gross income for federal income tax purposes, and is not a specific preference item for purposes of the federal alternative minimum tax. The opinion described in the preceding sentence assumes compliance by the Issuer with covenants designed to satisfy the requirements of the Internal Revenue Code of 1986 (the "Code") that must be met subsequent to the issuance of the Bonds. Failure to comply with such requirements could cause interest on the Bonds to be included in gross income for federal income tax purposes retroactive to the date of issuance of the Bonds. The Issuer has covenanted to comply with such requirements. We have expressed no opinion regarding other federal tax consequences arising with respect to the Bonds. Interest on the Bonds is not exempt from income taxes imposed by the State of Illinois.

In rendering the foregoing opinion, we advise you that the enforceability (but not the validity or binding effect) of the Bonds and the Indenture (i) may be limited by any applicable bankruptcy, insolvency or other laws affecting the rights or remedies of creditors generally now or hereafter in effect and (ii) is subject to principles of equity in the event that equitable remedies are sought, either in an action at law or in equity.

Respectfully submitted,

GLOBAL BOOK-ENTRY SYSTEM

The following information concerning the Depository Trust Company, New York, New York, (“DTC”) has been furnished by DTC for use in this Official Statement. The State is not responsible for its accuracy or completeness.

DTC, will act as securities depository for the Series A of December 2009 Bonds. The Series A of December 2009 Bonds will be issued as fully-registered securities registered in the name of Cede & Co. (DTC’s partnership nominee) or such other name as may be requested by an authorized representative of DTC. One fully-registered bond certificate will be issued for each maturity of the Series A of December 2009 Bonds, each in the aggregate principal amount of such maturity, and will be deposited with DTC.

DTC, the world’s largest securities depository, is a limited-purpose trust company organized under the New York Banking Law, a “banking organization” within the meaning of the New York Banking Law, a member of the Federal Reserve System, a “clearing corporation” within the meaning of the New York Uniform Commercial Code, and a “clearing agency” registered pursuant to the provisions of Section 17A of the Securities Exchange Act of 1934. DTC holds and provides asset servicing for over 3.5 million issues of U.S. and non-U.S. equity issues, corporate and municipal debt issues, and money market instruments from over 100 countries that DTC’s participants (“**Direct Participants**”) deposit with DTC. DTC also facilitates the post-trade settlement among Direct Participants of sales and other securities transactions in deposited securities, through electronic computerized book-entry transfers and pledges between Direct Participants’ accounts. This eliminates the need for physical movement of securities certificates. Direct Participants include both U.S. and non-U.S. securities brokers and dealers, banks, trust companies, clearing corporations, and certain other organizations. DTC is a wholly-owned subsidiary of The Depository Trust & Clearing Corporation (“**DTCC**”). DTCC is the holding company for DTC, National Securities Clearing Corporation, and Fixed Income Clearing Corporation all of which are registered clearing agencies. DTC is owned by users of its regulated subsidiaries. Access to the DTC system is also available to others such as both U.S. and non-U.S. securities brokers and dealers, banks, trust companies, and clearing corporations that clear through or maintain a custodial relationship with a Direct Participant, either directly or indirectly (“**Indirect Participants**”). DTC has Standard & Poor’s highest rating: AAA. The DTC Rules applicable to its Participants are on file with the Securities and Exchange Commission. More information about DTC can be found at www.dtcc.com and www.dtc.org.

Purchases of Bonds under the DTC system must be made by or through Direct Participants, which will receive a credit for the Series A of December 2009 Bonds on DTC’s records. The ownership interest of each actual purchaser of each Bond (“**Beneficial Owner**”) is in turn to be recorded on the Direct and Indirect Participants’ records. Beneficial Owners will not receive written confirmation from DTC of their purchase. Beneficial Owners are, however, expected to receive written confirmations providing details of the transaction, as well as periodic statements of their holdings, from the Direct or Indirect Participant through which the Beneficial Owner entered into the transaction. Transfers of ownership interests in the Series A of December 2009 Bonds are to be accomplished by entries made on the books of Direct and Indirect Participants acting on behalf of Beneficial Owners. Beneficial Owners will not receive certificates representing their ownership interests in the Series A of December 2009 Bonds, except in the event that use of the book-entry system for the Series A of December 2009 Bonds is discontinued.

To facilitate subsequent transfers, all Bonds deposited by Direct Participants with DTC are registered in the name of DTC’s partnership nominee, Cede & Co. or such other name as may be requested by an authorized representative of DTC. The deposit of Bonds with DTC and their registration in the name of Cede & Co., or such other DTC nominee, do not effect any change in beneficial ownership. DTC has no knowledge of the actual Beneficial Owners of the Series A of December 2009 Bonds; DTC’s records reflect only the identity of the Direct Participants to whose accounts such Bonds are credited, which may or may not be the Beneficial Owners. The Direct and Indirect Participants will remain responsible for keeping account of their holdings on behalf of their customers.

Conveyance of notices and other communications by DTC to Direct Participants, by Direct Participants to Indirect Participants, and by Direct Participants and Indirect Participants to Beneficial Owners will be governed by arrangements among them, subject to any statutory or regulatory requirements as may be in effect from time to time.

Redemption notices shall be sent to DTC. If less than all of the Series A of December 2009 Bonds within a maturity are being redeemed, DTC's practice is to determine by lot the amount of the interest of each Direct Participant in such maturity to be redeemed.

Neither DTC nor Cede & Co. (nor any other DTC nominee) will consent or vote with respect to Bonds unless authorized by a Direct Participant in accordance with DTC's Procedures. Under its usual procedures, DTC mails an Omnibus Proxy to the State as soon as possible after the record date. The Omnibus Proxy assigns Cede & Co.'s consenting or voting rights to those Direct Participants to whose accounts the Series A of December 2009 Bonds are credited on the record date (identified in a listing attached to the Omnibus Proxy).

Principal and interest payments (including redemption proceeds) on the Series A of December 2009 Bonds will be made to Cede & Co. or such other nominee as may be requested by an authorized representative of DTC. DTC's practice is to credit Direct Participants' accounts, upon DTC's receipt of funds and corresponding detail information from the State or the Trustee, as bond registrar and paying agent for the Series A of December 2009 Bonds ("**Bond Registrar**"), on payable date in accordance with their respective holdings shown on DTC's records. Payments by Participants to Beneficial Owners will be governed by standing instructions and customary practices, as is the case with securities held for the accounts of customers in bearer form or registered in "street name," and will be the responsibility of such Participant and not of DTC, the Bond Registrar, or the State, subject to any statutory or regulatory requirements as may be in effect from time to time. Payment of principal and interest (including redemption proceeds) to Cede & Co. (or such other nominee as may be requested by an authorized representative of DTC) is the responsibility of the State or the Bond Registrar, disbursement of such payments to Direct Participants shall be the responsibility of DTC, and disbursement of such payments to the Beneficial Owners shall be the responsibility of Direct and Indirect Participants.

DTC may discontinue providing its services as securities depository with respect to the Series A of December 2009 Bonds at any time by giving reasonable notice to the State or the Bond Registrar. Under such circumstances, in the event that a successor securities depository is not obtained, Bond certificates are required to be printed and delivered.

The State may decide to discontinue use of the system of book-entry transfers through DTC (or a successor securities depository). In that event, Bond certificates will be printed and delivered.

The information in this Official Statement concerning DTC and DTC's book-entry system has been obtained from sources that the State believes to be reliable, but the State takes no responsibility for the accuracy thereof.
